

Sign up now to continue telephone service!

Those dormitory residents who desire continuation of telephone service should be aware that the end of the free trial period is next week. Past experience has shown that The Telecommunications Department staff cannot accommodate the many students that line up on the very last day (Friday September 14th). If no one has signed up for service by that date, all service (including incoming) will be disconnected. There will then be connection charges to restore any service. To avoid this inconvenience and expense, each student should go to suite 220 in The Towers early next week with college I.D. to sign up. The office is open from 10 A.M. to 4 P.M.
