ONE

Explanation.—Matter in italics to be new; matter in brackets [ ] is old law to be omitted.

STATE OF NEW YORK,
IN SENATE,
ALBANY, July 1, 1920.

Pursuant to the provisions of section one of article fourteen of the Constitution of the State of New York, and section two hundred ninety-five of the Election Law, notice is hereby given that the following proposed amendments to sections two, four, five, and twelve of article seven of the Constitution of the State of New York will be submitted to the people for the action to be taken thereon at the general election to be held on the second day of November, nineteen hundred twenty.

FRANCIS M. HUGO,
Secretary of State.

AMENDMENT NUMBER ONE

Concurrent Resolution of the Senate and Assembly Proposing an Amendment to Section Two, Article Seven of the Constitution, in Relation to State Finances.

Section 1. Resolved (if the assembly concur), That section two, four, five, seven and twelve of article seven of the constitution be amended to read as follows:

§ 2. The state may, for the most casual deficiencies of revenue, or for expenses not provided for, contract debts; but such debts, direct or contingent, singly or in the aggregate, shall not at any time exceed one million dollars, nor shall any moneys arising from the loans creating such debts be applied to any purpose for which they were obtained, or to repay any other debt or liability.

§ 4. Except the debts specified in sections two and three of this article, no debt shall be hereafter contracted by or on behalf of this state, unless such debt shall be authorized by law for some work or object to be distinctly specified therein, which work or object for which the debt is to be created shall be first submitted to the people, and shall have received a majority of all the votes cast thereon at a general election, and unless provision shall be made by law for the payment of the interest of such debt as it falls due, and also for the payment and discharge of the principal of such debt within eighty years from the time of the contracting thereof. No law authorizing the contracting of a debt pursuant to this section shall take effect until it shall have been submitted to the people, and have received a majority of all the votes cast thereon at a general election, and no such law submitted as aforesaid shall contain more than one work or object. Every such debt shall, at or before the time of the contracting thereof, create a sinking fund for the payment and discharge of the principal thereof, within eighty years from the time of the contracting thereof, by setting apart annually out of the revenue of the state, after the payment of the interest on all debts then existing, and of the ordinary expenses of the state, a sum sufficient to pay and discharge the interest and principal of such debt within eighty years from the time of the contracting thereof, and also a sum sufficient to pay and discharge the interest and principal of all debts created for the purpose of repelling invasion, suppressing insurrection, defending the state in war, or paying the debt of the state; and the moneys arising from the loans creating such debts shall be applied to the purpose for which they were obtained, or to repay the moneys so applied, and to no other purpose whatever. Every provision for the payment of interest and principal of any debt, and for the disposition of the moneys arising from the loans creating the same, shall be irrepealable until the debt shall be paid and discharged; but any surplus moneys arising from the loans creating such debts, or accruing from taxes or other sources for the payment of interest thereon, may be applied to the payment of interest on such debts, or be paid into the sinking fund for the redemption of the principal of such debts, or be invested in the purchase of bonds of the state, and held as a part of such sinking fund, as may be provided by law. Every law imposing taxes for the purpose of any debt or liability created pursuant to this section shall distinctly specify the object and purpose to which the taxes thereby imposed shall be applied, and the moneys raised by such taxes shall be applied to the purpose specified and to no other purpose whatever. Every such debt or liability shall be void as against the state, except to the extent authorized by this section. No debt or liability created pursuant to this section shall be considered as a debt or liability within the meaning of this section, if the same shall be wholly paid, and the principal and income of such sinking fund shall be pledged to the purpose for which said sinking fund is created and to no other purpose whatever; and, in the event that moneys set apart in any fiscal year be sufficient to provide such sinking fund, a direct annual tax for such year need not be imposed and collected, as required by this section. Said section four of article seven of the constitution is hereby repealed.

§ 5. The legislature shall annually on the same day fall provide by direct tax, appropriation or loan, for the payment of the interest then due and payable on the principal of all debts created on behalf of the state pursuant to annual [and] special acts, pursuant to [one of articles seven] or to any law enacted in pursuance thereof. The legislature shall annually provide by appropriation for the payment of the interest upon all debts created pursuant to the provisions of this article on behalf of the state, except those contracted for the purposes of section five of this article, as the same shall fall due, and for the contribution to all of the sinking funds established by law, and applicable to the general fund of the state, of such sums as shall be sufficient for the redemption of principal, or for the payment of interest, as the case may be. The comptroller may, from time to time, borrow money for the purpose of making such payments and apply such moneys to the purposes, at the rate of interest not exceeding six per centum per annum, as he shall deem most advantageous.

