

REPUBLICAN STATE TICKET.

For Governor, STEWART L. WOODFORD, of Kings. For Lieutenant-Governor, SIGHBERT KAUFMAN, of Erie (long term).

For State Prison Trustee, JOHN PARKHURST, of Clinton county. COUNTY TICKET. For County Clerk, JACOB STEARNS, JR.

Republican Congressional Convention. A Congressional Convention for the 20th Congressional District of the State of New York is hereby appointed to be held at Bagg's Hotel, at 12 o'clock noon, on Friday, Sept. 23d.

First Assembly District Convention. The Republican electors of the towns and also of the Ward of this city, comprising the First Assembly District of Jefferson county, are requested to send delegates as appointed.

Second Assembly District Convention. The Republican electors of the several towns of the Second Assembly District of Jefferson county, will send three delegates each, and the Republican electors of the part of the city of Waterloo in said Assembly District will send three delegates.

The Democratic State Convention yesterday renominated the present State officers by acclamation; and in the evening one hundred guns were fired in honor of this most unexpected occurrence.

Everybody that knows the "Sun" at all understands that for the last year it has been bidding for Democratic support by an unprincipled system of lying, blackmailing and scandal.

The firing of a salute last evening over the announcement of the nomination of HOFFMAN and BEACH, brings to mind a story we once heard of a little urchin who sat on a stump alternately sharpening a stick and bursting out into immature laughter.

Having their laugh first over the announcement of the nomination of HOFFMAN and BEACH, brings to mind a story we once heard of a little urchin who sat on a stump alternately sharpening a stick and bursting out into immature laughter.

Democratic Sectarianism. The manner in which the New York city sectarian school fund is distributed, ought to open the eyes of the blind.

Bismarck Not Very Unreasonable.

In common with Americans generally, we have not been without fear that King William's views of the divine right of Kings, and flushed as he is with a series of brilliant victories, might so intoxicate him with the vanity of power, that so severe terms might be exacted of France.

There is probably no subject connected with the administration of our State affairs in which the people have so direct a pecuniary interest, as they have in the management of our canals.

It is too well known to need repeating, that some fifteen millions of bonds, which were issued for their construction, still remain unpaid.

It is no longer necessary to say that the people of this State are entitled to a government which will be free from the influence of a party.

The following exhibit will show the practical operation of this Democratic canals system.

Gen. Woodford's War Record. While we do not think General Woodford's war record is necessary for his election, we are of the opinion that such a record, if true, would be of great service to the State.

BEAUTIFUL WOMEN. All women know that it is healthy, rather than the reverse, which all generations have known, that the beauty of the woman's time and attention should be directed to the organs of development and preservation.
