No News of Pietzel.
A party of men spent considerable time Sunday searching in the Burr Hill neighborhood and along the railroad for some evidence which might throw light on the disappearance of Bernhard Pietzel. The snow was very deep, and no trace of the missing man was found, but there were plentiful tracks in the snow which led them to believe that another large party had preceded them in the same quest.

NEW EQUIPMENT HERE.

It will Greatly Improve the Local Electric Service.

A portion of the additional equipment for the plant of the Gloversville electric company has arrived from the General Electric works at Schenectady and is now being installed at the power house in the north end of the city. Part of the equipment is a big generator which, when in operation, will increase the arc lighting capacity of the company by 100 lights and the other portion consists of a large incandescent light generator capable of increasing the capacity of the plant by 1,000 incandescent lights. The generators were ordered shortly after the Gloversville and Johnstown companies were consolidated, but the rush of work at the establishment of the General Electric company at Schenectady prevented their delivery until this time. The other part of the new equipment is now being built by the American Engine company of Rhode Island and it will be of 250 horse power. The engine was ordered several weeks ago, but it is not completed as yet and its delivery in Gloversville to the local company will occur in about six weeks. After that time the new machinery will be placed in operation and the company hopes to be able to care for its business in a manner which will be satisfactory to its patrons.

KNIGHTS TEMPLAR RECEPTION.

Holy Cross Commandery Entertained a Distinguished Visitor.

At the regular convocation of Holy Cross commandery, No. 51, Knights Templar, held Monday evening, Sir Charles D. Bingham, of Watertown, Eminent Grand Senior Warden of the Grand Commandery of the state of New York, made an official visit and assisted in conferring the order of the Red Cross. Sir knights were present from Johnstown, Northville, Bleeker, Amsterdam and other localities. After the ceremonies the Sir Knights adjourned to the banqueting hall, where an excellent menu was served by Caterer Weight of Johnstown. Eminent Commander Asa B. Peake officiated as toastmaster and toasts were responded to by Sir Knights Charles D. Bingham, Nelson H. Aalbal, L. N. Johnson, Harwood Dudley and Wm. A. McDonald.

Among those present from out of town, in addition to the official visitor, were Sir Knights Harwood Dudley, Eugene Moore, Henry W. Potter, Wesley Lynes, John R. Borst, Wm. H. Mayhew, George E. J. Chant, Thos. C. Grimes, Ezra Nare, of Johnstown, L. Nathan Johnson of Northville, Hiram Van Denburgh of Bleeker, David S. Dunlap of Amsterdam, J. H. Bacon of Rochester, and E. M. Clayton of Lansing, Michigan.

Fun Among the Aldermen.

The several aldermen were holding an informal discussion on electric light matters in the council chambers last evening, and one suggested that the city buy Peck's pond and establish a municipal water power plant; another proposed the idea of getting power and light from the concern which is placing dams in the Schoharie creek, and even a windmill plant or a water power establishment was advanced. After all was over everybody laughed except an enterprising newspaper man who took the matter seriously and spirited the aldermen to Peck's pond, made them make an investigation, then had them touring the country and brought them all home to breakfast to read a yarn spun in the style with which a gentleman named Munchausen was very familiar. The article referred to was shown to interested aldermen this morning and was received with ridicule, as they stated that the matter had never been considered seriously.

CASWELL'S "IMMENSE" CANDY STORE ABOUT TO LEAVE GLOVERSVILLE.

Many of our patrons express their regret and say "We will miss you when you leave." We assure our friends, one and all, we are very sorry to leave, but another "immense" business place we have makes it necessary for us to leave Gloversville. Oftentimes the question is asked, "Do you not make it pay here?" Yes, we have had a very successful trade here ever since we opened, October 23 last, having sold nearly twelve thousand pounds of candy. We appreciate the liberal patronage we have received as much as our customers appreciate our good candies.

Remember, Saturday will be our last day and prices will be reduced the last three days, Thursday, Friday and Saturday. No one should fail to secure a supply at 26 South Main street.
