Why They Were Scared. A boy's composition: "Tobacco was invented by Walter Raleigh, and when the people first saw him smoking they thought it was a steamboat or locomotive, and as they had never heard of those things they were greatly frightened."—Boston Transcript.

East Otto Happenings

On account of the prevalence of influenza the Grange meeting scheduled for this week was postponed for two weeks. The next meeting and initiation of members will be held Wednesday evening, Mar. 17. Also the open meeting and social appointed for Mar. 12 has been deferred.

Mr. and Mrs. Edward Meyer celebrated their 15th wedding anniversary Friday evening. Owing to the epidemic only about 35 were present. Gifts of cut glass and money were received.

Clarence Schuppenhauer of Ellicottville was in town Sunday. Several district schools have been closed on account of so much illness.

Carl Hintz and family of Plato visited her parents, Mr. and Mrs. Ernest Ellis Sunday. Henry Fleckenstein was in Springville Tuesday.

Claude Ploger has recently returned from France and has received a sharp shooter's medal.

Harry Twedde, of New York City, organizer and promoter is at work here in the interests of the Dairymen's League. John Pierce is assisting him.

Mr. and Mrs. Guy Austin and Misses Xenia and Ollie Hawkins were in Cattaraugus Saturday. The latter visited their cousin, Merrill Hawkins, who is quite ill.

Bret Yaw was in Cattaraugus Tuesday.

Mrs. Ernest Ellis is at Carl Wehust's in Cattaraugus, helping care for her new granddaughter, born Sunday, Feb. 29, 1920.

Misses Viola and Florence Meyer returned to their work at Little Valley Tuesday.

Henry Phillips of North Otto was in town Tuesday.

Miss Vena Sikes is able to resume her duties at the telephone office after an attack of influenza.

R. H. Philbrick was in Buffalo Thursday.

Mrs. King Northrup of Ellicottville came to care for Carl Hintz and family who are still ill. Mrs. Slatting who has been here for some time, has returned home.

Authorized Willard Service. Battery Station. Everell Utley, who has been in Buffalo specializing on battery work, will be located at Bement & Brooks Hardware Store after February 23rd. Mr. Utley will inspect storage batteries of any make every two weeks. They will be opened and thoroughly examined free of charge. Repair work guaranteed for six months; new batteries guaranteed 1 year; batteries for rent for 25c per day. He will be prepared to do all kinds of tube and tire vulcanizing. Service will be prompt and all work guaranteed.

EVERELL UTLEY at the Bement & Brooks Hardware Store, SPRINGVILLE, N. Y. Telephone 10.

Gods Galore. India holds the record for images. It has been estimated that there are quite 300,000,000 images of the various gods there.

Indians Made Salt. The Delaware Indians made salt from brine springs in New York state and sold it to settlers as early as 1670, making probably the first commercial production of salt in this country. The manufacture of salt by white people in the United States was begun near Syracuse, N. Y., about 1783. Salt is the most commonly used mineral in the world, and no useful mineral except coal, perhaps, occurs in greater abundance or is more widely distributed in the United States.

What the Kaiser Told Roosevelt

THE FULL ACCOUNT of Roosevelt's reception at the various courts of Europe, describing intimately his remarkable interviews with the Kaiser, are told in Roosevelt's own words exclusively in

The New Model—

Oakland Sedan

The Practical and Economical Car

OAKLAND owner-drivers report regular gasoline mileage of 18 to 25 miles per gallon, and 8,000 to 12,000 miles per set of tires, with correspondingly low costs of maintenance.

The Oakland Sensible Six engine possesses distinct advantage in its simplicity, accessibility and the efficiency of its power development.

Concentrating in the production of a single chassis type, backed by immense factory resources and large volume of sales, makes possible a price that insures maximum, practical value—the greatest dollar-for-dollar value in real comfort and utility obtainable in the automobile market.

Body Styles and Prices—Five-Passenger Touring Car, \$1235; Three-passenger Roadster, \$1235; Four Door Sedan, 1885; Coupe, \$1885; F. O. B. Pontiac, Mich. Additional for wire wheel equipment \$55.

For Additional Information Apply to E. S. BROWN SALAMANCA, N. Y.

Plenty of Herring. A fisherman says that a shoal of herring is sometimes five or six miles long and two or three miles broad. The Crown's Share. Under English common law, the shore that lies between low and high tide belongs to the crown.

Spring Millinery Opening

Spring Millinery Opening, Thursday, Friday and Saturday, March 18-19 20. The week previous we will be at Cattaraugus.

Dine At LUBELSKI, Inc (FORMERLY HOEFLAU) Restaurant and Cafe 21 W. Eagle St., Buffalo, N. Y.

The MANDARIN BUFFALO'S REAL Chinese-American RESTAURANT No trip to Buffalo is complete without a visit to The Mandarin. MODERATE PRICES—MUSIC 504 Main Street Buffalo

One Good Point. Jud Tankins says one thing he admires about gasoline is that when the price goes up no one stops to worry you with explanations you can't understand.

CLOVER AT WHOLESALE We save you money. Buy now before advance crop starts. We expect higher prices. American Mutual Seed Co., Dept. 20 Chicago, Ill.

Milks Any Cow EMPIRE MILKING MACHINES JOHN LAING, East Otto, N.Y. EMPIRE Milkers are self-adjusting. They milk any cow, regardless of whether she is a hard or easy milker, large or small teats, nervous or calm, large or small udder. Teat cups stay on without surcingles or harness. Action in teat cups is always uniform, for the Empire has a Super-Simple Pistonless Pulsator. Never leaks vacuum. Pulsator comprises but five moving parts. Milk can't touch them. They never need oiling. Used by leading breeders, dairymen and Agricultural Colleges. Come in and let us give you the details, or phone and we'll come out.

Never mind how many cows but—how much milk? Don't count the number of cows but count the gallons of milk; then ask yourself if you are feeding your cows the best producing ration. A properly balanced feed for dairy cows must not only contain sufficient quantities of protein, fat and carbohydrates to keep the cows strong and healthy; but it must also contain the proper combination of proteins to produce the greatest efficiency and the maximum milk yield. No matter what you use, you yourself cannot mix feeds as scientifically correct nor as economical as feeds which we sell ready for use. Insure the general good health of your cows by giving them dependable feeds like Krause Dairy Feed. It will mean healthier cows, more milk and more profit. We will be glad to tell you all about these feeds if you will call. Rich-Houghton Milling Co. CATTARAUGUS, N. Y. The feed with a HOMINY FEED BASE.
