

Is Your Fire Policy the Same

as it was before the war—?

PERHAPS you insured when building material and labor were low. Now both have practically doubled. Had you thought of that? Has your fire insurance been increased in proportion?

Better let us place some additional insurance for you or at least go over your insurance problems and see that you are fully insured.

You cannot provide against misfortune, except in one way—by insurance. This agency offers every sort of protection to you and your property.

E. F. Beach & Son

"The Agency that Protects the Assured"

CATTARAUGUS, N. Y.

Peace is Worth the Price—

Worth any price we have to pay for it!

Some of this price we have paid. Many of our boys have paid their all. The rest is up to us—to us who have benefited by their sacrifices—to us whose peace has been secured.

Back the Victory Liberty Loan to your limit!

of 1919. Few really expected it to end before the late summer or early fall, least of all the Germans. But America buckled down to work in a manner typical of the Nation. An army of 7,000,000 men was planned—money was appropriated for a storm cloud of aeroplanes—factories built to turn out tons of poison gas; and a bridge of ships to span the Atlantic Ocean was contracted for. As a result Germany was forced to capitulate, for her spies told her that further resistance was hopeless. At the very lowest estimate this unparalleled flood of money saved 10,000 lives, 300,000 wounded and fifteen billion dollars of additional expenditure which would have been lost in six months more of fighting—according to the official statistics of the war department. The money thus spent in scaring Germany to death is the money we must now raise in the Victory Liberty Loan. We've had value received for every penny—now let's pay our bills!

Seven Reasons for Using the Disc Harrow Before Plowing for Corn

Early discing destroys worms and insects by cutting and by exposure to low temperature. 2—Early Discing when followed by warm days will encourage germination of many weed seeds and plowing under will kill them. 3—Early discing checks escape of moisture by capillary action. 4—Plowing after 6 or 10 days will be 20 per cent easier on the team. 5—Results in more compact seed bed as the mulch will make close connection with furrow slice. 6—Makes preparation of seed bed after plowing much easier and less expensive. 7—Early discing followed by plowing, after 10 days will result in a seed bed that will hold moisture in July and August. Try this on part of a field, if in doubt. Experiments have proved that any of the above advantages will more than pay for the discing.

Then Why not plan for your new Farming Tools Now? Order for future delivery. We handle many kinds but we name here but two.

DISC HARROWS, CULTIVATORS, WALKING and RIDING PLOWS, PLANTERS, IMPLEMENTS, MANURE SPREADERS, TRACTOR PLOWS, TRACTOR, CORUGATED ROLLER

Examine the Mower and Binder and order repairs now

The Gasoline Engine

A farm without a gasoline engine is like the U. S. mail service with Stage Coaches. The gasoline engine will grind feed, pump water, saw wood, churn, run the cream separator, corn sheller, grindstone, the fanning mill, and fill the silo—lighten the farm work and let the gas engine do the hard work.

The Republic Auto Tire

is our latest addition. We think it the best or we would not have ordered our big stock. SEE US.

Wm. S. Hart in "The Silent Man"

"If you were defrauded of your mine by scoundrels, would you take the same steps that Hart does in "The Silent Man" to restore it?"

Come and see how he does it.

Extra Added Attraction

First official motion pictures of America's participation in the World War entitled

"The Price of Peace"

Thrilling scenes in Belleau Wood, The Lost Battalion, Airplanes Battling, and The American Air Squadron in Action Photographed from a Plane, Captured German Balloons, Our Army of Occupation Marching across the Rhine, President Wilson in Paris for the Peace Conference, A Husky American Soldier Keeping "Die Wacht Am Rhine"

It tells the whole story of American Action and Achievement and illustrates most vividly why the American People must put their strongest efforts forward in making the Victory Loan a crowning achievement.

There will be no advance in prices for seeing this wonderful exhibition, but on account of the length of the show it will be necessary to start the first performance at 7.30 and the order of the program will be

"The Silent Man"
"The Price of Peace"
"The Silent Man" second showing

WEDNESDAY NIGHT, APRIL 30th

Bryant Washburn in "The Ghost of Rancho"
Fatty Arbuckle in "Rough House"
