LOCAL INTELLIGENCE.

APPLES are bringing $1.75 per barrel.

MAMARONECK will have a rowing club.

VERY little cider making is being done hereabouts.

THE Land League has decided to remain active.

THE Misses Kellogg entertained a number of their friends from New York city, on Wednesday.

THE Gracie of Larchmont won two out of three of the Seawhanaka Club races last week.

PERSONS interested in the estate of the late T. J. S. Flint, of Larchmont, will appear before the Surrogate, December 4th.

At the Democratic Congressional Convention on Saturday last, in Sing Sing, Hon. Waldo Hutchins was re-nominated for Congress, from the Twelfth district.

THE Hon. Richard Lathers appeared at a banquet given by the Associated Marine Underwriters at Delmonico's in New York city, and delivered an interesting after dinner speech on shipping.

FLOYD FOWLER, Jr., while hunting near Chatsworth Wednesday, caught a full grown silver fox. The dogs ran him under the rocks from which place he was dislodged by Fowler, after the removal of a portion of his hiding place.

JOSEPH LAMBDEN has sold to Fred. Alder, lot on east side of Locust Avenue adjoining residence of W. E. Barton. Size 100x240. Consideration, $2,650. It is understood that Mr. Alder will erect a residence upon his newly acquired place.

CONTRACTOR Merritt is rapidly pushing the school house contract. No complaint is made by the New Rochelle laborers that the work is given to out side labor in preference. That must have been a sort of scare.

B. KEESHAW, carriage manufacturer of this place, is acquiring notoriety as a carriage builder. Two wagons turned out of his shop last week are well worthy of note, one in particular being a business wagon built for parties at Long Island city, that far excelled ordinary make.

GOVERNOR CORNELL shows a laudable desire not to be outdone as a proclamation writer. The opening line of his own brilliant effort—"The 'eaglening shadows of waning autumn"—although perhaps suggesting the influence of Swinburne's and William Morris's poetry on Mr. Cornell's mind, probably beats anything in the President's proclamation published in our last weeks issue. But both papers are admirable. Were it not that both neglect to state, as one cause for thanks, that by the last Thursday in November election day will have come and gone there would be no serious fault to find with either.

A SNEAK thief stole the door mat from in front of Supervisor Phelp's residence, Davenport's Neck, Monday night.

A PLEASING entertainment was given at the residence of Mr. James Putnam on Franklin avenue, Tuesday evening.

A SOCIAL party of friends and neighbors were agreeably entertained at the residence of Mr. L. Tompkins, Lawton street, Tuesday evening.

Clarkson N. Potter's Estate.

Robert B. Potter has filed a bill in equity against Eleanor B. Potter and Clarkson N. Potter, for the sale of the property No. 2,009 I street, Washington, portion of the estate of the late Clarkson N. Potter.

THE Republican candidate for Member of Assembly, from the Second District, Ziba Carpenter, was present at the meeting of the Railroad Protective Union, at Mount Vernon, Saturday night, and explained his position as regards the railroad corporations satisfactorily to the large gathering who had assembled to hear him.

THE open letter published in the N. Y. Herald of Monday last, from our townsman, Mr. W. W. Evans, is extremely interesting and advocates in a manner decidedly forcible the election of his friend, Allan Campbell, for Mayor of New York city. Mr. Evans is one who through years of active life, has made but few, if any great mistakes. We heartily endorse his views in relation to Comptroller Campbell.

SATISFACTION STATEMENTS.

CLAIMS against the estate of Mary D. Marshall, of Pelham, must be sent in before December 23d.

CLAIMS against the estate of the late C. N. Potter must be presented before the 2d day of March, at 61 Wall street.

MASTER Traphagan, son of carriage manufacturer, James Traphagan of Huguenot street, has so far recovered from his broken leg, as to be about on crutches. It will be remembered the injuries sustained as fully published in THE PIONEER at the time, were received while in the act of attempting to climb into a coal wagon and having his foot caught in the wheel and held fast.

Malicious Mischief.

One night recently some malicious scoundrel prompted by no earthly purpose except malice, effected an entrance into the carriage house on the premises of Alfred Bates, in the town of Eastchester near Scarsdale, and with a knife or some sharp instrument cut into ribbons, the tops of five wagons. One new wagon belonging to his son Henry, fared the same fate.

Incendiarism.

