

PERHAPS YOU DIDN'T KNOW

(Continued from preceding page)

under the direction of Sergeant Giambro and additional members are desired for the organization. Several instruments, including 2 alto horns, a trumpet and 2 saxophones, are available.

Two suspicious acting men visited Rouses Point Saturday night and after making several purchases in a local store made a hurried departure. In making the purchases at the local store one of them tendered a \$20 gold certificate in payment. In making their hurried exit the strangers left behind a brand new hat and one of them dropped a package containing a number of 2-cent stamps. It was at first thought the men might have been connected with the \$140,000 mail truck robbery last week in Fall River, Mass., although an investigation being made does not bear this out. Postmaster Harold Ashline notified postal authorities of the matter and an investigation is being made.

That Immigration Inspector A. Serydas is on a vacation — That today (Thursday) is the last day you can use your 1934 automobile license plates — That Clinton County bars were allowed to remain open until 3 A. M. today (Thursday) by special permission of the Alcoholic Board — That in selling tickets for the President's Birthday Ball in Champlain, canvassers were told among other things: "Why, we couldn't buy a ticket, we're Republicans," and, when informed that the money would be spent locally for the benefit of crippled children, several parties said, "But, we haven't any children" — That, believe it or not, but James Yale and Ed. Conway, retired immigration inspectors, Rouses Point, have never been inside the new government building in this village — That William Kennedy, Jr., of Champlain, left Rouses Point Tuesday night for New York City where he will study law at Fordham University.

That a petition is being circulated in this section which asks the Canadian Government to show leniency in the case of Pete Colombe, Champlain, who is under arrest in a St. Johns, Que., hospital following a scuffle with officers during which Colombe was shot. The petition, which has been signed by approximately 500 North Country residents, cites the character of Mr. Colombe as being exceptionally good, that he has been punished sufficiently as a result of the injuries received and asks that leniency be shown. Mr. Colombe, who is still in the hospital, is expected to have a hearing in about two weeks. He is charged with illegally transporting alcohol into the Dominion.

ROUSES POINT LOCALS

Charlie Barney, Jr., clerk at the local A. & P. store, is out on the street again after a week's illness with the grippe.

Influenza in a mild form is prevalent in Rouses Point and many children and grown-ups either are, or have been ill. In its present form the disease appears to run about a three day course with the usual grippe symptoms, including chills and a high temperature which subside quickly under treatment. School attendance has been affected to such an extent that from four to a dozen pupils are absent daily in each of the various rooms.

Mrs. Amelia King and Rufus King are back from New York and will open their Rouses Point home within a day or two. At present they are guests of Mr. and Mrs. John R. Myers.

Tutor for Gloria

Mary Kearny Hill (above), member of socially prominent Richmond, Va., family, has been tentatively chosen tutor to Gloria Vanderbilt, recent pawn in a court battle between the 9-year-old girl's mother, Mrs. Reginald Vanderbilt, and Mrs. Harry Payne Whitney, aunt.

"BORDER HAWKS" WILL PLAY PLATTSBURGH "Y" FIVE TOMORROW

The undefeated Champlain "Border Hawks", with sharp-shooting Danny Coonan on the firing line, are billed to tangle with the Plattsburgh Senior Y. M. C. A. team on the Champlain court tomorrow (Friday) night in what promises to be one of the best games of the season. Coonan, who is touted as a second "Joe Eithers", made seven field goals in the recent game against the strong Rouses Point Legion quintet and was the leading scorer in the "Hawks" other contest with the Dannemora State Hospital five.

On Tuesday night of next week the Champlain team plays the Peru Fire Department on the Champlain court. Both games were called for 8 P. M.

H. C. GOODROW VERDICT REINSTATED BY N. Y. STATE APPEALS COURT

The Court of Appeals has unanimously upheld the Appellate Division of the State of New York in reinstating the verdict of \$8,000 returned by a Clinton County jury in favor of Harry C. Goodrow, of Rouses Point, former United States customs officer, in a libel action against the New York Times.

When the case was tried last spring before Judge O. Byron Brewster in Supreme Court at Plattsburgh the jury brought in a verdict of \$8,000 in favor of Mr. Goodrow and attorneys for the New York newspaper asked that the amount be reduced on the grounds that it was excessive. Judge Brewster stated that he would grant the motion unless the plaintiff and his attorneys would agree to accept \$1,000 in settlement. This they refused to do and an appeal was taken by O'Connell Brothers, who represented Mr. Goodrow, to the Appellate Division, which reinstated the original \$8,000, after which the Times took the case to the Court of Appeals.

U. S. CIVIL SERVICE COMMISSION WARNS AGAINST MISLEADING INFORMATION

The United States Civil Service Commission says that numerous letters received at its office from different parts of the country indicate that misleading information is being given to the public by agents of some of the correspondence schools which give instruction in preparation for civil service examinations.

To guard against the loss of money paid for tuition of this kind the Civil Service Commission informs the public as follows:

No one can promise appointments to positions for which the United States Civil Service Commission holds examinations. The claim that such assurance can be given brands the person making it as a fraud.

Information regarding examinations for the United States Civil Service may be obtained from the boards of United States Civil Service Examiners. There is such a board in each community which has a postoffice of the first or the second class. In nearly all cities the civil service board is located at the postoffice.

Before paying money for tuition, or signing a contract, it is advisable to make inquiry concerning the prospect of examinations. There is reason to believe that agents of some schools deceive the public is to the probability of early examinations.

No school has advance information regarding the need for employees or the probability of examinations.
