The Syracuse Sunday Herald's Easter number will be issued on April 5th, 1903. It will be artistic and entertaining. It will be the largest Easter number ever issued in Northern and Central N. Y. Announcement of leading features will be made later. Arrange early with your newsboy or dealer to deliver you a paper. 44 Pages only 5c. 50-3t.

On Tuesday, 3rd the New York Central handled a total of 25,982 cars. This exceeded by 700 the maximum number of cars ever moved in one day. This record, however, was again broken on Tuesday, 10th. For the twenty-four hours ending 11:50 P. M. on this date the New Central moved 16,605 loaded cars and 9,480 empties, a total of 26,085, which is the largest number of cars ever handled in one day on this line. On the same date the Lake Shore Railway handled 10,915 loaded cars and 3,316 empties, a total movement of 14,231 cars; or a total on both lines of 40,316 cars. This exceeds all previous records in the handling of cars on these lines.

Among recent business changes is the sale of the E. E. Stevens interests in the Stevens book store to his son Bing S. who will conduct the store hereafter. Mr. Stevens has also sold his house to Mrs. Stevens. The store change is made by Mr. Stevens with the object in view of giving all his time and attention to the quarrying business. It is not improbable that a stock company will be formed and the output of the quarries much increased.

Come and get fresh candy—Huyler's, Simons' and Allens and home-made. Kip guarantees all watch repairing one year, no run, no pay. 40-1y
Come to the Butterfly Booth for fancy and useful articles, in the Drury Block. The lobby of the postoffice has been much improved by running a wainscot around the wall. Street Commissioner C. E. Broeffle is buckling into his new job in a way that seems commendable. Sunday evening preaching services at the churches begin at 7:30; young people's meetings at 6:30. Millinery Opening at Mrs. Kilbourn's commencing Tuesday April 7th and continuing all week. Leave your orders for coal and wood with Alvin M. Aldrich or telephone to my house. 44t. B. H. ROGERS. Buffet lunch will be served and a food table will be among the attractions at Easter Sale. Drury Block. For Sale or to Rent—Farm of 156 acres in town of Russell, has pasturage for 20 cows. 46-tf. M. D. PACKARD. Don't forget to visit the Japanese booth and bring away a cup and saucer as a souvenir. Drury Block. Have you an old typewriter that you would like to exchange for a new machine? If you have call and see our new Wellington. Be sure and see the artistic display of silk flowers and bows for hair and corsage at Easter sale. Drury Block. The next Teacher's Examinations for St. Lawrence County will be held April 9-10, 1903 at Morristown, Gouverneur, Madrid, Colton, and Brasher Falls. J. R. Sturtevant, M. D., diseases of the eye and prescribing of glasses, American House, Canton, first Thursday each month. Next date April 2d. WANTED a competent girl accustomed to cooking and to do part of the general house work. Wages \$3.00. Apply at this office. 48-tf. "Strength and vigor come of good food, duly digested. 'Force', a ready-to-serve wheat and barley food, adds no burden, but sustains, nourishes, invigorates." 61-tf. Remember the Concert given by the choral society on Wednesday evening of this week and second the effort being made to resurrect music in town by attending.

The St. Lawrence County Board of Trade will hold its first meeting for the season in the Board of Trade rooms at Canton, N. Y., on Saturday April 4, 1903, at 2:30 p. m. A. T. Martyn, Secy. Among the property changes made during the past week on the Old Dekalb road were the sale of the farm of Charles Stacey to Williams Bros. of this village, and the sale of the E. S. Balcome farm to Mr. Stacey. During the past week the embryo poker rooms and brothels that were being dotted in this village were broken up. There may have been a time when this kind of thing was allowed in this village but — that is another story. "Charity begins at home" and the people of Canton are asked to treat their own choral society as well as they treated the Gouverneur Light Opera Company, and fill the opera house next Wednesday evening for the concert.

