For Lowerville and Carthage at 9:10 A. M. & 4:10 P. M.
For Copenhagen and Lowerville 9:10 A. M.

C. GLORDON, AGENT.

—Gold, 111¾.

—Winter still lingers in the lap of Spring.

—Good Templars to-night at Adams.

—No connection at Rome this morning, owing to a hard wind yesterday, doing some damage along the Central.

—Mr. Tucker, of Cape Vincent, has had the misfortune of having a cancer on his nose. He has been absent receiving treatment, and this morning returned home, apparently in great pain.

—An Oswego paper says:—Immense numbers of crow shave been noticed flying over the city the past two days. Probably an omen bearing in some way on the 15th amendment.

We trust these crows did not create so great a sensation in Oswego as some of their kind did in Watertown a short time since.

—Three Mile Bay is going into the ship building business again this season, which will add enterprise and prosperity to the village. Asa Wilcox and Jacob Putman are already preparing to build a large vessel.

—An excursion party over the Pacific Railroad to California, is made up from Oswego and Fulton, is also talked of for the coming summer.

—Send to any retailing merchant office in Boston.

"My price is two dollars a week for Beacon street or Commonwealth avenue, and four dollars for Columbus avenue or Tremont street," said agent.

"Why this distinction?" enquired the applicant.

"Because one has everything under lock and key, and the other don't, was the reply.

—No train from Cape Vincent this morning. It was reported snowed in somewhere.

—Mr. Mosher of Directory notoriety, left this morning for Providence, having disposed of his stock of Watertown Directories. He is to be connected with Andrius' great Panorama, when it opens in Providence under the management of W. S. Webb. They expect to visit this city at some not far distant day.

—Owing to the great throng of people that are daily visiting Dr. Vesceliu' rooms at the Kirby House, he has concluded to remain another week. This will be his last visit for a number of weeks, and those who wish to become better by his care and treatment, will do well to call as early as possible. This is the Doctor's third week—a much longer time than he generally makes his visits, which is evidence that he is doing much good and performing many wonderful cures.

—The Good Templars of Watertown take an excursion to visit Adams Lodge this evening. Extra cars are chartered, and all members in regular standing are invited to go. The train will leave the upper depot at 5 30, and the Junction at 5:45. Members should be prompt, and must take the Good Templar's car, or they will be obliged to pay fare. No tickets need be procured, as Good Templars go in the extra car free.

—The temperance lecture Sunday afternoon at Washington Hall, by Rev. D. Kinney, did not draw out as many people as could have been comfortably seated in the hall. This lack of patronage was probably owing to the bad condition of the walks, which at the time were covered with snow and water. Mr. Kinney spoke an hour and a quarter, and like all temperance lecturers, told many truths, bearing upon the great cause he so firmly advocated. He was greatly in favor of striking the matter where it would result in some great good. Correct legislation *could* bring the liquor selling system to an end, and at some day not far hence, he believed, it would be brought about, as the temperance cause actually had more friends than people generally were aware of. Mr. K. is a very earnest man. All he says, is said feelingly and earnestly. We trust that he may come again, and be greeted by a well filled house; for we are quite sure such lectures do the people as much good as those that are more popular and expensive.

☞ DANCING CLASS, WASHINGTON HALL.—Mr. Fanning will give another course of lessons; all wishing to join will please at tend on Tuesday at 4½ p. m. Lessons given after school hours, so as not to interfere with other studies.

Those Slide Fasteners.

WATERTOWN, March 23, 1870.

MESSRS. HOLBROOK & YORK:

Dear Sirs: My attention having of late been called to the Holbrook inside window blind opener, shutter and fastener, I wish to add my influence towards introducing the same and will in my drawings specify them believing them to be the simplest and best devise ever invented for the purpose. The simplicity and ready application of the same makes it, in my estimation of great value. Wishing you success, I remain

Truly Yours,
JOHN HOBE,
Architect.

