GENEVA GAZETTE.

WEDNESDAY, JANUARY 21, 1829.

On the 15th inst. CHARLES E. DUDLEY, Esq. Mayor of Albany, was chosen by the Legislature, Senator of the United States, to supply the vacancy occasioned by the resignation of the Hon. Martin Van Buren. We regret that a gentleman of more talents than is generally ascribed to Mr. Dudley, had not been chosen to fill that high station.

The Hon. WILLIAM L. MARCY, Comptroller of the state, was on the same day, appointed by the Senate, on nomination of the Governor, a Justice of the Supreme Court, in place of Judge Woodworth, resigned.

On the 16th inst. DANIEL MOSELEY, Esq. of Onondaga county, and the special attorney in the Morgan investigations, was appointed Circuit Judge of the 7th circuit, in place of Judge E. T. Throop, resigned.

SODUS CANAL.

AT a Meeting of a respectable number of inhabitants of the Counties of Cayuga and Seneca, held at the house of Hezekiah Goodwin, in the village of Seneca Falls, on Monday, Jan. 5, 1829. Mr. ISAAC G. OGDEN, of Seneca Falls, was appointed Chairman, and PETER CLARK, of Montezuma, Secretary. Resolved, That in our opinion, a CANAL from Great Sodus Bay to the Erie Canal, at Montezuma, would be of great public and private utility, as it would be connected with the Cayuga and Seneca Canal, and soon, as we anxiously hope, with a Canal from the head waters of Seneca Lake to the waters of the Susquehanna River. And whereas we are informed that Engineers appointed by the United States to ascertain the most favorable site for a naval depot on Lake Ontario, have expressed a preference for Sodus Bay as such site; and as in our opinion, Sodus Bay is the most eligible place for such a naval depot. Therefore

Resolved, That we will use all proper endeavors to promote the construction of a Canal from Sodus Bay to Montezuma; and also a Canal from the head waters of Seneca Lake to the waters of the Susquehanna River; and also the establishment of Great Sodus Bay as a naval depot.

Resolved, That David Gates and J. Weller, of Port Bay; W. N. Lummis and E. R. Cook, of Sodus; — Nurse and Hendrick, of Wolcott; — Hubart, of Butler; David Cushman and Russel Palmer, of Savannah; Royal Torrey, George T. Olmsted and Peter Clarke, of Montezuma; Asher Tyler, Wm. S. Payne and G. V. Sackett, of Seneca Falls; J. P. Swift, Jesse Clark and Judge Watkins, of Waterloo; B. Whiting, Joseph Fellows and N. Parke, of Geneva; Loren Willard and B. Benedict, of Cayuga; Judge Knap and G. B. Baldwin, of Newtown; Isaac Q. Leake and J. I. Osborn, of Jeffersonville, be appointed a Committee to draft and present a Memorial to Congress, and also to the Legislature of this State, on the subject matters aforesaid.

Resolved, That the doings of this meeting be published in a public newspaper in the Counties of Cayuga, Seneca, Ontario, Wayne, and Tioga. ISAAC G. OGDEN, Ch'n. PETER CLARK, Sec'y.

At a meeting of citizens of the County of Tioga, at the house of J. Davis in Elmira, on Saturday the 2d Jan. 1829—Hon. JAMES SLOAN, chosen Chairman—T. Maxwell, Secretary.

The Chairman having stated that the meeting was convened for the purpose of adopting suitable measures to further the application for making the CHEMUNG CANAL, on motion of T. North, Esq.

Resolved, That a Committee of seven be chosen to prepare a Report, exhibiting the views of those interested in this important improvement, to be presented to a future meeting for the purpose.

Resolved, That J. B. Baldwin, T. North, Robert Miller, Wm. Maxwell, James Robinson, together with the Chairman and Secretary compose said committee: and that this meeting stand adjourned to the 15th inst. at 1 P. M. at the Court House, in Elmira, to receive said report and take into consideration the necessary measures to press the said application.

Resolved, That the proceedings of this meeting be published in the Gazette and Whig. JAMES SLOAN, Ch'n. T. MAXWELL, Sec'y.

The National Intelligencer states that the appointment of William Clark, as Treasurer of the United States, has been confirmed by the Senate by a vote nearly or quite unanimous.

Kentucky.—Amos Kendall, Esq. has been elected State Printer, by the legislature of Kentucky. Mr. K. had a majority of 15 over the present incumbent.