Adirondack come from the French "la" and two Indian words, "doran," "a people who eat bark" and "dak," "trees." The term was given in contempt to tribes of Indians who lived far inland and were rather unskilled in war and hunting. FOR SALE—Dezell farm, consisting of about 200 acres. One mile from village of Waddington. Good soil, well watered, modern farm buildings. Stock sold with farm if desired. Terms cash or part cash and mortgage. Call or address. 46t. JOSEPH F. BROWN, Canton, N. Y.

Saturday while a gang of prisoners were working on the ball diamond at college campus, in charge of a couple of students, Ernest Wilcox, one of the number, took leg ball and "they haven't seen him since." If he will only stay away it will be a relief to the authorities as he has been a nuisance in the community for several years back. A Madrid man blew into town Sunday and made several attempts to sell a horse and wagon he had in his possession. Fortunately for him he didn't succeed in doing it for that evening he was intercepted by an officer bearing information that a chattel mortgage lay against the animal. He gave up the goods and was allowed to go.

Charles R. Cook met with an unfortunate accident Saturday morning while working on the new boiler at the condenser, which he was placing in position. He slipped and fell on his right side breaking the right pelvic bone and one rib. He was taken to his Pine Street home and Dr. F. F. Williams reduced the fractures. Mr. Cook is doing as well as one could wish and it is hoped that his recovery will be speedy. Invitations are out announcing the approaching marriage of Charles Elgin Runions, one of the hustling Runions photo men of Canton, and Eva Mae, daughter of Mr. and Mrs. Delevan Chase, of Theresa, N. Y. The ceremony will be performed at the home of the bride, Tuesday afternoon, April 7th. The couple will be at home at Gouverneur, N. Y., after May 15th.

FOR SALE.—Second hand Remington typewriter, in excellent condition. Will be sold at a bargain. Call at this office. Also a No. 4 Williams. The Williams is one of the standard machines, has all the latest improvements, visible writing, and has what all machines must come to, a pad inker — the ribbon being discarded. The inking device is not similar to that of the Blinkenderfer and other cheap machines. As the date of the New York Central's annual Washington Excursion, leaving Northern New York April 7th, is about two weeks later than usual, fine weather is assured all who make this trip. The Capital City of the United States with its many recent improvements is more attractive than ever, while Philadelphia and New York (where stop-overs are granted if desired on the return trip) are always most interesting cities. Round trip rate is only \$10.00. Return limit 1 day. Special fast train without change of cars through to Washington. Ask New York Central agents for further information. 46-tf.

Everyone enjoyed the production of the Sphinx. The musical talent of that good, live St. Lawrence county town Gouverneur, presented at the opera house at Canton Friday evening of last week, in a most delightful manner the comic opera "The Sphinx, or a Crisis in Egypt." The opera was under the management and leadership of Charles M. Tait. The cast consisted of an unusually strong, well balanced chorus of twenty-five voices with eight very good soloists. The music was bright and catchy. The dances and drills were apt and pleasing and in every sense it was one of the best amateur affairs ever presented to a Canton audience. Mr. Geo. L. Tait as all around hobo was very funny. Mr. Chas. M. Tait as Papyrus, P. H. D., a young Chicago swell on a trip around the world was fine. His wooing of Hathor, the soul of the Sphinx, whose character was beautifully portrayed by Mrs. Jennie Phelps Corby, was very amusing and decidedly unique in the way of love-making. Mrs. Corby's acting and singing was also enjoyed by the audience. Miss Adelaide Bouck in her portrayal of Amasis showed splendid talent in both her singing and acting, as did also Miss Jessie Lee as Barmeda. The star of the company in the vocal music line was Miss Jean Bignall, who assumed the character of Shafre, the leader of the school girls. Her solos were exceedingly well rendered. Daphne, as taken by Miss Ruth Henderson and Miss Vaughn Goodnough as Pectehia, the preceptress of the seminary were each superb in their respective parts. W. R. Connor as Nefertiti, O. W. Heselgrave as Erothesos, Forest Brown as Diocionius, delighted the audience in their various songs, which were good.

