TO REFORM CURRENCY

New York Financiers Recommend a Government Bank.

LIKE THE BANK OF FRANCE

Minority Shares to Be Held by Subsidiary Institutions—All Notes to Be Issued by Federal House—An Alternative Proposition.

New York, Oct. 4.—Either a central bank of issue to be established and controlled by the government or a simple measure enlarging the present note issue privilege of national banks such a manner that their right of issue shall not vary with the ownership. United States bonds is the method favored by the special currency commission appointed by the New York chamber of commerce last March to inquire into the condition of the currency and suggest desirable changes.

The report declares that the committee finds that the currency is seriously defective in that its volume does not vary with the demand so that the country is alternately exposed to the evils of a redundant and of a deficient supply. This condition the committee believes to be caused by artificial and unnecessary inflexibility of the currency which they declare is due to restrictions which are placed by law upon the issue of bank notes.

To remedy this the committee recommends that a central bank of issue similar to the Bank of France be established, such bank to deal exclusively with banks, its stock to be owned in part by banking institutions and in part by the government but in its management (operational) the government shall be supreme. This central bank shall issue currency, redempt for other banks hold public money and act as agent of the government in redeeming its paper money and making its disbursements.

Or let any national bank whose paid-up capital equals 50 per cent of its capital have authority to issue additional notes equal in amount to 35 per cent of its capital.

Let such additional notes be subject to a graduated tax as follows: The first 5 per cent, taxed at the rate of 2 per cent per annum; the second 5 per cent, taxed at the rate of 3 per cent; the third 5 per cent, taxed at the rate of 5 per cent; then an issue equal to 10 per cent of capital, taxed 5 per cent; then an issue equal to 10 per cent of capital, taxed 6 per cent.

Let the proceeds of this graduated tax constitute a guaranty fund, in the custody of the government, for redemption of the notes of failed banks.

HUGHES IS NOTIFIED

Republican Candidate Says He Will Stick to State Issues.

New York, Oct. 3.—The speaking campaign of Charles E. Hughes began at the Republican club when the members of the state committee formally met and notified him that he had been selected by the party as its candidate for governor.

In his speech of acceptance Mr. Hughes announced that during the campaign he would confine his attention to state issues and would not indulge in personalities.

Mr. Hughes' first regular campaign speech will be addressed to the Columbia University Reform club. Following that meeting he will speak in Brooklyn and then begin a thorough tour of the state.

Jerome Wants Newspaper Indicted.

White Plains, N. Y., Oct. 4.—District Attorney William T. Jerome came to White Plains to try to have the Yorkers Herald indicted for criminal libel. On Thursday last an editorial appeared in the newspaper in which it was intimated that Jerome entered into a conspiracy with life insurance officers in accordance with which the district attorney was not to prosecute them. Mr. Jerome went before the grand jury and the staff of the Yorkers Herald, including Frank Xavier, the editor, were here ready to testify before that body. After taking the testimony of Mr. Jerome and some of the Herald men the grand jury took a recess.

Twenty Hurt in Trolley Crash.

Cleveland, O., Oct. 4.—Three were fatally and seventeen more or less seriously injured when a street car bound for Euclid Beach jumped the track at a sharp curve at the foot of the Minkel Plate railroad tracks north of Windegar. The car was going at high speed and after slipping over the ties for twenty feet plunged into the bank and half overturned. Eighty passengers were aboard, and panic reigned the unhappily struggling with the injured to extricate themselves.

Ship Sinks, Sixty-one Drowned.
