**HOROSCOPES**

**November 5 - 11**

ARIES - March 21/April 20

While it’s going to be OK, long-term goals may be stalled. Tidal waves of excitement may hit, while others flow steadily. The main thing is to keep your head on straight. Your head is their only job, but you make the rest of the world go. In the everyday way they have to stay, and keep the rest of the world happy. The problem with Aries is that they think they have to do it all on their own. That’s where you come in.

TAURUS - April 21/May 21

One thing that you can count on is that you will be the one to go overboard. Your friends can count on you to make things happen. This is your time to shine. You will be the one to make things happen. You will be the one to shine.

GEMINI - May 22/June 21

The good times will continue, but you must guard against the possibility of a letdown in the future. This is not the time to be overly complacent. You will have to work hard to make things happen. You will have to work hard to shine.

CANCER - June 22/July 22

This is the time to be cautious. You may make some bad decisions, so be careful. You will have to work hard to make things happen. You will have to work hard to shine.
