DeKalb Grange Celebrates 50th Year

DEKALB - JUNCTION—DeKalb Junction Grange No. 1481 celebrated its 50th anniversary last Thursday evening with a program named, "50 Years With The Grange."

The program started with an invocation, followed by a reading of the minutes, membership report, and a report on the finances. The program then went on to include a roll call, which was conducted by Alan Urban, professor of education at SUNY Plattsburgh.

The Daughters of the American Revolution, in honor of the occasion, presented a special program of music and poetry. The program was followed by a presentation of the Grange Charter and an address by Grange bugler, Bill Alguire.

A banquet, which was served by the Grange Women, was served at 9:30 p.m., and the program was followed by a dance, which was attended by many of the community.
