WEDNESDAY EVENING, MAY 10.

☞ The foreign news excludes almost every thing else to-day. Its great interest, however, will justify the space we devote to it.

Destructive Fire in Detroit.

MORE THAN FORTY BUILDINGS IN ASHES, AND 300 FAMILIES RENDERED HOUSELESS!—A most destructive fire occurred yesterday at Detroit, and up to 10 o'clock last night, seventy buildings were destroyed. The loss is stated at $200,000, half insured. The Telegraph of last evening, (by H. B. ELY, of Detroit,) furnishes the following which we copy from the *Express* of this morning.

The fire broke out on the Dock in the large yellow warehouse formerly occupied by J. CHESTER, supposed to have caught from a spark from a Propeller. A strong breeze from the south was blowing at the time. The flames spread very rapidly. Everything from the Advertiser buildings on Jefferson Avenue to Congregational Church gone, and down to the River. At least 300 families burned out. Wales Hotel, formerly American, and Barney's Temperance House burned to the ground. *Advertiser* office burned out—buildings greatly damaged—type &c. nearly all saved.

MONEY RECOVERED.—Twenty-seven thousand dollars of the money stolen from the President of the Newark Banking Association and Insurance Company, while crossing in the Ferry Boat from Jersey City to New York, on Wednesday last, was recovered on Saturday and restored to the Bank. It was found in a Coal Basket, in the possession of a colored woman named SARAH STEWART, who made free use of the money.

REED'S BANK.—The Erie, Pa. *Observer* of May 8th, says:—

The only topic of conversation here just now, is the stoppage of the Erie Bank, and the opinions expressed in regard to the ultimate redemption of its notes, are contradicting and various. One thing is pretty *certain*, every thing is in a state of glorious *uncertainty*. Should it not resume, it will be a serious blow to this county. So great has been the confidence of the community in its solvency, that the farmers in selling their produce, have invariably selected its notes, in preference to eastern for laying up. Thus, hardly one that has had produce for the last year or two, but what has it on hand, in sums from $100 to $1,000.

☞ A notice of the marriage of Mr. HUGH VAN DUZEN and MISS SARAH ESTEE appeared in our paper yesterday. We are requested, by one of the parties, to say that no such marriage has taken place.

LOCAL MATTERS.

☞ RECORDER'S COURT.—His Hon. J. G. MASTEN, at the opening of the Court on Monday morning, pronounced the following decisions in causes argued before him at the last term of the Court:

John Cary, plff in error, vs. *James Daly, def't in error.*—Mr. Love for plff in error, Mr. Macomber for def't.—Certiorari to Justice's Court.—Judgment reversed upon some question of form. Recorder expressed regrets that the decisions of the Supreme Court compelled him to reverse this judgment upon a mere formal question.

Earle, def't in error, ads. *Hadley & Parmlee, plffs.*—Macomber and Cook for def't, Thompson and Verplank for plffs.—Motion to quash certiorari because the judge allowing certiorari omitted to sign the jurat to the affidavit upon which it was allowed. It appearing that affidavit was in fact sworn to, motion was denied.

Roby et. al. vs. *Turner.*—Mr. Houghton moved to set aside judgment because it should have been entered up in Supreme Court. Motion denied.

Van Wee, plff, vs. *Brown, def't.*—Houghton for plff, Ford opposed.—Judgment of Justice reversed, because parol evidence of taxation and amount of bill were admitted in evidence instead of the taxed bill.

Manly D. Howard, plff, vs. *Elisha C. Hickox, def't.*—Macomber for plff, Cameron for def't.—Judgment of Justice affirmed.

Crooker vs. *Wheeler.*—Parker for plff, Cook & Daniels for def't.—Motion to set aside report of referee denied.

Lyman vs. *Buck.*—Cook for plff, Love for def't. Motion for leave to enter judgment granted on terms.

Emerson vs. *Wheeler.*—Cook & Daniels for plff, Williams for def't.—Motion to set aside report of referee denied.

Riley vs. *Bragg.*—Sawin & Haven for plff, Austin for def't.—Motion to set aside report of referee denied.

Hubert and Olmsted vs. *Rumsey.*—Stevens for plffs, Ford & Haines for def't.—Motion for leave to vacate judgment denied.

Knowles vs. *Little.*—Mr. Greene for plff, Mr. Cameron for def't.—Judgment of Justice affirmed.

