FARMERS MUST SHOW INCREASE IN PRODUCTION

The local Dairyman's League at Malone has been busy in making preparations to proceed with plans to increase the output of milk in the district. The purpose of the League is to foster and encourage the dairyman to increase the production of milk and to improve the quality of the milk produced as well. The League's activities include providing education and training for dairy producers, encouraging the use of modern farming practices, and advocating for better working conditions for dairy farmers.

MUCH INTEREST SHOWN IN PRODUCTION

The interest shown in the increased production of milk has been significant. Many dairy farmers have expressed enthusiasm about the prospects of increasing their output and improving the quality of their milk. The League has been receiving positive feedback from the dairy farmers in the district, indicating that they are committed to increasing their production and improving the quality of their milk.
