The Palladium

MONDAY, JUNE 9, 1890.

THE BARKLEY QUESTION.

The Palladium is having another "upset" because the PALLADIUM announced that the State Senator George B. Barkley had gone to Washington to oppose the passage of the McKinley bill in its present shape.

Another prominent Republican politician who was present at the hearing was ex-Assistant Sec. F. W. Claiborne of Oswego. For four or five years he has been making a name for himself as a politician.

THE KNIGHTS.

The Knights of Labor of Oswego have taken an active part in the McKinley bill. It is understood that they had employed men along the wharves in Oswego to handle the bill.

In a movement by which Oswego's progress has been retarded at the United States Senate. It is not too late. A great mass meeting should be held and appropriate resolutions adopted.

If the laboring men of Oswego desire to protect their interests and help Oswego they should say so in the most emphatic way—and that way is through a big mass meeting.

OSWEGO AND THE MCKINLEY BILL.

A paper in this city's blistering and whining like a boy sick with the colic because the PALLADIUM has been telling the people how the McKinley bill will injure Oswego's commercial interests.

THE OSWEGO FALLS MILLS. The most important news item of Saturday was the announcement made by the PALLADIUM, of the sale of the Oswego Falls property.

The bill provides for the purchase of \$4,000,000 worth of silver coin with the principal change from the current bill is that, instead of making the silver coin a legal tender, except when otherwise expressly stipulated, the bill will provide that the proposed purchase of the mint will be completed and the coin will be put into circulation.

The bill provides for three separate boards of the mint for the purpose of examining the bills. The first board will be composed of the Secretary of the Treasury, the Secretary of the State, and the Secretary of the Interior.

Mr. Flower and Mr. Belden. The Committee on Finance of the House of Representatives has reported to the House a bill to amend the act relating to the mint.

A Catholic convent in Jersey City has been reported to have been burned down. There was a double funeral in Jersey City, but the Bishop of the diocese intervened and the authority of the United States was not further delayed.

There is great rejoicing in the New York State office now that Gov. Hill has signed the bill giving \$30,000 a year salary to the Chief Justice, \$20,000 to each Deputy and \$10,000 to each Associate Deputy.
