 ... Camels Hair, Bouda and Home Spuns in new Fall Dress Goods, at Algie Brothers, Ogdensburg.  
 ... The Hammond Graded School opened on Monday last with Mr. Cobb, head teacher, and Miss Purves, primary teacher.  
 ... The Carthage fair is to take place on the same days as the Ogdensburg fair, viz: Tuesday, Wednesday and Thursday of this week.  
 ... The Ogdensburg street railroad will be in good running order for the fair. The company has lately placed several new cars on the line.  
 ... The political contest is becoming more and more interesting, each candidate feels certain of his election,—but—if I might have been. (?)  
 ... The R. W. & O. company has removed the platforms and steps around the station. The company probably think they have made great improvements.  
 ... Mr. Patrick Donnelly, of Rossie, got his hand entangled in a rope in connection with the horse fork, on Thursday last, and got it badly mangled. Medical aid was summoned and most of one finger had to be amputated.  
 ... Photographs are now taken in Hammond at lower prices than ever before. Card size \$1.00 per dozen; Cabinets one half dozen \$1.50; Boudoir one half dozen \$2.50. Views of buildings &c. at corresponding low rates.  
 ... Seven cows belonging to William J. Averell of Ogdensburg were killed by the cars a little this side of that city one night last week. They had broken out of their enclosure and were wandering along the track of the road.  
 ... FARM FOR SALE.—The undersigned wishes to inform the public that he will sell his farm, consisting of 72 acres, situated on the Burns road, about one mile from the Rossie road. Good running water on the premises. The house, which is part log and part frame, is in very good condition. For further information enquire of C. A. GREGOR.  
 ... The Gouverneur fair was a decided success. The weather was fine and judicious advertising, combined with the reputation of the place for going in for a big thing, drew a vast crowd of people. The programme throughout was very good—the sham battle and electric lights being new features. It is said that about 17,000 tickets of admission were sold.

... The slate roof coating Co.'s agents continue to do a good business in Hammond.  
 ... A fine three-year-old colt and new top-buggy, with Brewster springs, for sale. Enquire of H. J. Forrester.

 ... It is expected that the Carthage and Adirondack railroad will be completed from Carthage to Harisville by September 10th. About half a mile of track is now being laid each day.  
 ... Prof. Barney Whitney and family, of Ogdensburg, are afflicted in the death of the second daughter, Miss Jennie O. Whitney, on Sunday last, after a lingering illness, at the age of twenty. The family have the deepest sympathy of the community.  
 ... The citizens of Massena are very much disappointed because a passenger train is not run over their new road in time to catch the summer travel. A great many people desire to visit the springs, but are kept from doing so by the long stage ride from Norwood.  
 ... Lost.—A pair of gold bowed glasses in a red plush case, on the road between the Marvin Hill and the St. Lawrence cheese factories. The finder will be suitably rewarded by returning the same to this office or at the residence of Mrs. Isaac Austin.  
 ... An attempt was made to wreck a train on the Rochester branch of the R. W. & O. railroad Friday. The engineer of the train saw a man piling a quantity of rails, planks, &c., on the track, but succeeded in stopping before striking them. The would-be wrecker took to the woods, but was captured after a hot chase. He is supposed to be insane.  
 ... Go to the ADVERTISER office for your Job Printing. The office has been fitted up with new and handsome fonts of type, and is in charge of an experienced printer.  ... A gang of workmen have been engaged for the past two weeks making extensive changes around the Hammond depot. They have removed the platforms and built steps up to the door of the waiting room and also put down a narrow platform between the switch main track and the switch. The general appearance of the change is, not suggestive of an improvement, but it is the railroad magnates' fancy and all right.  
 ... Hon. G. S. Conger, of Gouverneur, who left for California in July last, has been taking in the picturesque sights of the Pacific slope. Writing from the Yosemite Valley under date of 26th Aug. to a friend in Hammond. Mr. Conger says: "I have had a very pleasant trip so far. I thought I had seen something of a mountain and canyon scenery before reaching here, but the trip through the rocks, Pike's Peak, Echo and Weber canyons, etc., is a comparison with the grand scenery of the Yosemite."  
 ... Mr. Conger intends visiting his brothers in Minnesota on his homeward journey.
