Sunmount honors Employer, Employee of the Year for ’87

PLATTSBURGH — Sunmount Araboma's Disability Services Office of the New York State Office of Mental Retardation and Developmental Disabilities has announced the winners of the 1987 Supported Work Employee and Employer Awards. Mrs. Deirdre J. Emery and Gladys M. Walnut of Plattsburgh State College have been named Supported Work Employer. Mr. Scott Valley, who works at MacBride in Plattsburgh, was selected Supported Work Employee.

They were honored at a dinner at Sunmount Developmental Center in Tupper Lake recently. Both received plaques. Letters of commendation from Gov. Mario Cuomo were presented to each of the awardees.

Although the awards program is in its second year, Clinton County was chosen to represent the county and to recognize the contribution of new programs. Supported Work is a combined effort between the State of New York, business and private agencies to help people with developmental disabilities move into competitive work environments. Some employers are reluctant to hire people with disabilities. TheSupported Work program offered by Clinton County and business helps people with more serious disabilities find work in a community setting.
