

"Died, on Saturday evening last, within twenty minutes after the reception of the contents of a pistol fired by Thomas D. Murray—Captain Henry B. Newman, a citizen of this place, and in the full vigor of manhood."

The Maryland Whig Convention have declared Mr. Clay to be their first choice, and Gen. Taylor, the second choice for President.

Roger Baldwin and Truman Smith have been nominated U. S. Senators by the Whigs of Connecticut.

SINGULAR ACCIDENT.—During some public celebration at New Haven last week, while the bells were ringing a merry peal, the tongue of the bell in the First Baptist Church came out and was cast into the street with such force that it imbedded itself in the pavement. The street was crowded, and the tongue fell between two files of ladies, brushing the clothes of each.

THE LOST MONEY.—\$20,000 of the money lost by the President of the Newark Banking Association and Insurance Co., has been found in the possession of a negro woman by the name of Sarah Stewart, residing in Jersey city, and restored to the Bank. The balance of the amount was in checks and notes, which are supposed to have been destroyed.

A specimen of the genus 'clerk,' having answered an advertisement for "a good accountant and clever book-keeper," applied to a friend for a testimonial as to ability, who kindly wrote to the advertiser as follows:—"Sir, Mr. — may be a good accountant; I know him to be a clever bookkeeper. I lent him two Shakespeares, three Scots, and a Boz, eighteen months ago, and he has not thought proper to return one of them. I am, sir, &c."

SENTIMENT AND SUGAR.—One day in spring, Sir Walter Scott strolled forth with Lady Scott, to enjoy a walk round Abbotsford. In their wandering they passed a field where a number of ewes were enduring the frolics of their lambs. "Ah!" exclaimed Sir Walter, "it is no wonder that poets, from the earliest ages, have made the lamb the emblem of peace and innocence." "They are," indeed, delightful animals," returned her ladyship; "especially with mint sauce."