Whitwell vs. *Bates.*—Gross for plff'f, Fohes for def't.—Judgment of Justice affirmed.

Silm Smith vs. *Joseph Fellows*, Mr. Gamson for plaintiff; Mr. Haven for def't—Demurer to declaration.

The declaration alledged that a certain treaty was pending between the Seneca nation of Indians and the United States, to which treaty was annexed a certain schedule by which the plaintiff was to be paid a certain claim made by him for services; that said treaty was submitted to U. S. Senate for confirmation, by whom said schedule was stricken out and the treaty thus amended was sent back to the Seneca nation for ratification; that defendant was interested in the treaty and promised plaintiff if he would consent to the treaty thus amended, he would pay his claim for services. The Court held that the promise was void for want of consideration; that it was not averred that the plaintiff was about to receive his claim and that he waived the receipt of it upon the strength of defendant's promise; but on the contrary it appeared that he was not in the way of receiving it because the permission was stricken out by the U. S. Senate, and he therefore waived nothing.

Nor was it averred that the services were rendered upon request, and a promise to pay for services voluntarily rendered or rendered without request, was a nudum pactum. Nor was it averred that the consent of the plff was or could be of any importance in the ratification of the treaty, and thus beneficial to def't. Judgment was given for def't, with leave to plff to amend.

☞ RECORDER'S COURT.—Hon. JOSEPH G. MASTEN Presiding.—May Term.

Virgil Hillyer vs. *Wm. O. Brown, G. W. Rogers* and *Solomon Parmelee.*—Case adverted to yesterday. Action of Trover. Verdict for plff against Brown and Parmelee of $353 86.

Jacob Winslow vs. *Nathaniel Swift.*—No. 13 on the calendar. This is an action of trover for a yoke of oxen. The defendant and plaintiff both claim title to the same. The trial is now in progress.

The Grand Jury came into Court this morning, and having completed their business, were discharged.

☞ THEATRE.—A goodly number of our Theatre-goers congregated last evening to witness the fine acting of Miss C. WEMYSS. The audience seemed well pleased at her playing. This evening she appears as *Bianca*, in the *Italian Wife.*

☞ BUFFALO TROTTING COURSE.—FIRST DAY.—The beautiful weather of yesterday drew together a great concourse to witness the sport. The match was for a purse of $100, free for all horses, best three in five, to sulkies. Gen. Durham's "Smoke," "St. Lawrence," from Montreal, and "Chautauque Chief," appeared at the call.—"Smoke," in the hands of A. H. Demick, "St. Lawrence" in Charles S. Ellis, and "Chief" in Geo. Metzger's.

FIRST HEAT.—Won by Chief in 2 min. 36 sec.

SECOND HEAT.—A dead heat. Smoke distanced. Time, 2 min. 37 sec.

THIRD HEAT.—Won by St. Lawrence in 2 min. 35 sec.

FOURTH HEAT.—The most closely contested heat of all—a dead heat. Time, 2 min. 35 sec.

FIFTH HEAT.—Chief won by half a length, in 2 min. 38 sec.

SIXTH HEAT.—St. Lawrence withdrawn, and as a consequence Chief won the money.

The whole race excited the most lively interest, and was closely contested. The season opens well.

☞ THE LOST FOUND.—We are pleased to learn that the young lady of Hamburgh, Miss JANE JONES, to whom we alluded yesterday, as having mysteriously disappeared, was found on Monday at her father's residence, having in a fit of mental hallucination secreted herself. She was as well as usual, except for the fasting she had undergone.

☞ It gives us pleasure to publish what we know is real worth, in these days of *Humbug*. It is truly refreshing to be able to say here is an article which though puffed and lauded to the skies, is not praised too highly—is not overrated. In putting forth week after week notices of the Great American Remedy, Vaughn's Vegetable Lithontriptic Mixture, we feel that we are doing the public great service, and the suffering sick will never use this medicine without thanking the man who invented the art of printing. It has restored thouannds all over the world, no matter what the complaint may be, it is the panacea for it. 'Twas only a week since we heard of a case of complicated and truly afflicting female debility, which has been cured by this article, after the lady had used up hundreds of dollars and employed many physicians. Six bottles of this mixture cured her, and she is now a strong healthy woman—six months ago she was completely taken down in spirits and constitution. NEW YORK, May 9—4 P. M.—An arrival at New Orleans brings dates from Vera Cruz to the 22d ult.

