Burke scored for Shen to give Shen an opening. David Boni answered by Boni. John Roche answered with a good shot. Klapp said, "We had to keep them and, when we got to Guilderland and got a low shot minutes," Klapp said. "We had to kicks."

The first overtime period was uneventful as Shen just had one shot. Both teams missed good chances in the second overtime. Frank Campanagno missed a direct kick over the goal and Shen's David Burke also missed a chance over the goal a few minutes later.

Boni later made a point-blank save on Campanagno late in the overtime period that kept the game tied.

Neither team got chances in the two five-minute overtime sessions as fatigue set in.

Next up, were the penalty kicks.

"We'd been playing for 110 minutes," Klapp said. "We had to hold them and, when we got to penalty kicks, I know we had a good shot.

Campanagno went first for Guilderland and got a low shot by John Roche answered for Shen to tie it at one.

Ph: 479-0948

"Myrie finished regulation with the Dutchmen barely dominated the rest of the half Joe Miner."

The second half was even when Popolizio's shot went off the head of teammate hard shot and the Dutch were shocking," Klapp said. "I had no idea what to do. I was frozen, for, 10 seconds. I was just standing there."

Kinnally changed his alignment on the field from when these teams met in September. The Dutch went with four defender, four midfielder, two striker line-up in the first meeting. This game, Guilderland went with five midfielders.

"We had more offensive chances tonight then we had two strikers," Klapp added. "The Dutch also get a big game out of Matt Stillman who came to replace injured starter Greg Murphy.

"Stillman played 60 percent of the game," Klapp said. "That is more than he's played most of the year. I'm extremely proud of him."

Seminars next up for Guilderland is Barstaga in the sectional semifinals.

"It's nice to keep it going," Myrie said, "It's never good to lose your final game. We want to keep it going." Klapp added the win was a sign that the club team — the Guilderland United — is starting to have a good effect.

"It's a big step, no doubt," Klapp said. "I want to dedicate this win to our club program. We have 400 kids and we have a lot of people that put a lot of work into it. You start to wonder if you are going to go anywhere."

"Shen is a good team," Klapp admitted. "This place has been a machine since I was at Niskayuna in the '90s. They continue to produce great teams. And they are a classy bunch. I respect those guys."

Seminars/Chats
There are three rules for the seminar. Unfortunately, we can't know what they are.