The Hon. Daniel Martin is elected Governor of Maryland.

The House of Representatives of Missouri have impeached Judge Todd, of their supreme court.

A sale of Mr. Jefferson's Library is announced to take place, at Washington, in the course of the present month.

A letter from Washington, says that Mr. Adams is to leave the President's house the last of this month, that it may be prepared for his successor.

At a Circuit Court held in Canandaigua week before last, Judge Williams of the fifth circuit presiding, the following convictions took place:

James Jackson, convicted of manslaughter—sentenced to state prison for 10 years.

Jacob Vanderburgh, convicted of petit larceny—county jail 6 months.—Meas.

Asahel W. Howe, the person charged with purloining from the mail at Norwalk, Ohio, who it was stated had fled from his bail, has again been arrested on farther charges of delinquency. He is now in confinement at Columbus, awaiting his trial before the District court of that state now in session. Howe was formerly of Geneva, in Ontario county.—Buffalo Jour.

It is said the three men who robbed Mr. Gallows, near Philadelphia, have been detected in the following manner: Conversation occurring upon this crime in a group of persons; one of them appeared unusually attentive, excited, and embarrassed. Suspicion was raised; he was seized. Confessed and betrayed his accomplices!

CONGRESS.—The two houses are very industriously engaged in transacting the public business, and, as yet, no interminable speeches have been inflicted upon empty seats. What is done, however, relates mostly to matters of a local nature, such as pensions, post roads, drawback, public land, &c.—Out of the Capitol, the principal topic of conversation appears to be the next Cabinet. The Jackson men are all in the dark and can only guess, but, strange as it may seem, the Adams men pretend to know all about it!

In the Senate, on Wednesday, the 7th inst. Mr. Benton, from the committee on military affairs, to which was referred the petition of Major General Winfield Scott reported unfavorably to the prayer of the petitioner, and that it was inexpedient for congress to pass any declaratory statute on the subject of brevet rank.

LEGISLATURE OF N. YORK.—In the Assembly on the 13th, petitions were presented for the Chemung Canal; for the renewal of the charter of the Ontario Bank; for the Chemung Canal. The canal commissioners made report on the petition of the commissioners of highways in Fayette, relative to compensation for a bridge over the Seneca canal.

The resolution offered by Mr. Allen on the 7th, for the classification of the two senators elected in the 8th district, at the last election, was called up and adopted. The clerk having prepared the ballots, the members proceeded to draw. When Mr. Hayden drew for 5 years, and Mr. Boughton for 2.

U. S. NAVY.—In the Report of the Secretary of the Navy we find that, including the vessels built and now building, and for which provision has been made by law, there are 12 ships of the line—20 frigates—16 sloops of war—and 4 schooners:—35 Captains—33 Master's Commandant—257 Lieutenants—43 Surgeons—54 assistant-Surgeons—41 Purser's—Chaplains—23 passed Midshipmen—455 Midshipmen: and 30 Sailing-Masters. The Marine Corps consists of 1 Lieut. Colonel commandant—9 Captains—24 first Lieutenants—and 15 second Lieutenants.

LATEST FROM EUROPE. Russians and Turks.—An arrival at Boston, from Smyrna, brings intelligence that a severe battle was fought about Oct. 19, at Shumla, in which the Turks were defeated with the loss of about 30,000 men.

The report that the fall of Varna, was occasioned by the treachery of Jussuf Pacha, is untrue. The garrison yielded only to superior force. It is said that a false movement of the Grand Vizier by which he lost his army, and left the place unsupported, was the cause of its loss.

A Zante article of Oct. 18, says that the garrison of the castle which defends the entrance of the Gulf of Lepanto will not listen to terms of capitulation. It has determined on a vigorous defence, and the French forces are making preparations for a siege, after the evacuation of the peninsula is completed.

The Boston Bulletin gives the following extract of a letter from Malta, dated Nov. 25.—"You will hear learnt, via Europe, the defeat of the Vizeir and the fall of Varna. This is a very heavy blow to the Turks, who will now be obliged to defend the passage of the Balkan. But we do not know if the Russians intend to perform a winter campaign, or rest till the spring at Varna. The Sultan has ordered out all his Priests and Lawyers, and ordered them to prepare the war turban. They are a powerful body, and are said to amount to 30,000 in the capital—the Sultan tells them the moment has arrived when their religion is invaded, and that they must go out sword in hand, to defend it, or he shall treat them as he did the Janissaries. The capital is tranquil, and the Turks rather low spirited, owing to their late defeats. The government of Greece is daily improving, and we never hear of piracies or any other disorders.—The Ambassadors are still at Poros, but are going down to Naples to pass the water."

