Wanted— A Live Man to Sell The PINE TREE Milker

--in this locality!

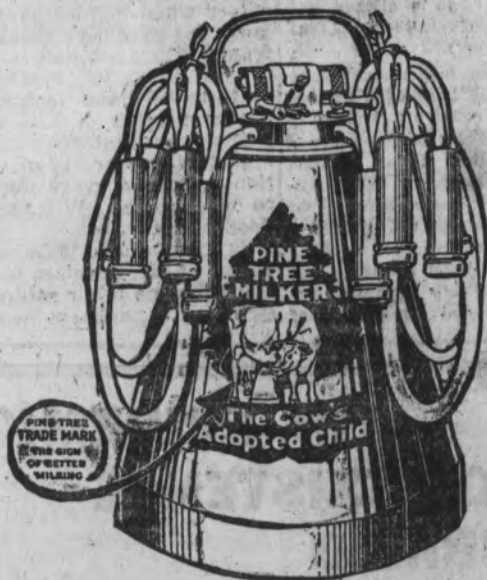

We will talk business with live, wide-awake men regarding the establishment of a dealership for the sale of the wonderful Pine Tree Milker.

The Pine Tree Milker is giving the greatest satisfaction to the American farmers of any milking machine made. It has taken all drudgery out of the most cordially hated of all farm chores—milking. It has solved the problem of "hired help." Keeps cows more contented, produces more milk, more cream, more butter fat and puts more money in the pockets of the farmer than any other milker on the market.

The time is ripe—the product without equal—the opportunity to cash in is here. Pine Tree dealers have the advantage of handling a nationally known and advertised product, demanded by the biggest and most successful dairymen in America. Our representatives everywhere are finding all they can do—and are building up permanent and successful businesses for themselves.

If you are that man (or company) sign this coupon and send it in at once.

A representative of this company will get into communication with each applicant to discuss the proposition in detail.

No Pine Tree Milker is ever sold except under an iron-bound 3 year guarantee.

A substantial, well-known company is back of every Pine Tree Milker sold.

We assist the dealer in such a way that he is enabled to accept the farmer's paper in payment for Pine Tree merchandise.

We assist him by advertising and, in every way possible, do all we can to ensure his success.
