

## REP'S SPORTS CORNER

**Greenwich 26 - Schuylerville 12**  
The Witches were completely "up" for this game against Schuylerville and the large turnout certainly helped them morally. They had just come off two games in which their offenses had been shaken. A close victory over Granville, an O tie with Stillwater, and bang three fumbles on the first three plays. Was this game to be a repeat of the last two?

Then Greenwich got a break and recovered on Schuylerville's goal line. The opening was there and the Witches took the advantage of it and scored a touchdown. This was the big lift they needed and they went on to this lopsided victory.

The Witches led at half-time by a score of 19-6 and completely dominated second-half action as Coach Jackson substituted freely.

This was a hard fought game and all the players on both teams knew they had been in a game.

Greenwich's offense was terrific at times as Billy Smith, Ernie Weir and Kenny Woodard took turns reeling off the yardage. Quite a few in-motion

penalties held back the Witches at times, but when the offense sputtered, then the defense took over and this defense was superb. Simon is terrific as a defensive linebacker and he just loves to hit those backs trying to get through.

Schuylerville refused to give in even though they were behind 20 points in the last quarter. They got their second touchdown just minutes before the end of the game and then Simon almost got an equalizing six points on the last play of the game.

This Saturday closes out the season as the locals travel to Cambridge for the last game. Four buses will be leaving and many others will be traveling by cars. A victory over Cambridge would mean another league championship for Greenwich. Cambridge has only won one game this year as they defeated St. Peter's last Friday.

The mothers and fathers of the players are throwing the annual football banquet on Sunday. It would certainly be fitting to celebrate the banquet as champs.

## Don't tell Mr. Jackson but we've been brushing his teeth since Christmas.

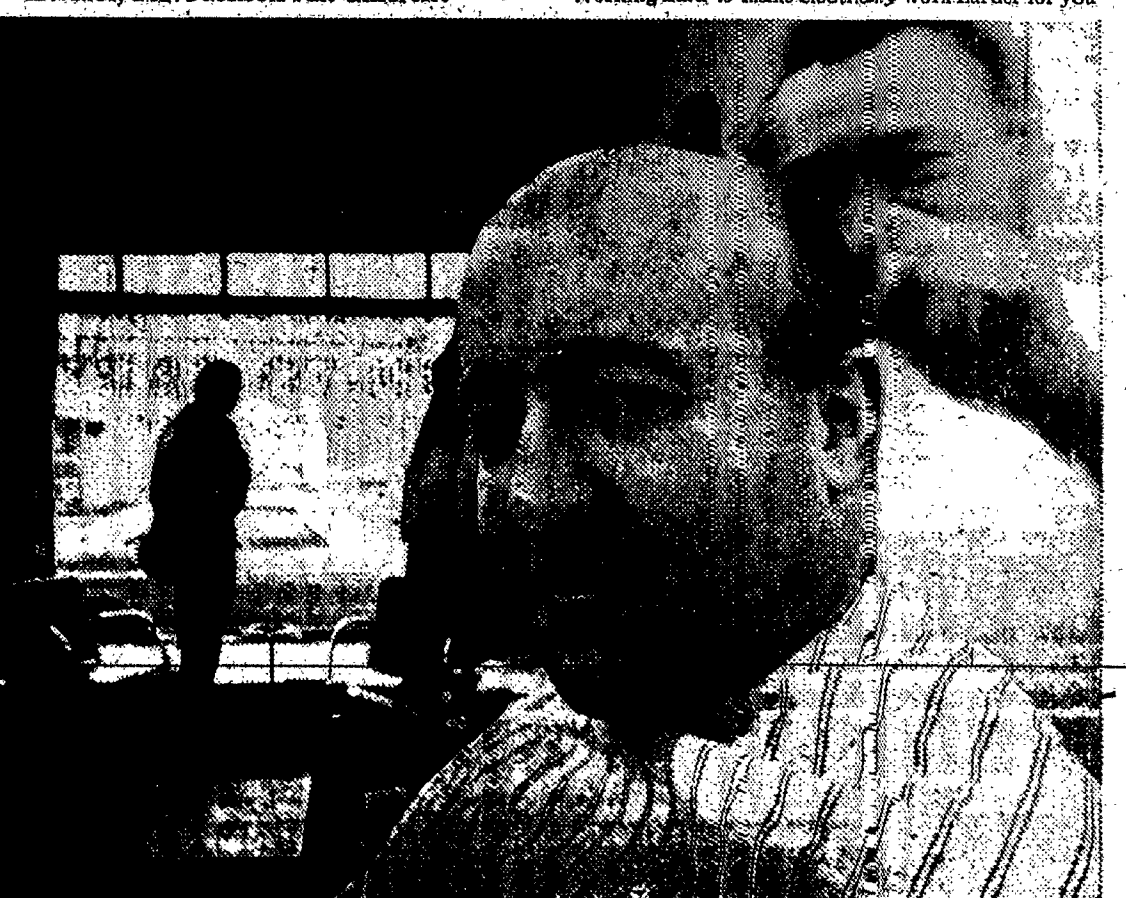

He's spent 34 perfectly happy years convinced that he brushes them himself. Then his wife gave him an electric toothbrush for Christmas. And he still thinks he brushes them himself. Why spoil it. Why let him know that we've also been shaving his beard, shining his shoes, pressing his pants, cooking his steaks and helping his pretty wife around the house. A man's got to have his pride.

from anyone else. Nobody ever thinks about electricity, let alone about us. Such is a power company's lot in life. It makes us kind of proud to be doing such a good job.

But there is one thing we'd like to tell Mr. Jackson: We take it as a compliment when he takes us for granted.