On Tuesday night, a barn and contents belonging to Alfred Bates, situate on the White Plains road a short distance above Underhill's Corners, was totally destroyed by fire, supposed to have been the work of an incendiary. Three farm horses were burned to death, about fifty tons of hay, and 100 bushels of potatoes in the cellar under the barn, were also destroyed, beside a large quantity of farming utensils, etc., stored in adjacent buildings. Loss estimated at upwards of $7,000.

A Serious Accident.

While a pigeon-shooting match was in progress at George Mercer's place, Eastchester on Wednesday, a son of Mr. Jeavous, a lad twelve years old, was seriously if not fatally injured by the accidental discharge of a gun. The gun was pulled along the ground by William Heany, in order to get it out of the way, the hammer caught, thereby causing the discharge. The shot went up Henry's sleeve and out at the elbow, striking young Jeavons in the face. The physician pronounced his case critical.

New Haven Railroad Reforms.

Mr. William H. Stevenson, the new superintendent of the New York division of the New York, New Haven and Hartford Railroad, is making a number of improvements in the management of the line. Strange as it may appear, it is nevertheless true, that night operators on this division were never employed. One operator was all the company could afford at a station, and he had to sell tickets and attend to the telegraph offices besides. The telegraph offices were therefore closed all along the line with one or two exceptions, at eight o'clock in the evening. Mr. Stevenson is hiring more operators, placing two at every important station from New York to New Haven, requiring the offices to be open day and night. Heretofore, when it became necessary to use the wires in the event of an accident at night, it was the custom to call the operator from his dwelling, wherever that might be. This shiftless method of railroading has been abandoned under Mr. Stevenson's management.

Social Gathering.

THE Ladies' Mite Society under the auspices of the Methodist Church, was held at the residence of Mr. C. C. Van Benschoten, on Main street, Wednesday evening. There was a good attendance, and the evening's entertainment was one highly appreciated by all present, fully demonstrating the best of good feeling in the society, and trust it will ever continue.

Executor's Sale.

ON Wednesday next, Nov. 8, Jacob Hollwegs, executor, will offer for sale through Joseph Lambden, auctioneer, two horses, carriages, harness, sleighs, household furniture, etc., also house and lot situate on Garden street, this village, the property of the late Fred. Wilson, deceased. Sale to take place on the premises at one o'clock P. M. For particulars see notice in another column.

The Gracie Again Wins.

At the closing of the Seawanhaka races, in the lower Bay on Saturday last, the sloop Gracie, of Larchmont, belonging to Capt. Flint, carried off the prize in her class, beating her victorious rival, (Cutter Bedouin) of the week before by two minutes and fifteen seconds; also two other entries in the same class. The usual course out around the light ship was the one selected. The Gracie has been a very successful yacht throughout the season. The Larchmont Yacht Club are certain of laurels as long as the Gracie flies their pennant.

Railroad Casualty.

ON Thursday morning, Thomas J. Burke as usual started for the city to purchase necessary stock for his Main street market. He desired to take the 7:25 train, when near the depot through fear of being left, he cut across Bridge avenue, leaped down the embankment and attempted to board the moving train. A misstep threw him almost under the car wheels, as it was the car passed over the instep, mashing the forward part of the foot to a jelly. He was conveyed to his residence on Church street, and Drs. Huntington and Wells were summoned. Amputation in all probability will be necessary.

A Landmark Removed.

As briefly stated in our last issue, at 4 o'clock on Saturday morning last, the old Pelham Bridge Hotel, at Pelham Bridge, was burned to the ground. Thirty years ago Larry Fowler became landlord. The house was then in its glory. Not a driving party thought of going by without stopping. Commodore Vanderbilt always stopped to have his horses watered, and all the sporting men of New York. New Rochelle and throughout Westchester County, occasionally passed a merry evening there. It was on the only good drive from the city. The road began at Corporal Thompson's place, which was a frame building, where the Fifth Avenue Hotel now stands, and cutting diagonally across Madison Square Garden, to Harlem Bridge, and so along to the inn, six miles beyond. After Fowler, Harry Arcularius ran the house for a number of years. Last spring, R. S. Spurge, who formerly ran the Huguenot Hotel of this village, leased the hotel and premises now burned, and furnished and kept the same in magnificent style. Col. De Lancy Kane's Tallyho coach always stopped at the inn when running to New Rochelle. Mr. Spurge was in the city at the time of the fire. It is thought that the fire broke out in the kitchen. The loss is supposed to be between $10,000 and 15,000. William Layton was the owner.

CHAT ABOUT THE SOCIETIES.

Eintracht Lodge is doing good work. Our German inhabitants look upon it as being the thing.