A provincial editor says, "do, for heaven's sake, divide the state of New-York, and call the west part the State of Morgan." "Call it," says the Ithaca Journal, "the State of Sin and Misery." "No," said a crusty old bachelor, "call it the State of Matrimony, and that includes sin, misery, and Morganiem." Such a barbarian as this bachelor ought to be driven out of all society.—Ab. Adv.

POSTSCRIPT. LATEST FROM EUROPE.—Several vessels have just arrived at New-York, bringing late news from Europe; but nothing of a very decisive or important character. The account of a great battle between the Russians and Turks, brought from Smyrna, is not confirmed. The Emperor of Russia has arrived at St. Petersburg.

The Hudson river is closed at Poughkeepsie.

The Meetings of the ASSOCIATE REFORMED Presbyterian Church, will, with the leave of Divine Providence, be hereafter statedly held in the upper chamber over Mr. Sloan's Store, in Seneca-street, until a suitable House for worship can be erected. Geneva, 20th January, 1829.

For Sale at J. BOGERT'S Bookstore, Kirkham's Grammar IN FAMILIAR LECTURES, Accompanied by a Compendium. Tenth Edition.

THIS system secures to the learner highly important advantages in the acquisition of grammatical knowledge, which are not contemplated in any other work extant. Its leading objects are, to adapt the principles of the science to the understanding of the learner, and to enable him to obtain a knowledge of them by repetition in applying them to practice. These objects are gained, first, by the *Explanatory Lectures*; and, secondly, by the *peculiar arrangement adopted in the Compendium, and the systematic order of parsing.*

1. The Lectures unfold and explain every principle of grammar as it is presented to the learner, in a manner so simple and lucid, that he can easily comprehend its nature and design, and apply it to practice as he advances. They present a complete system of teaching in the book, and thereby supersede the necessity of a living instructor. The work is also adapted to the use of learners in schools.

2. The new systematic mode of parsing adopted in the work, causes the learner to apply every definition and every rule that appears to each word he parses, without being interrogated; and, in so doing, he explains every word fully as he goes along, and learns the definitions and rules, simply by applying them to practice. In short, the facilities proffered by this system are so great, that any one who is tolerably unacquainted with grammar, will be able, by perusing it attentively, to acquire, without the aid of a teacher, a thorough knowledge of this noble science, in less than one-fourth of the time commonly devoted to the acquisition of the same. Under a good teacher, the same knowledge can be much sooner obtained.

This work also embraces a system of Punctuation, exercises in parsing and false syntax, and a key to correct the exercises; and, likewise, a system of *Philosophical Grammar*, interspersed in Notes.

The following notice of this work is extracted from the "Western Review." If we comprehend the author's design, it is not so much to introduce new principles, as to render more easy and intelligible those which have been long established, and to furnish additional facilities to an accurate and thorough knowledge of our language. In this we think he has been successful. In his arrangement of the parts of speech, Mr. Kirkham seems to have endeavored to follow the order of nature, and we are not able to see how he could have done better. The principles of the science are simplified, and rendered so perfectly easy of comprehension, we should think that ordinary mind, having such help, could find them difficult. It is in this particular that the work appears to possess its chief merit, and on this account it cannot fail of being preferred to many others.

From Mr. Blood, Principal of the Chambersburgh Academy. Mr. Kirkham—It is now almost twenty years since I became a teacher of youth, and during this period, I have not only consulted all, but have used many, of the different systems of English grammar that have fallen in my way; and sir, I do assure you, without the least wish to flatter, that yours far exceeds any I have yet seen. Your arrangement and systematic order of parsing are most excellent, and experience has convinced me, (having used it, and it only, for the last twelve or thirteen months), that a scholar will learn more of the nature and principles of our language in one quarter, from your system, than in a whole year from any other I had previously used. I do, therefore, most cheerfully and earnestly recommend it to the public at large, and especially to those who, anxious to acquire a knowledge of our language, are destitute of the advantages of an instructor. Yours, very respectfully, SAMUEL BLOOD. Chambersburgh Acad. Feb. 12, 1825.
