BATAVIA, N. Y.
PUBLISHED EVERY EVENING.

Saturday, July 8, 1882.

Batavia is leaving town for any length of time, can have THE DAILY NEWS mailed to them regularly for six cents a week. The address will be changed as often as desired.

BRIEF MENTIONS.

—There will be no services at the Presbyterian church to-morrow.
—Theresa Syndecuse died at her home in Darien on Thursday, aged sixty years.

—A concert will be given in Batavia next week Thursday evening by the choir of the Brick church, Rochester.

—An excellent crayon portrait, the work of Miss Addie M. Lane, is on exhibition in the store window of F. P. Terry.

—The concert of the Brick Church Quartette will be given at the Presbyterian church next Thursday evening.

—Capt Paul Boynton, the champion water man, swims and floats for the edification of Rochesterians to-day and to-morrow.

—Henry Forward, one of the oldest residents of Pembroke, and a well-known citizen, died last night, in the eightieth year of his age.

—Chris Warner, who was thrown from a wagon on the Fourth and injured, is somewhat contented in the possession of an accident insurance policy.

—The Rochester papers do not seem to be very well informed in regard to the movements and intentions of the Johnston Harvester Company.

—The Liver Pad concert and lecture at the park last evening called out a large audience. The musicians, Devere and Base, were the great attractions.

—Nothing was created in vain, observes the Boston Post. The cucumber is bread and butter to the young physician painfully, hungrily struggling into a paying practice.

—Preaching at the M. E. church tomorrow at 11 a. m., and 7:30 p. m. Sermon in the evening by Rev. M. C. Dean of Le Roy, followed by the sacrament of the Lord's supper.

—The young ladies and gentlemen of the Presbyterian church will meet at Mrs. A. H. Chase's Monday evening next, for the purpose of reorganizing the "Great Expectation Society."

—The jury will be drawn at the town clerk's office Monday to decide upon the necessity of opening Pringle avenue. Public opinion is that the street should be opened, if at all, by interested parties.

The Telephone.

The Bell Telephone Company of Buffalo have commenced the construction of a line to connect Lockport and Medina, and have determined to extend the wires from Akron to this village, giving Batavia communication with Buffalo. They have positively decided upon this movement, and it is expected that the line will be in operation inside of two months.

Prominent Topics of Interest.

The Johnston Harvester Company to locate in Batavia, and Hallock's great closing out sale to be continued for a few days. Another reduction in prices has been made by Mr. Hallock to close his Dry Goods business within a short time, and the entire stock is now offered regardless of cost. Ladies are invited to call and make their own prices at the goods must be sold at once.

Important Notice.

R. O. Holden & Son, are making the greatest slaughter ever known in their ready made clothing department. All summer suits for men and boys, are marked down from twenty to thirty per cent. Our summer clothing must be sold to make room for fall goods. Now is your opportunity to get a great bargain.

The West Shore in this County.

The efforts of the people of the village of Pine Hill to have the route of the West Shore railroad in the town of Elba, changed so as to bring the road nearer the village, have not been successful, if reports from trustworthy sources are to be believed. The route as now laid out lies about half a mile south of the village, and it has been the desire of the people of Pine Hill to have it changed so as to make the station more easily accessible. To bring about the desired result, strenuous efforts have been made, and the Elbaites have offered liberal inducements. The company had the desired route surveyed, but a recent report of the engineers was against the change and the company therefore have decided to adhere to the old route.

It is learned further, that there is little probability of any work being done on the route through Genesee county this summer. The company have a great force of men at work along the river and on the division east from Syracuse, but as yet no ground has been broken west of that city, and the indications are that work on this division will be postponed for some time. The company are exerting every effort to have the road in running order from Syracuse to New York by January 1st, and it is not improbable that they will succeed, but that they will run from Buffalo to New York before the last of next year at the earliest, is past belief.

Veterans' Meeting Adjourned.

The meeting of the Veterans of the county called to be held at the Genesee House to-night is adjourned to Tuesday evening at the same place, on account of the citizens' meeting at the Opera House.

Accident in Stafford.

A young man whose name is not learned was unfortunate in Stafford yesterday. He was riding horse back, and when in the vicinity of the Erie depot at Morganville the animal took fright at a passing train and ran up a steep embankment. Losing its footing the horse fell, carrying the rider with it. The young man was underneath and the horse rolled upon him, fracturing his left arm and otherwise injuring him. He was attended by Dr. Tozier.