The Irish Benevolent members are still many. New life is being monthly infused into them, and they are the better for it.

The Royal Arcanium is prosperous. The New Rochelle Mennerchor is progressing. Their membership roll is very satisfactory.

The Rowing Club will soon close their quarters for the season.

The Young People's Association are doing well, though some of the older members are not as active as hitherto.

The Band of Hope is doing good work which is highly appreciated.

The Madrigal is the singing society par excellence. They have members many and on the whole is a very social organization.

The Male Chorus now that the winter evenings are commenced will gird each man his loins and go in to spend a merry night.

The Citizens' Association is really beginning to be an organization of considerable merit, and we are glad of it.

The Rifle Club. Pop, whiz, bang!!! These are the best sons of Nimrod to be found anywhere.

That Bowling Club. For a company of merry roisterers and expert bowlers none better may be met.

Huguenot lodge still bears its own recommendations.

Bethlehem Commandery still lists to see who shall list.

The Huguenot Engine Co.'s ball was hardly a financial success. The Enterprise Company may be augmented by many new members soon.

Serious Runaway.

A spirited horse driven by Mr. Young and Miss Nellie Curtenius, of Larchmont, took fright and ran away on Wednesday. Miss. Curtenius was thrown violently to the ground, beside, receiving a broken arm, was otherwise injured about the body. Mr. Young had a leg and three ribs broken.

Rowdyism.

ON Tuesday night, two large lights in the glass door of the store owned by Mr. Hoffmeister on Main street, occupied by Thomas Burke as a market, were smashed and broken, evidently on purpose. Messrs. Hoffmeister and Burke have promptly offered a reward of $50, (See posters), for the arrest and conviction of the guilty ones.

Citizens' Association.

At a recent meeting of the Executive Committee of the Citizens' Association, present: H. D. Phelps, President, Henry A. Gouge, Vice-President, J. Q. Underhill, George Ferguson, R. C. Fisher, C. H. Roosevelt, and George T. Davis. The complete organization of the association was fully and very satisfactorily discussed: A number of new members have been added to the roll, and a large list of those desirous of becoming members was announced, the whole of the names including many of our best citizens. This institution has the promise of much good. No worthy cause will hereafter be abandoned, either in the courts or elsewhere, for want of proper funds to enforce the the law and good order in the community. All desirous of good local government should not fail to unite with those already engaged in so important a work.

ASSAULT AND BATTERY.

On Monday night last. Henry Schreiber, a German butcher accompanied Frederick Fowler to the market of Leonard Lang on Main street, while there, angry words passed between Fowler and Lang; the former claiming that Lang had said to other parties that he would not give him a recommendation after being in his employ for upwards of five years. Schreiber at this stage of the proceedings, insisted upon taking a hand in the affray, but was ordered and partly pushed out of the door by Lang. Schreiber, thereupon turned and dealt Lang a terrific blow over the eye, partly felling him to the floor; Mr. Robinson standing by, in trying to quell the disturbance was knocked down by a blow from Fowler, in return, a third party in trying to loosen Lang and Schreiber who was struggling together, twisted the latter's wrist to such a degree as to partially dislocate it. Lang, on making complaint before Justice Le Count, caused the issuing of a warrant for the arrest of Schreiber. Officer Kelly succeeded in causing his arrest in New York city on Tuesday. On Wednesday the prisioner waived an examination, and gave bonds to appear before the next Court having criminal jurisdiction. The assault is generally looked upon as one deserving of severe punishment. Some friends of Schreiber, claim that he had been drinking, and was under the influence of liquor at the time.

TAYLOR'S DECLINATION.

Upon receipt of the News as to the result of the Republican Congressional Convention at White Plains, we telegraphed to Mr. Alexander Taylor, Jr. The following is in answer to our enquiry:

November 1st, 1882.

To CHARLES G. BANKS, ESQ.:

New Rochelle, N. Y.

Telegram just received. Have declined nomination.

ALEXANDER TAYLOR, JR.

Mr. Taylor's declining the nomination, is exactly what any other gentleman should have done under the circumstances. Six days notice is too short a time. Hon. Waldo Hutchins can thank the Republican Congressional Committee for his walk over.

A WORTHY TRIBUTE

The following open letter published in the N. Y. Herald of Monday last, from our townsman W. W. Evans, speaks for its self regarding the personal repute of Allan Campbell the Republican and Citizens' candidate for Mayor of New York city.

SAN SOUCI, NEAR NEW ROCHELLE, OCT. 29, 1882.