☞ DEPAUVILLE.—This village is situated in the South central portion of the town of Clayton, in the midst of a rich farming country, and is six miles distant from the nearest of the neighboring villages. It is at the junction of a large number of the principal roads, in this part of the county, and consequently, in a business point of view, very favorably located. A stranger would be surprised at the number of people he would see, and the amount of business done here in a day. We know of no village in this county, of its size, which will surpass it in this respect. Depauville is six miles from a railroad depot, and, as a consequence, the freight of its trading people has to be hauled by teams this distance. What they lose in this way seems to be made up to them, from this very circumstance of their being thus remote from a railroad, that much of the trade is retained, which immediate proximity to one might take from them. All these circumstances combine to make this a smart and thriving village.

Messrs. Ormsby & Terry have been doing business at this place, in the Dry Goods line, for some eight years. The uprightness and fair dealing of this deservedly popular firm have secured to them a large patronage and the entire confidence of the trading public. They are wide awake business men always pleasant and accomodating, well posted in all matters pertaining to their trade, and are well worthy the success they have achieved.

They know how and when to buy, and are enabled to offer a superior quality of goods, at prices that cannot fail to please their customers. Give them a call.

Seeber & Frame, having recently repaired and put their Grist Mill in perfect order, are prepared to do all kinds of custom grinding, and are manufacturing the best brands of Family Flour. We were informed by Mr. Seeber, that during the busy season they average four hundred bushels per day, for at least two or three weeks. Messrs. Seeber & Frame are men of commendable energy and enterprise, and we are glad to know that they are appreciated.

George Greenleaf Esq., dealer in Stoves, Tin Ware &c., keeps a good assortment of goods on hand, and manufactures to order.

Mr. Greenleaf is a young man of education and first class business talents. His manufactured goods are made upon honor, and he proposes to sell as low as any hardware store in the county. He is doing a snug business. Those wanting anything in his line can not do better than to give him a call.

☞ LAWRENCE HALL MUSIC STORE.—The firm of J. H. Janne & Co. is this day dissolved by mutual consent of all parties concerned. All accounts with the firm will be settled by J. H. Janne. Thankful for the liberal patronage of the public for the last three years I hope to be able to sustain the increasing trade which the firm has heretofore enjoyed. J. H. JANNE.

THE EUMELAN GRAPE.

This is the earliest, hardiest and best table grape in existence for Northern New York. It is now an established fact, that in a large number of places between the Atlantic and Mississippi, where the Catawba has been grown and fruited, it is acknowledged to be the most promising of all the varieties introduced. It does not rot or mildew, and is the only grape of first quality that will grow well and fully mature its fruit in our cold climate. Price from $1 to $5. Send stamp for circular.

☞ Other rare Grapes sold. Also, Order Book at Thompson's Grocery, Washington Hall Block.

Orders received now, by mail. Grapes delivered here, or forwarded by express about the 1st of May.

D. S. MARVIN, Agent, Watertown, N.Y.
March 8 d&w2w6t

BY TELEGRAPH.

THIS MORNING'S REPORT

NEW YORK 28

Tribune's Washington special contains the following important action in reference to the legality of the legal tender act, will soon be taken in the Supreme Court, and it is more than probable that the recent decision of the court will be reversed, although of this nothing can be known. Attorney General Hoar, on Friday, moved the court to take up and consider at an early day two cases which had been passed early in the session, and which were supposed to involve the entire legal tender question.

It is understood that upon the opening of the court this morning, the Chief Justice will announce that the cases will be heard on the following Monday.

The cases are appeals from the Court of Claims, which were passed early in the session, without prejudice to their right to be called at any time. The decision will not be reached for several weeks.

Attorney General Hoar will argue the case for the U. S.

The decision promulgated some time ago requiring all debts and contracts made previous to February, 1862, was signed by Chief Justice Chase and Associate Justices Nelson, Clifford, Fields, and Grier. The last named has since retired.

The dissenting opinion was since signed by Associate Justices Miller, Davis, and Swayne.

If the cases involve the same questions embraced in the one already decided, it is presumed that the Court will stand: Chase, Nelson, Clifford, and Fields, against Miller, Davis, Swayne, Strong and Bradley.

