Little Theatre to perform ‘Cocktail Hour’ next week

PLATTSBURGH — An oil portrait of the cast recently finished Little Theatre Director Tom Dobson into his new position.

“I don’t recommend it,” he grunted, especially with a part of his own. Dobson, whom audiences will remember as Reg in “Round and Round the Garden,” is now giving the Little Theatre Director (American Home companies) a piece of his mind while their mother, Ann (Moureen Moll), looks on, and their father, Bradley (Tom Dobson) pretends to be doing something else.

Washington, D.C.’s City Council wanted to keep minors away from drug violence. So they arrested teenagers for being out after 8 p.m.

But the teenagers took the case to the Supreme Court. And, after the Fifth Amendment, they won. Our government can’t deny a person “life, liberty or property.” That means you can choose what you want to do.

And thanks to the 5th Amendment, they won. Our government can’t deny a person “life, liberty or property.” That means you can choose what you want to do.
