## ROCHESTER TEAM MEETS KREEP-A-WAS

The United Shoe Corporation bowling team from Rochester will roll the Kreep-a-was on the Dansville Recreation Center alleys Saturday evening, December 5th.

Stiff opposition is expected from the Rochester pin-pickers. Four members of the team they are bringing with them boast of averages over 200, rolled in the Franklin League, one of Rochester's fastest circuits.

A second and third team will also accompany them here to roll teams from the Blum Shoe Manufacturing plant.

## MARTINAS AT WELLSVILLE

Tonight the Martina bowlers journey to Wellsville to meet the maple toppers of that town. The team has been working out on the alleys steadily and a fast game is anticipated.

## WAYLAND BOWLERS HERE

Five Wayland Rotary teams started a new league series at the Recreation Center last week which will continue on into the winter months. The past week has been more in the nature of a practice session until organization plans are completed.

## LEAGUE REORGANIZED

The leagues bowling at the Recreation Center were finally reorganized last Friday evening under which arrangement they will continue for the duration of the season. There were no major changes and several new teams were added. The National league, under the new arrangement, will remain intact, re-enforced by two more teams in its lineup.

The American league has been altered to a ten team league which will be run as a handicap league. Each bowler will receive a better chance to improve his game and average under the new arrangement. This league will comprise teams from Livonia, Naples, Cohocton and Canaseraga.

The reorganized leagues will swing back into action beginning Saturday, December 7.

## MARTINA BOWLERS DINE WITH FOES

The Martina bowling team was treated to an excellent steak supper last Friday evening by the "Wreckers" team, following a match on the Dansville Recreation Center alleys.

The supper was served following a close and hard fought match between the two teams earlier in the evening, and helped to relieve the sting of a Martina victory.

## PLAY RESUMED ON ALLEYS

The crackle of toppling pins will again resound on the local alleys when play is resumed next Monday evening. After a period of reorganization both American and National League teams are ready to swing into action.

The schedule of matches for the coming week is:

Monday—I. O. O. F. vs. St. Boniface.

Tuesday—Bakers vs. Protectives. Wednesday—Post Office vs. F. H. & L.

Thursday—Collegiate vs. Owls. Friday—Express vs. Canaseraga.

The American League schedule for next week has not been completed.

## Dansville Scouts Follow Slogan "Be Prepared"

When the call arrived from Scout Headquarters for the scout troops in Dansville to "be prepared" for daily service at the Community Center on Elizabeth street, the result was typical of scouts all over.

The scouts have been assisting the mayor's relief committee, under the direction of Assistant Scoutmaster Stewart Beecher. This by authority of John R. Blum, who is also chairman of the mayor's committee.

The trouble with business, or at least one trouble, is too many filling experts and too few workers.
