School volunteers help the children

If you are a dependable person who has a genuine interest in and concern for children and helping them learn, you are needed. There are no age or educational requirements.

You must be at least 12, and you can volunteer to work directly with the children or work indirectly in schools if you can volunteer at least two hours each week. You are needed in all grades, and children sometimes need help in different activities, so please call our Volunteer Coordinator at 331-4370.

Special Project at Lincoln School invites you to participate in one of the greatest projects ever by helping children learn on classroom materials for the classroom, but the kids need help. For more information, call 331-4370.
