

LOCALS.

—The umpiring in yesterday's game we will leave the clubs to talk over.

—The latest reports to us say, that Ennis is far ahead in the walking match.

—Don't fail to attend the delightful excursion to Cleveland, on Lake Erie. See advertisement.

—Our reporter had the extreme pleasure of witnessing the ball game of yesterday, under a heat of 107°. It was indeed a rare treat.

—As our Telegrams were crowded out of yesterday's number, we present them in to-days (inside). When locals are plenty we intend crowding out Telegrams for the benefit of our readers, thinking they prefer i so.

—A man in M. B. Adam's store last night, was taken very suddenly with a fit, they had laid him on the counter and was tenderly caring for him when Mrs. Johnson came in for a pound of tea, and asked if it was a *counterfeit*.

—The Cayuga County Agricultural Society have awarded a diploma to the Batavia Steam Engine Company for the Monitor Engine exhibited by them at the Exhibition and Fair, held June 18, 19 and 20, 1878.

—Our correspondents will please take particular pains in writing their communications as plainly as possible, for we have difficulty in reading them. And please make them as short as possible, with the facts condensed. We shall have to ask the favor of re-writing any communication, unless it be a private letter.

John D. Mitchell, a pipeman of the steamer "Dennis" was instantly killed on Thursday, while wetting down the walls of the Red Jacket Hotel, at Buffalo. Several other firemen narrowly escaped being crushed by the walls of the burning building. He was an old member of the Police Force, and has been twenty years a fireman. He had in his possession many badges for his heroic deeds and brave acts as a fireman.

Successful Operation.

On Thursday Dr. Davidson, of this place, amputated a leg from the person of Mr. Brown, an inmate of the County House. He was assisted by Dr. Croft of Bethany and Rogers of Pavilion. The operation was very successfully performed. The limb was taken off just above the knee. He is doing well at present.

Exchanges.

—"Corvella left off the 'Signor' when he went to Attica with his slack rope performance. The Argus says he comes well recommended from Batavia and Le Roy"—*Batavia News*. That was the voice of the wonderful Covella, at the rate of ten cents per line; but we were ready to take it all back and refund the money, after we saw him grace-

fully seated in his little swing crying out, "Mister, give me one more penny and see me swing." His tight rope performance was abandoned.—*Attica Argus*.

He didn't even pay us for our glorious old puff.

—The DAILY NEWS of Batavia, is a lively little sheet.—*Attica News*.

Neighboring Places.

—Courtney will probably row at Silver Lake this year.

—The "Johnson Grays," of Hornellsville, are in camp at Seneca Point.

—Mr. Sexton, at Silver Lake, intends putting up new bath houses. It would be a good thing and no better spot could be chosen.

—The Ennis-Guyon walk continues to draw large crowds to the rink. Both men are pressing on at a rapid pace, and are in excellent physical condition. Ennis leads by twenty-five miles.

—Rescue Engine Co. No. 1, brought out their Engine for work and inspection on Saturday last. The large cistern in the cellar of the St. James building, one hundred and fifty barrels of water, was pumped dry in a few moments. The engine was then taken to the bridge and to the Western Hotel, where it did some fine work—she threw a good stream, and the water can be taken 50 feet above any building in town. Foreman Fay had charge of the job and handled his men nicely. The members took to the brakes like veterans, they are a fine lot of young men, and will make good firemen. Everybody voted that Rescue Engine Company was a success.—*Attica News*.

If we are not mistaken, this is the Engine sold by the corporation of Batavia. We have seen the time when "Old Number 1," did some magnificent work in our streets.

Yesterday's Game.

At about 3 o'clock yesterday afternoon a "scrub" nine left this city for the purpose of having a little sport on the "diamond" with the Caryville boys. They arrived there about 4 o'clock, and as nobody met the boys, it took a long time to find where the celebrated field was, where the contest was to be had. After a time the boys found it, however, and proceeded to the spot. They were greeted with yells from the crowd of small boys that generally congregate at such a place, and after waiting about an hour and a half for the Caryville boys to get their nine, the game began with Tom Agar as Umpire.

The Batavia club was comprised of about one half of their regular nine, as is usually the case, and every boy had his little word to put in. The Cary's had a very strong set of boys, and they played well. The Batavia's did some very fine batting, nearly every time, sending the ball out of the field and over the fence. A representative from our office made the best bat during the game. McDonald and Loomis also made some famous hits, Mr. Donoghue badly sprained his ankle

in the fifth innings, but on removing his shoes, he managed to steal three bases pretty lively, and made his score. It was a terrible accident. Mulligan of the third base had a ball part his hair in the middle, and strike ham on the head. He soon recovered however. As Skelley, the catcher, was coming from first base home, he was struck in the back of the head with a ball. It is only a wonder that the boy was not knocked senseless. Mr. Skelley stood behind the bat till his hands were puffed out of shape, but he did not give up, till the game was finished.

Peck's throwing was excellent and the Caryvilles found it difficult to strike him. The best play on the part of the Caryvilles was made by Davis, who took a hot liner and made a double play. Their catcher had bad luck with his pantaloons ripping. As fast as one side was sewed the other would rip and a good deal of amusement was afforded. The game at the finish stood 17 to 18 in Batavia's favor. It was a gala day for Caryville and the observatory in the Seminary was crowded with spectators. The grounds, like the game, was the worst we have seen in a long time, as far as "muffing" wild throwing is concerned. There were fences on all sides and it was decided that anyone knocking a ball over a fence would only be entitled to one base. This was a poor thing for Batavia; for nearly every bat made would have given three bases. When the return is played we hope the boys will have their regular nine. Had we the time this would have been written in better shape.
