The Enterprise.

ALTAMONT, N. Y. DEC. 29, 1888.

Troy will celebrate the centennial of her existence early in January.

The board appointed to select a site for a new navy-yard on the Pacific coast will probably choose one on Puget sound.

The schoolmaster is, evidently, needed in Alabama if the report is correct that there are in the state 370,279 persons over ten years old who don't know how to read, and that of these 60,174 are white adults.

The American steamer Haytien Republic recently seived by the Haytien authorities, has been surrendered to the American men-of-war. A like aggressive movement should be made against the Chillian government that would cause them to respect our claim for damage done to U. S. property in their late difficulty with Peru.

Notwithstanding the anarchists of Chicago had obtained an injunction prohibiting the police authorities from interfering with Sunday's meeting, Chief Hubbard would not allow the hall where the meeting was to take place to be opened. A sort of repressive higher law seems to be continually in order when the anarchists are concerned. To permit them to meet means a fresh menace to the public safety.

The most convenient, valuable, and novel business, table, or desk calendar for 1889, is the Columbia Bicycle Calendar and Stand issued by the Pope Mfg. Co., of Boston Mass. The calendar proper is in the form of a pad containing 366 leaves, one for each day in the year to be torn off daily. Besides the month, the days of the month and week, the number of the days of the year passed and to come, are specified; and upon each slip appear quotations pertaining to cycling from leading publications and prominent writers on both sides of the ocean. A departure is made this year in that a portion of the quotations pertain to typewriting and stenography, with occasional reference to the new Becker typewriter made by the Pope Mfg. Co. The information contained on the calendar would, if placed in book type, make a fair sized volume.

Ringing Noises

In the ears, sometimes a roaring buzzing sound are caused by catarrh, that exceedingly disagreeable and very common disease. Loss of smell or hearing also result from catarrh. If you suffer from catarrh try Hood's Sarsaparilla, the peculiar medicine.

Mr. W. S. Swift and Mr. Albert Borst, two prominent individuals of this village, started off in high glee with a double team last Friday morning for the purpose of drawing logs from the premises of Edward Chesebro, Guilderland. Everything went smoothly until they reached the buckwheat lot of Mr. Chesebro, adjacent to the woods, where the logs lay, when suddenly the horses went down as though in quick sand and the the two prominent gentlemen's eyes stuck out in amazement. Between Swift Borst and the horses their was some big floundering amid the ice, muck and water. Finally the team got on their feet and a cable attached to the wagon pole drew the wagon out of the mud. They looked no further for logs, but quickly retreated for Voorheesville singing, "a logging we did go."

In Love with His Wife.

"What can I do to regain my husband's love"? writes Mrs. Carrie R., of Toronto. She adds that seven years ago she was married under the most happy auspices, and until six months since happiness crowned her domestic life; then her husband became distant in his manner toward her, until now he is positively cold. Mrs. R. gives no details, but if she is afflicted with diseases peculiar to women, if her cheeks have lost their bloom, and her eyes their sparkle, it may explain the cause of her complaint. In this event Dr. Pierce's Favorite Prescription will effect a magical change and restore her to health. As a powerful invigorating tonic, Dr. Pierces Favorite Prescription imparts strength to the whole system, and to the womb and its appendages, in particular. For overworked, "worn out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally. "Favorite Prescription" is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

The children of the Sabbath school gave a Christmas entertainment Tuesday evening, consisting of singing, recitations, and speeches. R. Wayne.

Last Friday evening the closing exercises of our district school took place in the church. The children were encouraged by the large audience which greeted them. The recitations, singing and dialogues were gone through with, and the children deserve great credit for the happy manner in which they rendered their parts. They had two trees well loaded with about $15 worth of presents for the Sunday school children, besides many presents from friend to friend. The house was crowded, a number being compelled to stand during the entire evening. The exercises consisted of speaking, recitations and singing. So the bulletins stood at sunset, Dec. 25th. Miller at zero and Stiner at 1 cent for tapping.

THE PROPRIETORS.

CATARRH,

Catarrhal Deafness and Hay Fever.

A NEW HOME TREATMENT.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact and the result is that a simple remedy has been formulated whereby catarrh, catarrhal deafness and hay fever are permanently cured in from one to three simple applications made at home by the patient once in two weeks. N. B.—For catarrhal discharges peculiar to females (whites) this remedy is a specific. A pamphlet explaining this new treatment is sent on receipt of ten cents by A. H. DIXON & SON, 304 West King St., Toronto, Canada.—*Scientific American.*

Sufferers from catarrhal troubles should read the above carefully.

A Woman's Discovery.

"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus write W. C. Hamrick & Co., of Shelby, N. C.—Get a free trial bottle at Davenport & Frederick's drug store.

HEALING

Without Medicine

—AT—

DR. VESCELIUS'S HEALING INSTITUTE,

73 NORTH PEARL STREET,

ALBANY, N. Y.

A lady who was skeptical is now a firm believer in Dr. Vescelius's skill as a Healer. Mrs. Margaret Shafer, from Cobleskill, is visiting friends at No. 5 South Knox street, Albany. Mrs. Shafer has been a great sufferer more than two years from rheumatism, both knees stiff. It was with difficulty she could ascend the stairs; a stiff neck, with excruciating pains, prevented her from moving her head up or down; she was troubled with roaring in her ears and deafness; her eyesight dim. Her friends urged her to place herself under Dr. Vescelius's treatment. She was very skeptial, but finally consented to receive seven treatments. After the first treatment she was greatly benefited, and began to have some faith. The improvement continued with each subsequent treatment, the seven treatments cured her. She says she cannot doubt any longer, as the evidence is too strong. Mrs. Shafer is well known to Cobleskill and Albany, and her sufferings have enlisted the sympathy of her friends but now they rejoice with her at her speedy recovery. As some are skeptical, a few more cases are given. It would require a large volume to give a description of all the cures effected. Miss Louise Sargent, 9 Canal St., Albany, cured of amaurosis; she was nearly blind when she placed herself under Dr. Vescelius's treatment. Mrs. Mary J. Wands, 24 Dove St., Albany, N. Y., cured of liver, stomach, kidney and heart affections. Josiah B. Jones, 49 Second St., Albany, cured of paralysis; three treatments; for twelve hours Mr. Jones could not walk, see or speak, Mrs. Josiah B. Jones, wife of the above, cured of catarrh and general female complaints. Mrs. Zena Babcock, from Chesterville, N. Y., was carried in arms to Dr. Vescelin's office; she had been helpless from rheumatism for years; cured by Dr. Vescelius's in four o five weeks.

His terms are very reasonable. He gives three treatments for $5, or 7 treatments for $10.