Trustworthy information has been communicated to the President to the effect that the Virginia Legislature is preparing to abrogate its ratification of the 15th amendment to the Constition, by a *coup de main*, and that the members intend to rush the repeal through both Houses the same day without notice and without debate.

The President declares that he intends to issue the proclamation announcing the adoption of the amendment as soon as Texas is admitted, and that he will not wait for the admission of Georgia.

NEW YORK, 28

Undoubted information has been received that leaves to question of the personal safety of Collector Bailey, of the thirty-second district. Gen. Pleasonton, the present collector, has received a letter from Bailey without date or post mark, in which the writer expresses his gratification at Gen. Pleasonton's appointment, of which he was advised by the New York papers.

He also requested the present collector to retain as many of his old subordinates as possible, that they were all honest men, and had no part in or knowledge of his own conduct.

The letter was written in Bailey's own hand writing, and was dropped in the New York postoffice. It is believed that Baily is in Canada.

Tribune's special correspondent at Yokohoma gives us, this morning, full reports of the evidence given before the naval court of inquiry at Yokohoma, and the decision of the court in the case of Captain Eyrie, of which the telegraph had already announced the substance, the facts of the case remain substantially as reported then.

The severe tempest along the Atlantic coast yesterday did much damage to houses and shipping, and several painful casualties occurred.

The tide rose so high in the city that the streets were filled with water, and Fulton market was partially submerged. Houses were blown down, and rafts sent whirling through the air.

The fall of a portion of the wall of the Phelan & Callender building on Crosby street, came near crushing to death the passengers of a passing horse car.

In Brooklyn, a young lady, Miss Ellen Creed, aged 19 years, was dashed to the sidewalk by the wind, and with such force as to wound her head and cause her death in two hours.

The distressing calamity reported last night, caused by a badly constructed tenement house falling upon and crushing a frame building by its side, burrying and killing a whole family in the ruins, occassioned much feeling in the upper part of the city, and attracting large crowds of people to the spot.

Rumor asserts that General O'Niel is preparing for a descent on Canada at three points, Amhurstburg, Fort Erie, and some place on the St. Lawrence, yet undecided upon. Large quantities of arms and ammunition are said to be near here.

Camp No. 1, Grand Army Constitution, has resolved to ask Congress to interfere to prevent further swindling by claim agents, and building county retreats instead of State asylums for wounded soldiers.

POUGHKEEPIE, 27.

A heavy East wind and rain has pevailed here all day. To-night the piers and docks are submerged. The storm is lighter below here, between Peekskil and Roanoak. The east track of the Hudson River railroad is washed and it is necessary to use the west track for all trains. The wind is still blowing a gale from the east. Reports from above state that the only ice obstruction is between Stuyvesant and Castleton. A boat will be able to push through to Albany tomorrow.

City Lots For Sale.

100 CITY LOTS FOR SALE on the North Side of the River. Enquire of

FOR SALE.

The new two story frame dwelling house with all the modern improvements, situated on the corner of State and Rutland streets in Watertown terms reasonable. For particulars address S. P. Uhlein, Oneida, N. Y., or Alexander Copley, Chaumont, N. Y. Price, $4,700. Jan17 w6m

AFTERNOON DESPATCHES.

NEW YORK, 28.

The steamship City of Brooklyn from Liverpool has arrived.

The following is an Associated Press dispatch from Salt Lake City: A very respectable meeting of merchants and professional men was held in Masonic Hall last evening, to adopt a memorial to the Senate of the United States, praying for the expurgation of those sections of Mr. Cullom's bill, which punish with fine and imprisonment the continuance of patriarchal family relations.

The meeting was addressed by Messrs. Kelsey, Harrison, Steenhouse, Marshal, Robertson, Carter, Hussy, Kahn, Walker, Jenning, Sherman, Tulidge, Chislett, Walters and Lawrence, who argued that a liberal policy towards offenders of the past would be of advantage to the government of the whole country, and that such action would arrest polygamy in future. The meeting was addressed by a federal officer and an apostate Mormon, Gordon, who wanted the fullest action of the law. The Federal officer was respected for his manliness but Gordon was treated with contempt.

