C. VIBBARD, General Supt.

GOING WEST.—Doct. Ethridge, long a resident of Little Falls, is about to remove to Hastings, Minnssota, where he has already landed interests,

PUB. DOCS.—We are indebted to Hon's. S. A. Douglas, Lansing Stout, of Oregon, and F. E. Spinner of this District for congressional favors.

COUNTY COURT.—A term of the County Court and Court of Sessions will be held at the Court House, in this village, on the 18th day of June.

EDITORIAL.—X. A. WILLARD, Esq., for two years past the editor of the Little Falls *Journal*, announces his withdrawal from that position. He takes charge of the Collector's office at the port of Little Falls, on the "raging canawl."

RETURNED.—We are pleased to learn that LORENZO CARRYL, Esq., has returned from Charleston in good health and feeling well. He has rendered good service to the old line Democracy, and will, no doubt, pursue the same inflexible course at Baltimore on the 18th proximo.

FIRE IN THE WOODS.—The excessively dry weather, for some time past, has rendered every thing ready for the fire. The woods south of Mohawk, on Monday evening, were on fire, and we hear of other wood lots where considerable damage from the same cause was done last week.

A CHEAP TRIP.—The arrangements which the Railroad companies have made to convey persons to the Chicago Convention, affords an opportunity for a remarkably cheap western tour. Tickets can be procured at Utica, for $15 which secures a passage to Chicago and return, and sixteen days to do it in.

FIRE AT MOHAWK.—The match factory of Mr. H. Stanton, in Mohawk, was destroyed by fire this morning. The fire was discovered about four o'clock, but had made such progress that very little of the machinery was saved. The firemen from this village were on hand, but too late to render much assistance.

CHEESE.—Our dairymen have no occasion to complain of the liberality of the cheese buyers.—They pay a price which leaves only a small margin; and there are many to predict that it is so small as to leave some of the speculators in the condition of "lame ducks," before the season closes. The quotations in New York up to Saturday were 8a10¼c.

AGITATING.—The temperance agitation is progressing in several of the adjacent towns. The "Carson League," and its mode of operations has been the subject of considerable discussion at Little Falls during the past week. The meeting of the Board of Excise on the 16th of the month will excite more attention from temperance men and doubtless more solicitude from the liquor sellers, than heretofore.

STRAW PAPER.—Many experiments have been made to supply the place of rags in the manufacture of paper, and among the most successful articles made use of is that of straw. A portion of the edition of this paper is printed on paper thus made, and although it is not equal, as yet, to rags, it does very well. Still, we think we will adhere to the old style, and leave our friends the manufacturers, to try a little longer.

LITTLE FALLS.—The Police Constable is attempting to suppress row'yism. The remarks of the *Courier* are not inspirited to other places than Little Falls:—"Noisy and boisterous loungers have been in the habit of gathering at street corners and behaving rudely and offensively to passers by, whether male or female. Other offenses against good order have been practiced, and if our Police Constable does his whole duty in the premises, people who approve of order and quiet ought and we trust will, uphold that officer."

TO POSTMASTERS.—We would call the attention of the Postmasters of our county to the following paragraph which we clip from an exchange paper:

County Postmasters should bear in mind, for their advantage as well as that of the local press, that for every county paper delivered by them to subscribers, they are entitled to retain of the Post-office funds, ten and one half cents per year. It is for their interest as well as that of the publisher, that the county papers be preferred, since th re is no trouble of making collections or keeping accounts thereof, as on papers printed out of the county, the commission on which will not average more than from six to eight cents per year.

MOHAWK.—Mr. Geo. Broomhall, is framing the timber for a new Malt House to be erected on the old site. Messrs. Hammond and Paine have completed their buildings, and are receiving their stock of lumber. Messrs. Cunningham, Dygert, Prince, Rand, Shall, and Crim, have returned from New York, and are receiving their spring goods. Four new Mercantile establishments, have been opened this spring: P. J. Casler, Stevens & Rulison and C Devendorf, dealers in Dry Goods and Groceries, and Ike. Roback, Hat, Cap, Boot and Shoe Merchant.

"A merry heart doeth good like a medicine," says the good book, but there must first be a healthy liver before a "merry heart" and health will abide with you. DR. They are justly celebrated, try them, only 25 cents a box, and for sale everywhere. apl1y1.

WHAT ONE ESTABLISHMENT IS DOING.—There are many indications of increasing prosperity in our city, in its mechanical industry and its various departments of traffic. An example is furnished by the boot and shoe establishment of LEWIS BROTHERS, 180 Genesee street. It is stocked from basement to garret, with the material for manufacture and manufactured articles. By division of labor, and the latest machinery, they compete with eastern makers, and by using the best leather and taking especial pains with the manufacture, they offer ready-made articles that compare favorably with custom work. They make heavy kip boots for farmers' wear that look as if they would last forever; and all the intermediate kinds to the costliest dress varieties. Besides the copper-toe shoes which have become so popular with youngsters, they are now getting up ladies' shoes which instead of being sewed, have the soles fastened on by copper tacks, and are sold cheaply. The fashionable ladies will be interested to know that the style of shoes has changed greatly, and that opera gaiters (round toe) are decidedly the *ton* in New York.