Will King and Elisha Cameron did a little act at Sheldon Falls, Grasse River, last week, while on the drive, that would be jacks and ace to most of Ringling Bros. ring performers. The two were at the head of the falls at work on the slippery forest giants that were a little refractory in agreeing to get out of the eddies. Without warning the logs they were on made a rush for the falls and over they went with their human freight. They struck below without injury, to be confronted by a jam of logs. They couldn't go over it so with the surging undertow they went under it to come out far below in the open, where they succeeded in getting out without injury. A local wag on hearing this story, facetiously inquired whether they "got wet."

Attention is called to Section 6, Chapter 1, of the ordinances of the village of Canton: "No ordinance shall expectorate upon the sidewalks in said village or upon any door-step, bulkhead or stairway adjacent to the sidewalk, or cast or throw thereon any fruit skins, peanut shells or other refuse, under a penalty of five dollars for each offense; and in addition to the penalty a violation of this ordinance shall constitute disorderly conduct and the person violating the same shall be a disorderly person." If some of the hoodlums who congregate on street corners and make themselves public nuisances from early morning till late at night would clip the above out and preserve they might save trouble.

ANNUAL WASHINGTON EXCURSION. Will run Tuesday, April 7th. \$10 round trip 10 days return limit including Easter, if desired. Special trains. Liberal stop-over privileges. Watch paper or detailed announcement about March 15th. 46-tf.

G. Lohr, of Gouverneur, was in Canton Sunday. Mrs. R. W. Barrows was called to Brandt, Pa. last week by the illness of her daughter-in-law, Mrs. E. R. Barrows. School Commissioner McDonald, of Franklin county, is in town to-day in the interests of the St. Regis Falls Chair Co. H. S. Whitmarsh and wife will visit New York next week to select dry goods and millinery for the Whitmarsh Cash Store. The graduating exercises of the class of 1903, high school, will be held at Odd Fellows' Hall, Albany, this evening. Among the names of the graduates appears the name of Harold Samuel Barnes of Canton. That Mr. Barnes held his own in the class appears from the list of class officers—Mr. Barnes was class president and a member of the executive committee.

NOT "STRENUOUS" For the first time this season Co. E. lost a basket ball game on the local court last Friday. The victors were the St. Lawrence University five, and the game a "strenuous" one from start to finish. Co. E. had all kinds of hard luck in shooting baskets, time and again the ball would roll around the rim of the basket and fall to the floor, and with anything like luck to aid them would have landed a winner. The St. Lawrence boys played a great game and are entitled to the credit of a fairly won victory, their conduct on the floor being a marked contrast to the "rough house" work of the All-St. Lawrence team—Malone Palladium. We congratulate the "Palladium" on its write up of the game in which it shows so much fairness and true sportsmanship. The several other Malone papers never mentioned the game at all where in some of the games where Co. E. have won they have been exceedingly profuse in their descriptions. The game was a good fair game to watch, but S. L. U. almost immediately went into the lead and easily kept it. There was nothing "strenuous" about it, and as stated there was little or no "rough house" work, nor was there any cause for such. There was not a single minute of as "fast" ball as in every minute of the Syracuse-S. L. U. game. One of the commendable features of the game was the improved behavior of the spectators over that of a year ago. There was very little of that hissing, howling, cat calling of which Malone has become famous throughout the game, while last year it was thoroughly disgusting. After the game an informal dance was held which several members of the team attended but after "holding up" the east end of the hall for an hour or more they withdrew and went to their hotel. While these frequent remarks were made by the young men about what fine dancers there were in the town especially among the young ladies with whom they did not get an opportunity to dance. However there were no hard feelings retained over it, for they readily perceived that were they given a chance to participate, the high standing of the town's social affairs might be jeopardized.

