COON'S GERMAN SALVE, AND Vegetable Pain Extractor, OR UNIVERSAL VEGETABLE PLASTER. FROM the earnest entreaties of friends, the constant increase of demands, and the unequalled celebrity of this Salve, (notwithstanding the multiplicity of the high paper recommendations of various eminent men, who extend the subscriber has at last been induced to go more extensively into the manufacture of this salve and will endeavor to supply the orders and the public generally. It is purely a Vegetable compound, and no poisonous ingredients incorporated in it. It is used as a salve, a strengthening plaster, and as a poultice, as the certificate and recommendations accompanying each box will abundantly testify. It is a cure for rheumatism (in the language of a celebrated physician) the medical world is challenged to produce an article that will more speedily relieve pain and finally cure wounds of any kind. Bruises, Scalds, Inflammation of the Eyes, Throat or Tonils, Bites of dogs or other poisonous animals, Bites, Cuts, Corns, Piles, Phlegmatic Daisies or Milk Leg, Inflammation of Joints, weakness or pain in the back, side or shoulders, obstruction of the liver, cough arising from irritation of throat or lungs, Frost bitten limbs, croup, inflammation or spasm in the breast, swelling of the heart and wind, wounds of any kind, &c. This article is warranted to answer the recommendations, if used according to directions; if not, the money will be returned. It now stands unrivaled as an immediate pain extractor and a healing salve, and is now known without a doubt to be the only article yet discovered that will effectually cure those tormenting pests to mankind known as rheumatism, if treated or used according to the directions. It is also warranted to be the cheapest and the best strengthening plaster now in use, one box saving a dozen plasters of any kind. N. B.