TO THE EDITOR OF THE HERALD:—

Admiring your war on "Boss-ism" and your able efforts to secure good government for the great metropolis of this continent in part by the election of an efficient and honest man as the chief magistrate, I desire to bring to notice a prominent member of Mr. Allan Campbell, happily chosen to head the citizens' ticket. When he was named as Comptroller and there was some opposition to his confirmation a man by the name of Tommey stated that he was an "unscrupulous" man. This recalled an event which should fasten on any brain that, on the contrary, he is a very "scrupulous" man. In telling it some years ago to some Wall street men they pronounced him a rara avis fit to be preserved as a curiosity.

I think toward the close of the war Mr Campbell was president of the old Cumberland Coal and Iron Company afterward merged in the Consolidation Coal Company, of which he became president also, and raised, by his good management, from a foot-ball for Wall street speculation to a dividend paying company), a company with a capital of $5,000,000, and a bonded debt of $10,000, about maturing. It has never, I believe, paid a dividend and the stock was at a low figure. A committee of directors, empowered to negotiate a new loan, reported, two days before the old one matured, their want of success Mr. Campbell, as president, was then appointed a committee of one to effect it, with one day to work in. Many of the stockholders (myself among others) looked with dismay on the prospects. Brokers were running about Wall street, offering to sell blocks of stock at thirteen, and I think lower. No one seemed to have the courage to dip into a company to-morrow likely to be declared bankrupt. In this dark moment Mr. Campbell visited Mr. James Brown (of Brown Brothers) explained to him the extent and value of the property, the purity of its coal, &c., which Sir Edward Cunard told the writer was the best ever burned by his line, being free from sulphur, which alone saved several thousands a year. Before he had concluded Mr. Brown said, "It is not worth while, Mr. Campbell to relate anything further. I am satisfied. I know every word you have told me is the truth. I will take the whole loan at par, for twenty years, at six per cent." This was the most favorable terms which had been made in Wall street for a long time.

Mr. Campbell thanked Mr. Brown for his confidence and belief, and when he left that private office no one else knew of the negotiation. Mr. Campbell could that afternoon have made a large fortune by buying stock on the "point" he alone possessed. His habit dictated a different course, he only ordered a meeting of his directors to be called for the next day, went home and disclosed only at the meeting his success and had the pleasure of seeing the stock run up on its own merits and that success to, I think, sixty-five. Did this transaction, which I know of, sustain Mr. Tommey's opinion that he is an "unscrupulous" man?

I could give many other instances of Mr. Campbell's "scrupulous" character at home and in the far distant Republic of Chile, where he is remembered with great esteem as an incorruptible man and an eminent engineer. The writer, meeting in London in 1856 a gentleman whose opinion was valuable—a nephew of the Archbishop of Santiago Chile, and an intimate friend of Pope Pius IX.—was told by him that there never was a foreigner in Chile more esteemed than Mr. Campbell, and the leading men of Chile know very well that they lost more than $5,000,000 in the construction of the Valparaiso Railway by letting him go. As once associated with him, there and at home, in engineering enterprises, I can, if it gives it additional value, personally attest to all the e merits.

We shall see whether the record of his business and official life influences the majority of the citizens of New York to seek good government under a man so often and so successfully intrusted with large responsibilities or whether they will vote for the chances of more bad government under a less tried and approved chief.

W. W. E.

THE Band of Hope, will meet at Association Hall on Monday afternoon, at half past three.

ANOTHER freight train ran of the track at the junction last night causing delay in the through travel.

LET every voter do his own thinking before casting his ballot for the various officers to be elected.

A SLOOP load of blue stone, some 240 tons has arrived and is now being scattered upon the streets and avenues of our village, under the Fox contract.

Evening Social.

A very pleasant social was given at the house of Mrs. Albro, Echo avenue last night, prior to her son's departure for Boston his future home.

THE LeRoy Place Hotel is receiving many improvements both inside and out, in the way of painting and furniture, that adds not only to general appearance, but also to the comfort and convenience of guests.

THERE was a marriage reception given at the residence of Alfred Bates, Scarsdale last evening, the event being the return from an extended bridal tour of the eldest son Henry recently married to Miss Lulu Bonnett, formerly of this place.

A number of our residents in this town, will attend the confirmation and consecration ceremonies, to be performed by Archbishop Corrigan at Tuckahoe, on Sunday the 12th inst. The confirmation will take place at 10;30 A. M., and the consecration of Holy Mount Cemetery at 3 o'clock P. M.

Benevolent Society Ball.