That "A Knave of Conscience" begins in this issue. That Canton has at least one handwriting expert. That pride and property make some Canton homes a hell. That the least you know some men the more you respect them. That it is a poor adviser who gives advice without being asked. That a lie has longer legs than truth but truth usually wins in a race. That there is a lot of room for improvement in the top of men you and I know. That there are two classes of people in the world—the caught and the uncaught. That Canton has a "life saving crew" that don't Car(y)e a thing the chances it takes. That the practical results of laziness and inability to work are a toss up—they're "sixes". That it's human nature for us to believe that reform should begin with the chap across the road. That the street corner fiend in Canton is liable to have to die a violent death before the year is out. That the man who wants the whole community to know all he knows never knows any too much. That if most people would burn their own smoke, this world would be nearer that Paradise you and I read about. That Hplarm is the Greek for the name of a certain well known Canton man. Translate and call this an April fool joke. That give some men an inch of the highway and they immediately assume that they are entitled to the entire road and forthwith take it. That the youth who succeeds in slinging a dollar's worth of style on a ten cent capital may be classed under the caption "dead beat". That a certain Canton celebrity has become so impoverished that he has to forage his chicken feed from the railway cars that stop near his door.

HAWAII, THE PEARL OF THE PACIFIC. The last lecture in the course for the benefit of the football management will be given at the Opera House Friday evening, April 3, by Mr. John H. Corwin, New York City. This lecture is as good as those delivered by Mr. Skinner and Mr. Black. The subject is Hawaii, and as Mr. Corwin resided in Honolulu for seven years he is particularly qualified to present the subject. The illustrations are numerous and the best obtainable. Mr. Corwin is one of New York's successful lawyers and has a well deserved reputation as a lecturer. He will be remembered as the father of Howard Corwin, formerly of the class of 1905. Tickets at Conkey's. Admission 25c.

An interesting habeas corpus case came up before Judge Hale last Friday. The application was made by Charles McMahon, through his attorney, G. W. Hurlbut, to obtain his discharge from the county jail, where he was held upon a body execution issued upon a judgement obtained against him several months ago for watering his milk. McMahon resides at Pyrites, and has a large family which has been a charge upon the town since his incarceration, involving much expense. The application was opposed by D. W. Mulligan of Ogdensburg. George H. Bowers appeared to represent the sheriff. It appears that McMahon was confined in the jail 18 days before procuring a bond which allowed him to go on the limits. He has been on the limits about four months and 24 days. The law requires that he shall serve six months on the limits, or three months in confinement. Mr. Hurlbut contended that McMahon had served an equivalent of six months on the limits, since the 18 days served in confinement should count for 30 days on the limits. The point is not clear. Judge Hale gave McMahon the benefit of the doubt, and ordered his discharge from custody.

The annual election of officers of Canton Branch No. 555 of the National Protective Legion was held Friday evening March 27th. The officers elected for the ensuing year are as follows:—Past President, Mrs. Clinton Risley; President, Fred McCartney; Vice President, A. E. Frank; Secretary, F. M. Wellington; Treasurer, Miss Sybel Tuttle; Chaplain, Mrs. Celestia Powell; Conductor, Mrs. A. Herrick; Inside Guard, Carrol Cook; Outside Sentinel, E. E. Gibbons; Trustees, Arthur V. Olin, Duane Tuttle, Ira Broeffle. The installation of the above officers will occur April 10th, and immediately after a dance will be held in Donahoe & Baker's Hall. Refreshments will be served. A large attendance of the members is desired.

Secretary H. W. S. Knox, of The Patrons' Fire Relief Association, reports a wonderful increase in the amount of property insured by the company during the past three months. Since January 1st, 1903 new insurance to the amount of \$614,000 has been written, and the company has policies to-date covering property in the excess of \$5,600,000. Compare this with the fact that during the first ten years of the existence of the company the policies issued by the company were never at any one time in excess of \$500,000. Low rates, prompt payments of losses and cutting out all chance for fault-finding are beginning to have their effect.

I Offer You — A FIRST — Patent Bread Flour! — FOR — \$1.00 PER SACK FOR A LIMITED TIME. No Trade Tickets! I give your money back with every purchase. ABNER ALDRICH. Next to Howe Bros.
