

The Evening World's Kiddie Klub Korner

Conducted by Eleanor Schorer
WOODLAND WONDER TALES
By Cousin Eleanor
THE PREDICTION.

Mrs. Porky Pig Did Not Answer.

EDIENT to the wishes of her husband, Mrs. Crow paid her respects to Mrs. Porky Pig. Mrs. Porky Pig scarcely looked up when the glossy black bird appeared on the gatepost of the sty.

"Good morning," said Mrs. Crow cheerily.

"Mrs. Porky Pig did not answer."

"Oh, don't disturb yourself," said Mrs. Crow sarcastically.

"I don't intend to," grunted Mrs. Porky Pig truthfully. "You're a new-comer in the barnyard, I believe."

"My husband and I are to be here for a short stay," Mrs. Crow informed her.

"That would be good if it were true. But you will probably change your mind. You'll hang around here all winter, eating crumbs that fall from the tables of barnyard folk. Then, berries appear, you'll go back to tin pointed in case the prophecy did not come true."

Next Story: Turkey Gobbler's Last Days.

Dear Kiddie Kins:
Next Saturday's Kiddie Klub Korner will be our "Thanksgiving Number." If you have a drawing, poem or story that you would like to have appear in this supplement, send it to me to-day. This is no last call. I should like to have as many Kiddie Klub contributions as possible in the Korner that day. There are only two tents that your offerings will have to pass. First, they must be original. This means that you must not have taken the idea from any other picture, story or poem printed in any other magazine, newspaper or book, and that you must try to get along without help from your elders. Second, the work must be up to Kiddie Klub standard.

Time is growing very short. If you wish to see your work in the Kiddie Klub Saturday Special Feature, it must arrive at the Kiddie Klub office not later than to-morrow. There will be, of course, another Korner on the Tuesday before Thanksgiving, when other Kiddie Klub contributions will appear. But if I were in your place I would send mine immediately in order to have it in the big edition on Saturday.

Yours always,
COUSIN ELEANOR.

A REBUS LETTER.
October Contest.
Award Winner.
Fourteen-Year-Old Class.

"Dear Dora: My train leaves for the Catskill Mountains at 4 o'clock Sunday. I will be at your house before I go."
FANNY.

By HELEN SUGARMAN, Bronx.

NOVEMBER CONTEST.
Subject: "Christmas Time in Our Home."
Ten awards of \$1 each will be given

ONE REASON For the delightful taste and fragrance of FORMOSA OOLONG TEA is that it is baked in the sun and cured over a slow fire.

Instead of "roasting" out the deliciousness by rush machine-methods, this slower, but surer, process seals the good qualities in the tea leaves until liberated in the cup. You will be charmed by the delightful taste of FORMOSA OOLONG TEA. Be sure to ask your grocer for

FOR a light lunch when you are tired or rushed. The malted milk is nourishing food quickly digested, and the chocolate flavor gives it a delicious taste.

Bruises & Strains

By Sloan's

Reduces swelling — starts blood circulating

The pains of strains and sprains are due to congestions. Just quicken the circulation, and the inflammation and pain subside — disappear. Without rubbing, Sloan's penetrates and breaks up the painful congestion.

Sloan's relieves rheumatism, neuralgia, toothache, headache, backache, lumbago, sciatica, and all other pains. Keep it handy!

Sloan's Lintiment—kills pain!

What would you do if there were no Good Shoe Repairman handy

THE SHOEMAKER WHO FOUNDED A RELIGION
George Fox, 1624-91

A man the shoemaker's craft may well be proud of.

Founder of the Society of Friends. A man, according to Mr. Pean, of strong personality, measured utterance, "civil beyond all forms of breeding." Like Paul of Tarsus, a great missionary, visiting Holland, the West Indies, the American colonies, winning universal recognition and respect in his life-work.

rubber heels as between any other quality product and the "run of the market."

U.S. Spring-Step Rubber Heels are made to deliver scientific rubber heel service.

Made by the United States Rubber Company—growers, manufacturers and distributors of rubber and its products—the oldest and largest rubber organization in the world.

Test the U.S. Spring-Step Rubber Heel any way you like. Its appearance—its wear—its comfort on the foot.

It costs you no more than an ordinary rubber heel.

The difference is in the quality standards of the people who make it. Their scientific knowledge of compounding rubber. Their knowledge of how a rubber heel should be made.

And their feeling of obligation to deliver to you the utmost in rubber service.

PEOPLE are so used to taking a pair of shoes to the neighborhood shoe repairman and having them fixed up in a few hours, that they are apt to take the good shoe repairman for granted.

The shoe repairman's art, like every other, is progressing all the time.

In equipment, resources and materials, he is profiting by all the inventions which have made the American shoe the wonder of the civilized world.

Give your shoe repairman full credit for his quality standards when you find him putting a pair of U. S. Spring-Step Rubber Heels on your shoes.

It may be news to you that there is such a thing as science in the making of rubber heels.

But your shoe repairman knows.

There is just as much difference between the U. S. Spring-Step Rubber Heel and ordinary
