This kitchen "grew" in a bank book This gleaming, modern kitchen began as an IDEA in the mind of a home-maker. It didn't really begin to take form, though, until somebody DID something about it! What was done was to open a savings account with the specific objective of turning this idea into a reality. With each regularly-scheduled deposit (plus interest) the totals kept growing. The kitchen, too, "grew up" . . . from just an idea to the real thing! FIRST NATIONAL BANK of Greenwich, N. Y. Locally Owned Open Friday Evening 5-8