About *sixty* workmen are employed in manufacturing, by LEWIS BROTHERS, and they sell largely to country dealers, as well as to retail buyers. To that class of people who grumble that no business can be done in Utica, we cite the establishment of LEWIS BROTHERS as a permanent and palpable contradiction.—*Utica Herald.*

SPECIAL NOTICES.

Piles! Piles!! Piles!!! *What is it? How cured?* Thousands of persons have Piles—yet few know what it is, or how it is cured. Every case of Piles whether manifested in the form of external tumors, frequent bleedings, or in violent itching and irritation, depends essentially upon congestion of the abdominal venous circulation. This produces engorgement, dilation of the veins, formation of tumors, hemorrhages, pain and suffering; and the disease can only be fundamentally cured by medicines which, taken internally, relieve this venous congestion. Hence ointments, washes, and even injections, are so ineffectual.

HUMPHREY'S HOMEOPATHIC PILE SPECIFIC, a simple sugar pill, taken two or three times per day, cures the condition upon which the disease depends. Hundreds have been cured by it, even of the most obstinate cases. All will be promptly benefited by it. Price, 50 cents a box.

Common Sense Medication.—To administer drastic cathartics in diarrhœa or dysentary is about as reasonable as it would be to rub a raw wound with a nutmeg grater. The result in both cases must necessarily be increased irritation. In all acute diseases of the bowels, the first thing to be done is to administer a counter irritant, and RADWAY'S READY RELIEF is the best and safest in the world. The profession must say purge! purge!! purge!!! but common sense say sooth the irritated surfaces, regulate the secretions, equalize the circulation. This is the true practice in fevers of every description, remittent, intermittent, and of the more dangerous types. The Relief and Regulating Pills are all sufficient in such cases, in fact every species of active inflammation is removed by their combined operations. Persons exposed to malarious poisons either in the form of Cholera, Dysentery, Flux, Billious Fever, Fever and Ague, Yellow, Typhoid, or Congestive Fever, will positively escape illness if they take the precaution to fortify their systems with Radway's Ready Relief, and regulate the organs of their bodies with Radway's Regulating Pills. Bear in mind you cannot have Pain, never can remain sick under the treatment of Radway's Ready Relief and Regulating Pills.

Dyspepsia.—This is a very distressing complaint, and gives the patient more suffering than almost any other disease; in fact it is a combination of many complaints in one. The symptoms are numerous, and are of the nature of almost all other complaints combined. From this fact arise the very many cases where this disease is mistaken for some other, and so improperly treated. The first symptoms—indigestion, flatulency, loss of appetite, heartburn, headache, etc., if neglected almost always awaken some dormant disease, and send the poor sufferer to a premature grave. What you must first do is cleanse the blood and regulate the bowels; do this with "Mountain Herb Pills," and you can bid defiance to dyspepsia.

Judsons Mountain Herb Pills are sold by all Medicine Dealers.

The Female Organization is often as frail as that of a tender flower. Many of the sex enter into marriage relations without being able to undergo the labors and trials of maternity. In this country thousands of young and beautiful women are sacrificed every year from this cause alone. Hostetter's Celebrated Stomach Bitters will save many of this class from an untimely grave. This medicine has been used with great benefit by immense numbers of people throughout the republic, and the proprietors have received grateful communications from all sections of the country. The Bitters will be found to be very pleasant to the taste, even as a beverage, and prompt and powerful in their effect as a medicine. It infuses new vitality into the frame, and strengthens the whole system, so that women who use it are enabled to go through with labors which would, without it, be certain to prostrate them.

Sold by all druggists.

Let the sick to Herrick go,
Who'd be sick I'd like to know,
Such cures his Pills do make,
Smiles, lovely smiles shall deck the brow,
Whose gloominess is rampant now,
And hope anew shall wake.

☞ Herrick's matchless Pills startle the people with their cures. This is the season to use them. Large boxes 25 cents; 5boxes $1. See advertisement on 3d page

COMMERCIAL.

N. Y. Wholesale Market for Country Produce.

FOR THE WEEK ENDING WEDNESDAY, MAY 2, 1860.

NOTICE TO CONSIGNERS OF FARM PRODUCE.—Put every thing in neat order. Mark plain indelible directions on every package, including weight, with tare, count, and name of articles. Also tuck a bill of parcels inside of one package marked "Bill," and always send one by mail with notice when and how things are forwarded.

COMMISSIONS.—For selling Berries, Fruit, &c, where packages are returned, and on small lots of stuff 10 per cent. Other farm produce generally 5 per cent.

QUOTATIONS are for sales of good produce, in good order at wholesale, such as farmers realize, and not jobbers or speculators prices.

