

WYOMING HEALTH CAMP OPENS SOON IN WETHERSFIELD

The Bliss Memorial health camp will be opened in July for undernourished children of Wyoming county. It will be permanently located on the eastern slope of a Wethersfield hill. It is especially adapted for an outdoor playground for the children. Plenty of fresh, pure water is available from a spring. The camp will accommodate thirty guests besides sixty children. The camp is made possible by the generosity of the late Dr. Bliss of Warsaw, who for years fostered the idea of a health camp for undernourished children. In his

will he left his farm to the county to aid in the work.

HELPS FOR HOUSEKEEPERS

Those ugly stains on your wall-paper may be eradicated by crushing magnesia carbonate and rubbing it on the marks. Let it stand for twenty-four hours and brush off with a soft brush.

Someone has asked for a method of ridding the chimney of soot. One reliable way is to put three old dry cells in the furnace fire. Anyone with a radio would be willing to give you their discarded cells, those used as the "A" battery.

To remove butter coloring stains, try soaking stain with grain alcohol and ether mixed in equal quantities.

A teaspoonful of vinegar added to the lard used for frying will prevent the article from absorbing too much fat.

APPLE PIE

Four or five sour apples, one-third cup of sugar, one-fourth teaspoon of grated nutmeg, one-eighth teaspoon of salt, one teaspoon of butter, few gratings of lemon rind.

Line pie plate with paste. Pare, core and cut the apples into eighths, put row around plate one-half inch from the edge and work towards the center until plate is covered; then pile on remainder. Mix sugar, nutmeg, salt and grated rind, and sprinkle over apples. Dot with butter. Wet edges of under crust, cover with upper crust, and press edges together. Bake forty to forty-five minutes in moderate oven.

If you will press the upper crust, under the lower crust, as directed above you will have no trouble with the juice running over.

YORKSHIRE-PUDDING

Break into a bowl two eggs and beat up well, then take a pinch of salt and one cup of sifted flour and one cup of milk. Mix well until it is about as thick as good cream, put into a well greased baking pan and bake in hot oven twenty minutes. Serve with good thick gravy. This makes a pudding large enough for four people.

SUET PUDDING, LEMON ICE

One cup molasses, one cup suet or two-thirds cup butter, one cup of water or milk, one teaspoon soda, one-half teaspoon salt, one-half saltspoon nutmeg and cinnamon, one cup chopped raisins, two and one-half cups flour. Steam three hours. Serve with lemon sauce.

COCOANUT DROP CAKES

Cream well together one half cup butter and one cup sugar. Add the beaten yolks of two eggs, then, alternately, one-half cup milk and two cups sifted flour. Beat well until smooth. Add one scant teaspoon of vanilla, one-half teaspoon salt, a heaping cup of grated cocoanut, the stiffly whipped whites of the eggs and one heaping teaspoon of baking powder. Beat for a moment and drop by the spoonful on well-greased pans and bake in a quick oven. Shredded cocoanut is just as good as the grated.

HAM OMELET

Beat four eggs very light, the whites to a stiff froth, the yolks to a thick batter; add to the yolks four tablespoons of milk, pepper and salt and one-half cup of cooked, chopped ham. Add the whites last. Put a piece of butter half the size of an egg in the frying pan; be careful not to scorch; when it is sizzling turn in the egg and cook on the back of the stove until done. Fold over and serve.

POACHED EGGS ON MUSHROOMS

One-half pound of mushrooms, four tablespoons of butter, four tablespoons of flour, one teaspoon of salt, one-eighth teaspoon of pepper, one and one-half cups of milk, one-half cup of cream or top milk, six poached eggs, six pieces of toast.

Peel and slice the mushrooms and simmer them ten minutes in butter. Stir in flour, salt and pepper; and gradually the milk and cream. Cook until thickened and smooth and keep warm while preparing the toast and poaching the eggs. Place the mushrooms on the toast and top with a poached egg.

MOTORISTS SLOW APPLYING FOR THEIR LICENSES

Less than 500 motorists in Wyoming county have applied for their licenses which must be renewed before July 1. Inasmuch as there are 10,000 car owners and operators in the county, it is apparent that County Clerk B. F. Williams has a real job ahead of him for the next ten days issuing the other 9500 licenses.

County Clerk Williams informs the Herald that it will be absolutely necessary to have a license before July 1, as no extension in time will be given. Applications may be obtained of Town Clerk C. C. Blythe or at local garages.

Send your renewal application today.

Game Protector Harvey Wiley has recently placed 20 cans of wall-eyed pike in Silver Lake and will soon place over 500,000 bass and five cans of trout. During the season he has placed 32 cans of red, speckled, rainbow and redeck trout in the streams of Wyoming County.

SMITH CORNERS ROAD UNDER CONSTRUCTION

Monday the road men commenced building the Java Five Corners, Waldo Corners, Smith Corners road. Grading of this stretch of road has been under way since last year and the road gang which came Monday began the pouring of cement. It is a long stretch of road with a long haul for a good part of the material so that it is hardly possible that the work will be completed this year.

William Nugent of Silver Springs was taken to the Warsaw hospital, Friday afternoon, having suffered a third attack of appendicitis. He was operated upon at once and is expected to recover.

Are you driving a second choice CAR?

Leadership today belongs to Buick because so many people make it their first choice among all motor cars.

They have discovered that other cars, priced the same as Buick, are not even close to Buick in value.

Volume production enables Buick to give you a lot better car for a very moderate price.

Do not be misled into driving a second-choice car. Compare the new car offered you to Buick, before you let go of your money!
