No Better Advice
In the whole subject of optics than that which tells you to be certain of the condition of your eyes. You know that properly adjusted glasses effect a quick cure in cases of eye trouble—if worn in time. It is in allowing the difficulty to increase that the real danger lies.

Call on us and we will inform you if there is anything wrong with your sight—and how to cure it. If glasses are needed we will supply them to you at the lowest cost. We give every case our utmost care and attention.

Why Does Our Skin Tan?
—because the surface blood vessels need protection from the hot sun. Therefore nature forms a dark pigment (tan) which absorbs the sun's rays before they go too deep. The protection you should have to prevent colds and coughs is to use one of our ATOMIZERS—75c UP

Don't Go in the Wet with Leather Shoes
It is bad for the shoes and bad for the person who does it. On many occasions the protection you need is afforded by rubber boots. It is worth while to have a pair. Men's, Boys' and Children's.
