The Guilderland Center Fire Department holds several fund-raising activities throughout the year, including the mail-in fund drive, car washes, game parties, and breakfasts. The department donates to the Town of Guilderland scholarship fund for volunteer firefighters and several firefighting associations across the state. In addition to sponsoring a fire safety softball team, the fire department also hosts a Halloween party haunted house and a visit from Santa. During fire prevention week in October, the Guilderland Center Fire Department holds an open house and visits the local day care centers in the fire district.
