Cub Scouts Take Trip To Turbog

Washington - Ten new Cub Scout members, with their den leaders, Mr. and Mrs. H. A. Turbog, arrived at Turbog's Fresh Market on Monday night, March 28, ready to take a tour of the store. 

They were greeted by Mrs. Turbog, who said, "Welcome, boys and girls. Let's get started." 

The tour began with a visit to the produce department, where the children were shown various fruits and vegetables. 

Next, they moved to the meat department, where they learned about different meats and how they are prepared. 

Then, they visited the dairy department, where they saw various dairy products such as milk, cheese, and yogurt. 

Finally, they went to the bakery department, where they tasted various baked goods such as cakes, pies, and cookies. 

Mrs. Turbog said, "I hope you enjoyed your tour. Now, let's have some fun in the rest of the store." 

The boys and girls were very excited and said, "Thank you, Mrs. Turbog. We had a great time!" 

Village Board Is Organized

Waddington — The organizational meeting of the Waddington Village Board was held last Thursday evening. The Village Clerk, William R. H. Gilbert, was elected to the position. 

The new board consists of Mayor Francis Burns, Mrs. Margaret M. Healy, and trustees—David R. Pemberton, Mr. and Mrs. Charles Mehaffy. 

The mayor said that there is a need for more efficient service. 

Workmen Laid Off

A covend of workmen employed in the highway department were laid off on Monday, March 28. The mayor said, "We have a lull right now in the highway repair work but we will begin work again as soon as possible to get this program underway." 

Creamery Asks To Close Street

One of the most important things that the meeting Wednesday night was the approval of the Ogdensburg Creamery Company, Inc., for a new dock and wharf. 

The company, which has been in operation for many years, has decided to close the dock because of the high cost of maintenance and the lack of business. 

The company has been experiencing a decline in business due to the competition from the larger creameries in the area. 

The mayor said, "We are very sorry to see the creamery close. But we understand the company's decision and support their efforts to remain competitive." 

The council also discussed the possibility of extending the sewer system to the creamery property. 

The mayor said, "We will look into this matter and make a decision as soon as possible." 

The council also discussed the issue of parking near the creamery. 

The mayor said, "We will look into this matter and make a decision as soon as possible."
