Ross denied ACS tenure

The Argyle board of education held a hearing to consider a grievance petition filed by Michael Ross, former physical education teacher at the school, who has been denied tenure by the board.

Mr. Ross was represented by his attorney, Martin Leukhardt of the New York State United Teachers, who pointed out that the board's refusal to give the reasons why Mr. Ross was denied tenure is making it difficult for him to find employment. He further stated that Mr. Ross's personal file did not indicate any serious deficiencies and that during his three years of employment he had not been told of any inadequacies.

Donald Evans, president of the Argyle Teachers' association also spoke

about the teachers' concern over the matter, and a personal friend of Mr. Ross's spoke on his behalf.

The hearing was adjourned and the board considered the matter in executive session after which they denied the petition.
