WHITE PLAINS CITY CHARTER PASSES ASSEMBLY

Albany, N. Y., Tuesday.—Assemblyman Floyd D. Hopkins' bill creating the "City of White Plains" was passed by the Assembly Monday night.

The bill by Mr. Hopkins was adopted without opposition and the vote was 130 to 0.

The charter now goes to the Senate, where Senator Healy has been letting his bill on the city charter for White Plains slumber in the Cities Committee.

The Legislature will probably adjourn Friday, but Senator Healy has ample time in which to pass the bill in the Senate, if he gives it his attention.

The fact that the bill passed the Assembly without a single vote being recorded against it is a source of gratification to those who stand sponsor for the bill because of the effect it may have on the Senate.

There has been little doubt but that the bill would pass the Assembly which has a Republican majority, but the fact that it was passed without opposition means much.

The real troubles of the city charter bill are said to await it in the Senate which has a Democratic majority, and where the few Democrats from White Plains, who have appeared in opposition to the bill, have concentrated their endeavors.

Whether or not Senator Healy feels that he can afford to listen to his political henchmen rather than support a bill that means so much to the many thousands of people in White Plains will only be determined by his attitude toward the bill between now and the time the Legislature adjourns.

JOHN MILES SELLS HANDSOME HOME.

Carrying out his plans to prepare for his coming trip abroad, John Miles has sold his handsome home in Old Mamaroneck Road to a White Plains man whose name is withheld. The purchaser bought the place as a residence for himself and family and not for speculation.

There is an acre of ground included in the sale and the whole place is one of many fine estates in Old Mamaroneck Road just outside of the White Plains village line.

Mr. Miles developed much of the property in that section. He took over unimproved farm lands, knowing that a great future awaited the village and the adjacent territory and his own residence is one of several that he erected in the vicinity of Old Mamaroneck Road and Bolton avenue.

The property he sold recently, which included many acres of handsome building sites on Soundview avenue, Old Mamaroneck Road and Cledney Way is just beyond the place where is located the property sold last week. The purchaser of the Miles residence will take title within the next ten days.

With feelings of poignant grief, the parishioners of St. Joseph's Church, Croton Falls, listened last Sunday to the valedictory of their beloved pastor, Father Duffy. The heart-felt sorrow was mutual. After notifying his devoted flock of his transfer to St. Raphael's, New York City he was so overcome by the thought of separation that he was unable to proceed with the conclusion of his address in deepest sadness he turned away letting silence speak more eloquently than words. He had labored for over eleven years with the people of St. Joseph's and the outlying missions, a zealous, faithful holy priest, the friend of the poor, afflicted and oppressed, he carries away with him the veneration and esteem of all classes. That God may bless him and prosper his works is the earnest, fervent prayer of the people he leaves behind.

Father Duffy was ordained priest about twenty-four years ago in St. Joseph's Seminary, at Troy, N. Y.

His first assignment was to St. Joseph's Church, 125th street, New York City. Other subsequent appointments were St. Mary's, Poughkeepsie, St. Cecilia's, St. Raymond's and St. Paul's, New York City. SOUND PROVIDED WITH NEW SEAL.

The official seal of the corporation of London was formally "broken" recently and a new one substituted. The old one had been in constant use for 632 years. It had only one predecessor, which was destroyed in 1381, because it was "too small, rude and ancient." The seal, which was used for the last time on the 1st, was of silver, about the size of a dollar. It is much worn and blurred. It probably was used 1,500 times annually, or 786,000 times altogether.

Dangers in Rare Beefsteak.

You may like your beefsteak rare, but there is danger in eating any meat not well cooked. Meselas in cows leave boxed-up parasites in the bovine flesh. You do not notice them with the naked eye, but they are there, and if they are not killed by thorough cooking they will cause tapeworms in the digestive organization of the human system, and then follow associated diseases and discomforts.

The admiration and respect of those with whom he came in contact and deservedly so, for his chief ambition ever was to follow in the footsteps of the Master.

Leaflet from the Diary of a Real Estate Agent of Brooklyn, N. Y., 1862 to 1906, now a resident of Cross River N. Y.

I had many realty speculations with a realty speculator who understood when to purchase and when to sell and usually did very well. His realty deals. I sold him considerable property from time to time. I offered him a home which I had for sale and which the owner was very anxious to dispose of at \$5,000 and the offer of \$3,500 was made by my speculator friend. I wrote to the owner, who lived in New Jersey and he did not reply. One month elapsed and then the owner communicated with me and wanted to know if I could sell at the offer I made, which he informed me he would accept if all cash was paid, the house being free and clear. The speculator held off trying to obtain a loan on the house, but could not arrange to his satisfaction. He then told me if I could obtain a loan of \$2,500 on the property, he would make the deal by purchasing and give me \$500 for my trouble. It was a big loan, but I finally obtained it, as it was accepted by a Lawyer to whom I applied who was anxious to put out that amount. I sold the house twice and cleaned up \$750—the second time for \$3,000 for my friendly speculator, who was generous enough to pay me handsomely for my quick deals in his behalf. The two transactions took about three months in closing.
