If you feel unsure of your ability to take standardized tests, perhaps you should consider enrolling in the Deucational Skills Workshop (ESW) Mini-Session on Successfully Taking the GRE. The mini-session will begin February 26th and meet Tuesday and Thursday from 3 p.m. to 4 p.m. for five weeks. To sign up for the mini-session, come to ESW in Room 109, Milne Library between 1-4 p.m. or call 5711.

All students can help by using the recycling centers on your floor, or by starting a new one.

This is your chance to pitch in for a worthwhile effort towards a better environment.

Due to the paper shortage, not enough were printed for everyone to receive one. All those that were printed up were filled out.

The results of the survey should be ready by next week. They will be printed in the Lamron and possibly announced over W.G.B.C. Also, Mark Regan, Central Council chairman, will write a "State of the Students" message, also to be printed in the Lamron.

### Dog Licenses

All off-campus students who own or shelter a dog and who have failed to obtain a license for that dog from the Town Clerk's office, face the prospect of receiving a fine of \$10 plus additional costs.

All dog licenses expired on Dec. 31, 1973. Registration deadline for a license was Jan. 1, 1974. Dogs without a license are liable to seizure and, if not redeemed within 3 days in the village or 5 days elsewhere in the state, may be sold or destroyed.

All puppies running at large or when becoming six months of age, must be licensed.

The following fees are charged for the whole or any part of the year:

-For each male or spayed female dog: \$2.35

-For each unspayed female dog: \$5.35

-For redemption of a seized or unlicensed or untagged dog: \$5.00 If license and tag are to be mailed, a self-addressed stamped envelope should be included. Checks should be made payable to the Town Clerk.

The application with correct fee must be presented or mailed to the clerk of the city or town in which the dog is harbored or kept, regardless of the residence of the owner.

A veterinary certificate or an affidavit is required for a spayed female dog, unless one is on file with the clerk.