The twentieth annual ball of the Irish Benevolent Society, of New Rochelle, took place at the town Hall on Thursday evening last. The attendance was unusually good, about forty-five couple joined in the mazy waltz and lively jig to excellent music furnished by Prof. Nosher. The merriment was indulged in, to the small hours of morning. The society was never in a more prosperous condition than at present.

The Lyceum.

The New Rochelle Lyceum re-opened in its Assembly Rooms, on Wednesday night last, for the Winter's campaign under the most favorable circumstances. The following officers for the ensuing year were unanimously elected by ballot as provided in Sec. 2, Article 5, of the Constitution which says: The annual meeting of the Lyceum shall be held on the first regular meeting day in November, when officers and directors shall be elected by ballot for the ensuing year.

OFFICERS FOR 1883:

GEORGE E. VANDERBURG, President.
JOHN W. BOOTHBY, Vice-President.
L. D. HUNTINGTON, Treasurer.
JOHN T. FISHER, Corresponding Secretary.

The question to be debated the ensuing week is, "Was the recent armed interference of England in Egyptian affairs, right." The Lyceum is to be congratulated upon its social and substancial basis, at its re-entry in the second year of its existence.

A WORD TO THE VOTERS.

Elisha Horton, the Republican nominee for Surrogate is making a gallant fight. He needs the vote of every Republican. Darry Hunt is sanguine of election to the Sheriff's office and he will poll a large Democratic vote in addition to that of the Republican party. Minott Silliman is a good lawyer and should be elected County Clerk, John Sheehan should receive the support of every Republican in the County for Overseer of the Poor. He was a union soldier during the war, and has supported faithfully the ticket since. John Schlobohm, the nominee for Coroner, is known as square man, and no other man will be found more so, if elected. Ziba Carpenter the nominee for Member of Assembly, is making a superior canvass and his chances of election are growing brighter and brighter every hour.

Let every Republican, vote on election day, and remember that his vote, may be the one, that tips the scale to victory.

In Favor of Judge Andrews.

The following appeal to the Republican voters of the State in favor of the election of Judge Andrews as Chief Judge of the Court of Appeals has been issued:

We beg to call the attention of all Republicans to the importance of a full and unanimous support, in the pending canvass, of the Hon. Charles Andrews for the office of Chief Judge of the Court of Appeals, the position which, since the resignation of Judge Folger, he has filled. By general consent of the profession and of the suitors, of all shades of political opinion, Judge Andrews, for the twelve years he has sat in the court, has been notable as an able and upright Judge, faithful in labor and loyal to the best principles of an independent, intrepid and dignified Judiciary.

The dissensions or prejudices which affect the Republican canvass do not touch this office or this candidate, and it is our manifest duty to the public, to the Judiciary and to the administration of the law that a hearty and vigorous effort should be made to secure the continuance on the bench of this eminent Judge.

COUNTY MATTERS.

THE County Teachers' Association, held at the No. 6 school house in Yonkers, on Saturday last was largely attended, and the exercises were of a very interesting and spirited character. The program, which we give below, was well carried out, and the several papers were earnestly discussed by many of the teachers.

The papers read by Commissioner Sandford, and Mrs. Baldwin respectively, of our village, called forth a particularly lively discussion. They were both well received.

The following is the program:

1, Special or subject teaching, Commissioner Sandford; 2, Numbers, Grube Method, Mrs. Baldwin; 3, Examinations and Percentage, Miss Herzog; 4, Primary teaching—What and How, Principal Drummond; 5, Miscellaneous business. The session was full of interest and profitable. Every teacher in the county should make it a point to attend the meetings of the association.—*Argus.*

He Did Not Sell Her.

On last Tuesday Judge Barrett confirmed the report of the Referee granting a decree of divorce to Edward Lauten from his wife, Mary Lauten. The defense set up was an alleged connivance on the part of the husband and the following document was produced proving his sanction:

"Mount Vernon, June 5, 1881.

"I, Mary Lauten, of this place, heretofore wife of Edward A. Lauten, consent to be sold to F. Jansen for the consideration of $1 legal money.

Upon the same paper was the following:

"Received of F. Jansen $1 consideration money, for which I transfer all my rights to said Mary Lauten.

"EDWARD A. LAUTEN."

Judge Barrett says: "This pretended sale was plainly a very poor and stupid joke, to which the defendant and Jansen have sought to give life. It may have quieted what was left of their conscience but it cannot deceive any one of ordinary common sense. Justice is not to be frustrated by such trifling." The carpenter can now have his lady without more litigation.—*Argus.*
