

QUALITY CANNED GOODS

We protect our customers by handling only such brands of canned goods whose makers have high reputations to uphold.

There are numerous poorer grades marketed which we have carefully avoided in selecting for our trade, though we might profit more by stocking them.

The price of these better grades are low enough to suit all.

GLYNN WARNS WOMEN

George A. Glynn, chairman of the Republican state committee, in a recent speech drove home some facts to women as to methods adopted by Tammany to get control of the legislature next winter, and his advice should be heeded by those who want to see a Republican President and a Republican Governor elected in 1920.

The chairman warned the women that from now on they could expect to hear charges that the Republican legislature had not been anxious to pass social welfare bills, and that the accusations would be made in a subtle manner, practiced by Tammany, through organizations which were supposedly non-political.

Chairman Glynn called attention to reports that had been disseminated to the effect that last winter the legislature had failed to favor any of the social welfare bills. "These reports," said he, "are wholly without foundation for the facts will prove that no less than fifty-six measures were passed by a Republican legislature at the last session, all of which in one way or another were helpful to women and minors.

Taking up the subject as to the future, Mr. Glynn said definitely that from time to time the legislators would diligently study suggestions that were made, but that there would be no hasty or ill-advised legislation urged which would be more harmful than helpful to the women and which would later have to be repealed.

Mankind's Debt to Reading.
"Have you ever rightly considered what the mere ability to read means?" once asked James Russell Lowell, and elaborated his own question: "That it is the key which admits us to the whole world of thought and fancy and imagination? to the company of saint and sage, of the wisest and the wittiest at their wisest and wittiest moment? That it enables us to see with the keenest eyes, hear with the finest ears, and listen to the sweetest voices of all time? More than that it annihilates time and space for us."

Proved Truth of Saying.
The saying, "United we stand, divided we fall," comes from one of Aesop's fables called "The Four Oxen and the Lion." Four oxen were attacked by a lion. They were safe when they turned their tails together, and presented their horns, but when they separated the lion killed them singly.

Wheat Berry Perfected.
Many of the present superior wheats produced in the United States were introduced into this country from Asia, Europe and South America, and acclimated to our country while undergoing the test. They have been bred and crossed until a berry has been secured which will adapt itself to the region requiring a wheat crop.

Wait in Patience.
Don't get discouraged. There is for everyone and success is those who are willing to wait and wait triumph. It is a matter of older and wiser persons than self. They probably know the seen and humiliating experience change.
