Is a Powerful Tonic, especially adapted for use in Spring, when the languid and debilitated system needs strength and vitality; it will give vigor to the feeble and strength to the weak, animation to the dejected, activity to the sluggish, rest to the weary, quiet to the nervous, and health to the infirm.

It is a South American plant, which, according to the medical and scientific periodicals of London and Paris, possesses the most powerful tonic properties known to Materia Medica, and is well known in its native country as having wonderful curative qualities, and has been long used as a specific in cases of Impurity of the Blood, Derangement of the Liver and Spleen, Tumors, Dropsy, Poverty of the Blood, Debility, Weakness of the Intestines, and various Urinary Organs.

Dr. Wells' Extract of Jurubera is strengthening and nourishing. Like nutritious food taken into the stomach, it assimilates and imparts to the circulation, giving vigor and health. It regulates the bowels, quiets the nerves, acts directly on the secretory organs, and by its powerful Tonic and restoring effects, produces healthy and vigorous action to the whole system.

THE ATTENTION OF Ironmen, Lumbermen, Jobbers, Farmers, Speculators, &c.,

is called to the following list of good FARMING & TIMBER LANDS, ORE BEDS, &c.,

FOR SALE CHEAP for cash, or on terms or in parcels to suit the buyer. With a few exceptions prices range from 50 cts. to \$5 per acre. These lands were the property of the late Col. Hiram Buck of Essex County, and are now offered at private sale with a view of closing up the Estate. If not sold soon an auction may be resorted to.

The List Includes Several Valuable Iron Ore Mines, Wholly or Partially Developed, and some of the most DESIRABLE and BEST TIMBER LAND IN THE STATE, mostly suitable for Farming purposes when cleared. [For Iron Ore Beds, see Lots 15 and 109, Iron Ore Tract, and 10, Tract west of Road Patent, in Essex County; 24, Fort Ann Tract, Washington County, and many others.]

Table listing land parcels with columns for No. Lot, Acres, and location details across various counties like Albany, Warren, Chatham, Cayuga, Hamilton, Franklin, and Warren.

\* Lot 15 is located in the midst of the Iron regions of Moriah, with Ore Beds on every side, and strong magnetic indications of a large deposit. This mineral interest was for several decades held by Gen. Ross of Essex, and only recently came into our hands. † Lot 109 contains the well known "Black Pond" or "Buck" Ore Bed, 150 tons of which has been recently worked in two forges, producing first class Iron in both cases. ‡ It has been partially developed but the contracting miner died and work has not since been resumed. § 21 adjoins the celebrated mines in Fort Ann, owned and worked by Judge Potter & Co., some openings have been made on this lot and with proper management, an extensive and paying mine would probably be developed. ¶ That there are large deposits of valuable Iron Ore in Hoffman Township is admitted and fully demonstrated by mining operations. The advance of the Adirondack R. R. will shortly render the profitable working of these mines practicable, as we hold the mineral interest of over 1,000 acres in the immediate region the chances are favorable. \*\* Persons assisting to effect sales of any of above lands will receive a reasonable remuneration for services so rendered.