BUTTER.—The receipts of New are quite large, fully equaling the receipts of a year ago, but the downward tendency intimated in our last report has been fully realized. All things considered the Butter market has a dubious look. Occasional sales of very choice Vermont are made in a retail way at 20c, and very choice half firkin tubs at 21c.; but these figures are getting to be quite exceptional. Orange county is held at the same figures but drags heavily, and lower rates are anticipated by the receivers. Our quotations represent the present market as fairly as we are able to make them. Old Butter is about played out. We quote:

NEW BUTTER.

Orange Co. pails per lb.	22a26	Common to fair	13a17
Welsh t'bs, strictly ch.	18a19	Western Res., choice	16a18
Half firkin tubs " ch.	19a20	Western, fair to "	12a15

Old Butter fair to good, 10a14c.; Cheese 8a9¾c.

CHEESE.—The receipts are increasing, and the tendency of the market is downward. Under the pressure cheese seems to be in easing. A good deal that would be fair quality, if retained on the shelves until well cured, is hurried into market so green and crude that it is really unfit to eat, and almost unsaleable. Old Cheese has disappeared except; except the English Dairy. We quote:

Extra quality, per lb.	11a12	English d'y, Goshen	11a13
Fair to good quality	8a9	New Cheese, common	5a7
Ohio choice	8a9		

BROOM CORN.—We quote: Best grades per lb. 10c

EGGS.—The receipts have continued very large throughout the week, and prices have steadily declined, ruling now fully 2c lower than this day week. The sales to day are mostly at 12½cc. We quote:

Jersey & Phila. per doz.	12½a13	Western, per doz.	12½a13
State, per doz	12a13

Village Ordinance.

AT a meeting of the Board of Trustees of the village of Herkimer, held May 2, 1860. The following ordinances were adopted:

Whereas, The persons managing and controlling the omnibuses and carriages which run between the villages of Herkimer and Mohawk, for the purpose of conveying passengers to and from the Rail Road, frequently disturb and violate the peace and create disorder at the Rail Road station in this place, and among our own citizens and the public generally, by the manner in which they solicit passengers and cause them to enter their cars, whereas, complaint has been made to the Board of Trustees on the subject. Now, therefore,

Resolved, That all agents and owners for omnibusses, carriages, and vehicles, be and are hereby prohibited and forbidden from interfering with or annoying passengers arriving by the cars at the Rail Road station in this village, and while the cars are standing at the station from coming within ten feet of such cars for the purpose of soliciting passengers to be carried upon their vechicles.

Resolved, That any person who violates the foregoing ordinance in any of its provisions shall be liable to a penalty of two dollars for each offense, to be sued for and collected in the name of the village, before any justice of the peace of the town of Herkimer.

Resolved, That no omnibus or vehicle for the purpose of carrying passengers to and from the Rail Road between the village of Herkimer and Mohawk, shall under any pretense whatever, be allowed to remain standing any farther east than a line eight feet west of Main St., in the village of Herkimer, but such omnibusses and vehicles shall take their stand while waiting for passengers in Canal street, in our village, west of Main street, eight feet from the west line of said street, in such way as to interfere as little as possible with the public travel; and any person violating this ordinance shall be liable to a penalty of five dollars for each offense, to be sued for and collected as above provided; and the person or persons in whose use or possession such omnibus or vehicle may be at the time of any violation shall be deemed the offender and liable to the penalty aforesaid.

Resolved, That it be the duty of the Constables of the village, to see that these ordinances are not violated, and to report to the Board of Trustees, all violations thereof, with the name of the offender.

Resolved, That the foregoing ordinances shall take effect commencing on the 25th day of May, inst

JAMES J. COOK, Sheriff.

Scrofula, or King's Evil,

IS a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filthy habits, the depressing vices, and, above all, by the venereal infection.

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swallings; and on the surface, eruptions or sores.—Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla.

the most effectual remedy which the medical skill of our time can devise for this every-where prevailing and fatal malady. It should be employed for the cure of not only Scrofula, but all those other affections which arise from it, such as *Erysipelas, Rose or Erysipelas, Pimples, Pustules, Blotches, Blains and Boils; Tumors, Tetter, and Salt Rheum, Scald Head, Ringworm, Rheumatism, Syphilitic, and Mercurial Diseases; Dropsy, Dyspepsia, Debility*, and, indeed, all complaints arising from Vitiated or Impure Blood. The popular belief in "*Impurity of the Blood*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

For all the purposes of a Family Physic, are so composed that diseases within the range of their action can hardly withstand or evade them. The invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy so pleasant and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. Those in search of the best purgative pill in the American Almanac containing certificates of their cures and directions for their use in the following complaints. Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the bowels, Flatulency, Loss of appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While almost every inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be for ottegn.

ON AND AFTER this date the subscriber will adopt the READY PAY SYSTEM, without any deviation whatever. From a long experience in the Retail Business, I have learned the fact that Cash buyers have been obliged to pay not only for their own Goods, but also for losses sustained by the credit system; and I cannot fail to see the injustice thereby occasioned, and enormous duty imposed upon the cash buying part of the community. I am fully persuaded this can be avoided by
