There's a rumor going around that we give loans to almost everybody. Well, we like that rumor.

We want people to borrow money from us. After all, that's what we're in business for.

So if you need money to buy a car, to take a vacation, or to buy anything you want to buy, call us Monday to Friday from 9 A.M. to 5 P.M. Or come into any one of our branches. We have 83 branches in New York and Long Island.

And we'll give you a loan as fast as possible.

You'll get it in 2 hours if you've ever borrowed from us before. 5 hours if you've never borrowed from us.

In fact it'll probably be the fastest getting of a loan in "loan getting history."

About the rumor. Like all rumors there's some truth to it.