Nine Mormons were appointed a committee to prepare a memorial which will be telegraphed to the President of the Senate.

The interest on this subject here is intense.

If the Senate passes the House bill in its present shape, the Territory of Utah will become a desolation.

WASHINGTON, 28.

The War Department declines to appoint the colored youth as a cadet to the Military Academy by Ben. Butler, on the ground that he is not of the required age.

NEW YORK, 28.

Judge Barnard has declined a motion to dismiss the the complaint in the case of the Erie Railroad vs. Cornelius Vanderbilt.

The suit involves five million dollars, alleged to have been obtained from the company by the defendant through fraud.

WASHINGTON, 28.

House—A number of bills were introduced and referred. One by Hall, to prevent the collection of illegal taxes, on passengers, levied by State authorities; by Langhendge, to provide for the payment of pensions in gold.

MEMPHIS, Ten, 28.

The Republicans now claim the election of Curry, their candidate, by a small majority.

St. Louis, 28.

President Grant pays tax on $100,000 and General Sherman $235,000 worth of property in this county.

The very liberal interest, running over a term of 40 years;

The security afforded by Register.

The Mortgage covering the entire Road, Equipment, Franchise, and all Poperty, present and future—indeed the security of twice the amount of Bonds issued;

The low currency price they are now offered at.

All this is verified in detail in the complete Pamphlet, which can be had of us.

We KNOW these Bonds to be good, and we know the character and apacity of the Company's estimates can be implicitly relied upon to give the Bonds the highest standard. We therefore freely and fully recommend them.

MIDLAND BONDS.

Seven Per Cent Gold.

FREE OF GOVERNMENT TAX

ON THE

FIRST MORTGAGE BONDS

OF A

Railroad in New York State.

THE NEW YORK AND OSWEGO

Midland Railroad,

extends from New York City to the City of Oswego on Lake Ontario, a distance of 300 miles, including branches. The line is completed about 180 miles from Oswego, and regular trains running daily.—Rapid progress is making in the balance of the line and the entire work will be completed at the earliest practicable period.

SAFETY OF THE BONDS.

There is no railroad bond offered upon the New York market which so clearly combines the elements of PERFECT SECURITY and a HIGH RATE OF INTEREST as this; in proof of which, assertions the following simple facts are presented:

1. THE LOCATION OF THE ROAD, stretching from the city of New York, across the Northern part of New Jersey and the rich and populous MIDLAND COUNTIES OF NEW YORK STATE to the nearest port on the great Lakes, as such, that it must command a large through & local traffic from the moment it is opened. The route from New York to Buffalo will be shortened seventy miles, and to Oswego forty-five miles.

2. THE COST OF BUILDING THE ROAD is about $40,000 per mile, and $30,000 of that amount is necessarily furnished by stock subscription before a dollar is used from the sale of bonds, since the issue of the latter is positively limited to $10,000 PER MILE OF ROAD BUILT AND IN RUNNING ORDER.

Over $6,000,000 have already been paid in on stock subscriptions.

3. The mortgage bonds on every railroad running out of New York City, are good, and interest is promptly paid on them.

4. The Total Interest Liability of this great through route of railway between the lakes and the Atlantic coast, 400 miles in length, will thus be only $560,000 per annum, after the whole line is completed. On the most moderate calculations the average EARNINGS OF A SINGLE MONTH would far exceed this sum.

THE RATE OF INTEREST.

These bonds pay seven per cent. in gold, free of United States Income Tax, and this with gold at 12½ is equal to about 8¾ per cent. a year. No citizen or person could expect a SAFE INVESTMENT, within our own State to be offered on more liberal terms than these.

THE BONDS.

The bonds have 25 years to run; are issued in denominations of $1,000; bear Seven Per Cent. Interest in gold, free of Income Tax; are Coupon or Registered, with interest, payable semi-annually in New York, on the first of January and 1st of July.

Price--Par & Accrued Interest
