County program putting welfare clients to work

By MARThA ALLEN

ELIZABETHTOWN - Employment counselor Tom Randall works it on assistance payments for individuals. Randall does his best to e group and background. Some need help with literacy or English-Improvement (CEl) director. Clients can be men or women from Employment Program, said Mary Anne Goff. Essex County Community displaced clients find meaningful work as quickly as possible. For the process to work, Randall said, the clients need help from the public assistance industries: Some who apply for public assistance is immediately referred to programs such as Essex Mid-State Glickhauser Community Improvement (CEl) director. Clients can be men or women from Randall called his job background. Randall needed help with literacy or English. He is very happy with the development of the Employment Program, he said. "I understand that this is a very important job," Randall said. "I have to take care of the client's needs, but it's tatt a.

TOWNS TAKE TO STORM CLEANUP TASK

By MARThA ALLEN

ELIZABETHTOWN - Last January's ice storm left much damage in its wake. The town was hit hard, with broken branches and fallen trees blocking roads. The community rallied together, and the town was eventually able to recover. But the town is still recovering from the damage. The town continues to work on repairing the damaged roads and clearing the debris. The town is also working on restoring power to the areas that were affected.

Cell Center funding in limbo

By MARThA ALLEN

LAKE PLACID - Lake Placid's Cell Center, founded by the Adirondack Medical Research Institute, is struggling to find funding. The center, which was established to study the effects of cell aging, is in need of funds to continue its research. The center is currently holding a fundraising campaign to raise money. The goal is to raise $500,000. For more information, please call (518) 523-1351.