§ 12. Debts hereafter authorized for the improvement of highways shall be created only in the manner provided by this article. No provision of this article shall be so construed as to impair the validity of any debt of the state heretofore contracted nor any right or obligation heretofore created between the state and any of its creditors.

§ 13. Whenever the state may so authorize, by law for the improvement of highways, bonds of the state may be issued for such highways which shall be specified in such laws, which shall also provide for the equitable apportionment between the counties, or the aggregate of the debts authorized by this section shall not at any time exceed the sum of fifty million dollars. The payment of the annual interest on such debt upon the credit of the state, and the creation of a sinking fund for the payment of the principal of such debt, by a tax upon property, shall be a first charge upon the revenues of the state, pursuant to an authorization hereby given, and such portion of the proceeds of the sale of bonds, or other evidences of indebtedness, issued pursuant to this section, as may be necessary, shall be applied to the payment of such annual instalments. No one of which shall be payable more than one year, and the last of which shall be payable not more than fifty years after such debt or portion thereof shall be contracted. No law authorizing the contracting of a debt pursuant to this section shall take effect until it shall have been submitted to the people, and have received a majority of all the votes cast thereon at a general election, and no law submitted as aforesaid shall contain more than one work or object. The legislature may, at any time after the approval of such law by the people, if no debt shall have been contracted in pursuance thereof, repeal the same, and may alter or amend the same from time to time after any debt or liability under such law [but in pursuance thereof] shall have been contracted, to the extent of the moneys to be received in payment of the principal and interest thereof by the terms of such contract, but no such alteration or amendment shall in any manner impair the rights of such debt or liability. [Any debt authorized by law for the purpose of any work or object, and submitted to the people, shall be void as against the state, unless the same shall be contracted within two years from the time of the passage of the law authorizing the same, except debts contracted for the purpose of repelling invasion, suppressing insurrection, defending the state in war, or paying the debt of the state.] No debt hereafter contracted by the state, pursuant to an authorization hereby given, shall be void as against the state, unless the same shall be contracted within two years from the time of the passage of the law authorizing the same, except debts contracted for the purpose of repelling invasion, suppressing insurrection, defending the state in war, or paying the debt of the state.

§ 2. Resolved (if the Assembly concur), That the foregoing amendment be referred to the legislature to be chosen at the next general election of senators in conformity with section one of article fourteen of the constitution, and be published for three months previous to the time of such election.

STATE OF NEW YORK,
IN SENATE,

The foregoing resolution was duly passed, a majority of all the Senators elected voting in favor thereof.

By order of the Senate,
HARRY C. WALKER,
President.

STATE OF NEW YORK,
IN ASSEMBLY,

The foregoing resolution was duly passed, a majority of all the members elected to the Assembly voting in favor thereof.

By order of the Assembly,
THADDEUS C. SWEET,
Speaker.

STATE OF NEW YORK,
Office of the Secretary of State,

I have compared the preceding copy of concurrent resolution with the original [resolution] on file in this office, and do hereby certify that the same is a correct transcript therefrom and of the whole thereof.

Given under my hand and the seal of office of the Secretary of State, at the City of Albany, this [first] day of July in the year one thousand nine hundred and twenty.

FRANCIS M. HUGO,
Secretary of State.

AMENDMENT NUMBER FOUR

Concurrent Resolution of the Senate and Assembly Proposing an Amendment to Sections One, Two, Three, Four, Five, Six, Seven, Eight, Nine, Ten, Eleven and Twelve of Article Three of the Constitution, in Relation to Compensation of Members of the Legislature.

Section 1. Each member of the legislature shall receive for his services [three thousand dollars] the sum of five thousand dollars per year and for the extra session next preceding the regular session next following the first enumeration made after the year one thousand nine hundred twenty, and for each regular session thereafter [one thousand five hundred dollars] the sum of seven thousand five hundred dollars per year, and for each extraordinary session of the legislature the sum of [fifteen hundred] two thousand dollars, and for each session of the senate sitting as a court for the trial of impeachments, and each member of the senate shall receive such additional compensation as may be provided by law for each day's attendance upon any committee of the senate or joint committee of the senate and assembly during the recess of the legislature, and for each day's attendance upon any committee of the senate or joint committee of the senate and assembly during any session of the legislature when any other business is not actually pending before the senate or assembly
