RECIPES AND HELPS FOR HOUSEKEEPERS

HELPS FOR HOUSEKEEPERS

A splendid cement for broken china is made as follows. Into a thick solution of gum arabic and water stir thoroughly plaster of paris until the mixture is of the consistency of thick cream. Apply with a brush to the broken edges of the china and join together, holding firmly in place for a minute. Tie in place carefully and set aside for three days. The article will not break in the same place.

Give candles a coat of white varnish, if they drip, and then put them away to dry for a few days. When they are lighted, the grease will not run down the sides, and the candles will last much longer.

That mark on your highly polished table caused by a hot platter can be removed by making a thin paste of olive oil and salt and spreading it over the mark. Let stand for one hour. When you rub it off the mark will disappear.

PEA SALAD

Drain the juice from one can of peas, pour in dish and rinse with cold water. Add to these four solid bananas diced. Place a serving on crisp lettuce leaves, and add tablespoonful of mayonnaise and a dusting of paprika.

CHEESE BISCUITS

Half teaspoon of sugar, one and one-half cups of flour, two teaspoons of baking powder, pinch of salt, one-half cup of grated cheese, one teaspoon of butter, one-fourth cup of milk.

Sift the dry ingredients together and add the cheese and the butter; rub lightly with the fingers. Add the milk slowly. Turn out on to a floured board and roll to about one-half inch in thickness. Cut with small biscuit cutter, place in a pan and brush the tops with milk. Bake about twenty minutes in a hot oven.

LEMON PIE

Crust: One cup of flour, two rounding tablespoons of shortening, three tablespoons of ice water and pinch of salt. Bake in quick oven.

Filling: One cup of sugar, yolks of two eggs, two cups of boiling water, juice and rind of two lemons, two rounded tablespoons of cornstarch, little salt. Mix cornstarch and sugar, mix lemon juice and egg yolks; combine the two and pour the boiling water over. Cook until thick, stirring constantly. Don't cook too long or it will get sirupy. When crust and filling are cold, fill pie and put meringue on top, made with whites of two eggs and 4 stablespoons of sugar. Brown over delicately.

DEEP APPLE PIE

Pare, core and slice juicy, tart apples very thin. Line a deep pie tin with pastry. Put in the apples and add lots of dark sugar, until dish is full. Sprinkle with cold water, dot with bits of butter and sprinkle with cinnamon or nutmeg as preferred. Bake till apple is done and transparent.

SLICED HALIBUT IN TOMATO SAUCE

Put six small or three large slices of halibut into a roasting pan, sprinkle with salt and pepper and place a thin slice of onion on each piece of fish. Add enough hot water to just cover the bottom of the pan. Bake fifteen minutes. Pour one can of tomato sauce over the fish. Bake ten minutes more and serve.

SCOTCH APPLE TART

Peel and core six tart apples and place in a crock in a slow oven, adding no water. When tender add one-fourth pound of Sultana raisins to each pound of apples. Turn into a deep baking dish, sprinkle with sugar and grated lemon or orange; cover with top crust, which has been well pricked to allow the steam to escape, and bake in a quick oven. Serve with cream.

Sleeve and Vestee Sets Give Smart Touch to Any Frock

Want to make your last season's sleeveless black satin frock take on airs of "the very latest"? A detachable sleeve and vestee set as pictured will do the trick. The modish long and full sleeves which fashion declares we must wear give individuality to the most ordinary dress.

If you are fortunate enough to have your attention called to "travelers' samples," ignore not the opportunity. Buy up a half dozen or more of the perfectly gorgeous lengths of gold and silver lace or marvelous embroidered bands which one "gets for a song." Then to home and a quiet nook in the sewing room, where with your treasures spread before you let genius inspire deft fingers for the victorious achievement of a handsome detachable sleeve and collar set warranted to transform the simplest frock into a costume smart enough for bridge party afternoon tea or select club meeting.

The sleeves in this picture are made of rose-beige georgette with gold lace gathered in to the wristband.

After carefully checking the records it has been ascertained that there were 12,000 American Indians in the American expeditionary forces during the World war.

HOMESICK

There's a lonesome sort of feeling, Away down in my heart, For my home, and friends so far away;

From them I had to part. But ever in my memory In visions I can see, The home and friends that are so dear, It all comes back to me.

A person doesn't realize What a home really means Until they are with strangers, And no one cares, it seems. Only the folks you love so well Can always understand All of your peculiar ways And would ever lend a hand.

There's no one here on God's green earth Can take the place of my dear folks, Without them near, I feel like A wobbly wheel, without its spokes. I've always leaned on them so much And look to them for aid. It seems hard to get along alone Perhaps with them I should have stayed.

But now, I can only hope and pray, That God will spare them to me While I'm so far away from them Until I can with them be. There's nothing else that I can do But just this I must say: That one never misses their folks so dear, Until they are far away.

WARSAW FARMERS

WANT T. B. TEST
Thirty farmers in the township of Warsaw voted unanimously to have their cows tested, at a meeting held in Warsaw last Saturday. The purpose of the meeting was to discuss the advisability of this T. B. test.

Mr. Clarence Smallwood was the chairman of the meeting. Mr. L. H. Woodward, Manager of the Wyoming County Farm Bureau, told the men present of the progress that had been made in eradicating tuberculosis from Wyoming County. Dr. T. F. Taylor, County Veterinarian, explained the details of the test and answered questions regarding the work.

The following school district committeemen were appointed to sign up all the farmers in their district:

District No. 1, Fred Gay; No. 2, Asa Peck; No. 3, M. E. Slocum; No. 4, Fred Nesbit; No. 5, Fred Meissel; No. 7, Harry Hotchkiss, Floyd Arnold; No. 8, Ray Munger; No. 9, Roy Fish; No. 10, Elmer Norris; No. 11, Elwin Chase; Perry No. 4, Clarence Smallwood.

Makes Pumping Up Tires Unnecessary

Chicago, Ill.—F. E. Hughes, Suite 138, 2512 Monroe, this city, has perfected a new air-tight valve cap that enables auto owners to pump up their tires once and never touch them again until punctured or worn out. Leading tire manufacturers, after thorough tests, have approved Mr. Hughes' invention and banished the old theory that air escapes thru rubber. One inflation lasts the life of a tire, and tire mileage is doubled. These caps retail for \$1.25 for set of five. The inventor wants agents and will send proof and samples free. Write him today.

LIVE BUSINESS MEN

appreciate the fact that they can greatly increase their business by advertising in the home papers. People want to know about what you are doing for them, about the new goods your are receiving, about any special bargain you have to offer. They appreciate your efforts to inform them of what you have, they feel that by your advertising you invite them into your store, that you want them to come, that you want to be of service to them.

The advertising in our four papers covers a large farming and village country. Very few people within a radius of ten miles of Arcade do not take the paper.

MR. MERCHANT

You have something each week to say to these people. The telling through advertising will increase your business without increasing your overhead.

We will be glad to assist you in the preparation of your advertising, both with cuts and service.
