THE CASEY TRACK MEET

From all reports things are moving along right smoothly for the Casey track and field meet which will be held on July 3, at Sisco Field, under the auspices of Assumption Council, K. of C.

The meet promises to be a big one. It is hoped, however, that the meet will be more than a big one. Let us hope that it will bring about a revival of interest in track and field sports on Staten Island. For Time was when Staten Island athletics held a prominent position in the athletic world. Some championship material was developed here and Abel Kiviat, [illegible] Lennon, Ike Lovell, Eddie White, Mike [illegible] are only a few of those who sprang into national prominence. Within recent years, however, the scene has become almost as silent on Staten Island as the well-known dodo. Save for the fact that Tommy Lennon is still turning up the cinders in the sprint races and Mike [illegible] and Jack Lawler are still dusting over the roads in Marathon races, and the fact that all three are residents, Staten Island seems to have otherwise lost all connection with track athletics in the past [illegible]

The possibility of bringing about a revival of interest in a sport which could be made a most popular one on Staten Island is welcomed. The K. of C. meet promises to be the means of starting that revival. In view of the fact that this is to be an Olympic year, the sport is certain to loom in all parts of the country. Let us hope it gets a firm hold here.

In arranging their program for the meet, the Casey management acted wisely in making it a varied one. The A. A. U. events will bring some of the leading stars in the metropolitan district. This alone would make the meet highly attractive to the spectators. In addition several novel events have been put on the program which will have local appeal, and workers and the like will have their innings.

QUARTET OF STARS IN FIRST BATCH

The first batch of entries received for the A. A. U. events includes a quartet of star performers whose work will be interesting to watch. They include Anny Kelly, the former 300-yard national indoor champion and record-holder; Frana Legay, metropolitan indoor quarter-mile champion; Jimmy O'Brien, holder of Canadian and metropolitan championships for the quarter-mile and the 600-yard; and Newton Brown, the former junior [illegible] 1,000-yard champion.

The 10,000 meter handicap run (six and one-quarter miles), which will be run through the streets of Staten Island, promises to have the most unique entry list. This event is open to anyone registered with the A. A. U., and as it will be a handicap affair, every entered will stand a fair chance of landing a prize. Staten Islanders should help swell the entry list in this race. A novice race, last time prize, is also being offered in this race.

The events open to A. A. U. athletes are a 1-0 meter, 440 meter, 880 meter, 1,000 meter runs. The events closed to the K. of C. are at 100 meters, 220 meters and 1,000 meters. All these events will be handicaps. In addition three relay races are also on the program. In addition three relay races are also on the program. One will be closed to teams representing the States island ship yards, another will be closed to New York and New Jersey shipyards, while the third will be between the Staten Island councils of the K. of C.

Entry blanks can be secured at the headquarters of Assumption Council, K. of C., 24 Allaire place, Port Richmond.

FRANK SCHWARZ ON CASEYS' HOSPITAL LIST FOR MONTH

X-Ray Shows Two Fingers Fractured—Caseys Meet Farmers Today

[illegible] peace rules but it pours. Frank Schwarz, the big catcher on the Casey outfit, will be forced to lay off for at least a month as the result of an x-ray examination of his injured hand. Frank has a compound fracture of the second and third fingers on his throwing hand, and at present is going [illegible]

Take Ridgewood ... under Municipal Building at ... around with his hand in an [illegible] ... Row, to Fresh Pond Road ... the Caseys say they intend to dr... the line off the bridge waits ... the way to Glendale.