Gen. CADWALDER and Mr. TRIST came passengers to New Orleans, and are expected to arrive in Washington soon.

The general impression was that the Court of Inquiry would not adjourn for three weeks, and that Gen. SCOTT would await its adjournment.

The Free American is of the opinion that there is but little prospect of peace.

Gen. KEARNEY has been seriously ill at Vera Cruz, but was convalescent at the latest dates.

The State of Mexico gives her voice for Gen. HERRERA for President.

7 P. M.—William F. Havemeyer took his seat to-day as Mayor of New York. The new board of Aldermen organized by the re-election of Ald. Franklin as President. In the Board of Assistants where there is a tie between the Whigs and Democrats, no permanent organization was affected; that branch broke up in a sort of a row.

An arrival from Philadelphia from the Coast of Africa, brings intelligence that an American Barque—name unknown—had just been sold, the crew set on shore, and captured, with a cargo of slaves. The crew had been subsequently met by a party of Natives, when all except one were murdered. The American vessel, Malaga, of Beverly, Mass., was captured on the 11th of Dec. last, by the British sloop Ferret, with 830 slaves on board, and taken to Sierrae Leone and condemned. The Malaga was under the Brazilian Flag.

Accounts from Buenos Ayres to 12th Feb. seem to be that the joint diplomatic agency of Great Britain and France was about to be felt again in the affair in the River Platte. Some disturbance of no political character had taken place in Mendosa owing to the insubordination of the military chief named Rodreques but there is reason to believe that tranquility has been restored. The restoration of legal order in Curienties has been consumated by reinstation of the Legislature overthrown by the Maddariagas, and the election of the Colonel Virasord as Governor in the room of the late Signor Cabral. —Gen. Fashionable Tailoring. Costuming AND DRAPERY ESTABLISHMENT.

WILLIAM POLE,

Late of New York, and for several years a resident of that city, would respectfully inform the citizens of Buffalo that he has taken the Store

No. 16 Seneca Street,

Where he has opened the

PARIS TAILORING ESTABLISHMENT,

And where he will be prepared to receive the orders of all desirous of procuring articles of Costume. A native of Russia, Mr. POLE has resided for four years at the Capital of that Empire,

ST. PETERSBURGH.

For the seven years previous to his arrival in this country, he carried on the Tailoring business in

LONDON,

and his name and styles are well known to many of the

BEST DRESSERS

in the Emporium of America—from whom he has now on hand orders to be executed in

BUFFALO.

Confining himself to no particular rules of cutting, but suiting his styles to the wants of any who may favor him with their patronage, he will be equally prepared to furnish Garments adapted to the desires and resources of all.

SAMPLES

of the different articles, showing the Cut and Workmanship, will be constantly on view, so that customers will be enabled to decide upon such garments as appear best suited to their taste, from actual observation. Care will be taken to consult the wishes of customers in the minutest respect, and the proprietor flatters himself that his success will be such as to entirely satisfy the desires of the most fastidious.

The proprietor is aware how much the reputation of all professions suffer from the habit of indiscriminate puffing, now so common—and while on the one hand he would scrupulously guard against this practice, on the other he would confidently refer to his previous reputation as a guaranty for the fulfilment of

ANY PROMISES

which he may make. The latest fashions of

PARIS

will be received monthly by the steamers, and the *London and New York*

Styles will be introduced semi-annually.

The terms of the "Paris Tailoring Establishment" will be as low as those of any respectable concern in the

UNITED STATES,

and consequently such as to come within the means of the humblest individual.

TO COUNTRY GENTLEMEN.

Mr. POLE will wait upon gentlemen residing in the neighboring towns and villages, and personally take their measures for garments, which he will warrant fits without the necessity of alteration. This course however, will only be practicable where clubs of several gentlemen express their wish to have him wait upon them in this manner. All articles so ordered will be forwarded by trusty conveyances to their destination, and afforded as low as to residents of the city. sep17 1y

BURR AND WATERS IN THE FIELD AGAIN.—The subscribers in opening their Extensive Bottling Establishment, would inform their Old Customers and the Public Generally, that they are now prepared to fill all orders in their Line of Business, such as Genuine LONDON and PHILADELPHIA PORTER, BROWN STOUT, SCOTCH and AMERICAN ALE. Also a Superior Article of CHAMPAGNE CIDER and Cider Vinegar. Soda or Mineral Waters Syruped, in glass bottles all of the very best quality.
