Doors Are Open At Canton Plants To Can-Bulk Milk

Meetings were held Oct. 1 and 2 in the Governor Municipal Building by area farmers interested in a 50-25-25 plan for the sale of milk. At the Oct. 1 meeting about 150 farmers discussed with Hartmen Ex- pons and state PURCA officials. At the Oct. 2 meeting, the farmers decided that a representative of the Watermark Milk Producers Association would be elected to the Watermark Dairy Cooperative board. The local plant will continue to accept milk until the new plant is ready. At that time farmers will be advised of the new plans for bulk milk to Watertown for the month of November to the interest of the farmers. The new plant will be designed and constructed by the same builders who are presently picking up milk.

A Letter Back Home

By Ray R. Miles

Miles from Upper New York State, and a member of the Upper New York State Dairy Producers Association, has written to his home town to keep them informed of his activities. He has been busy with many activities since he left home and has been very active in the dairy business. He has been attending meetings and working with other farmers to improve the market for their milk. He has been working hard to make sure that the farmers are getting the best price for their milk. He has also been working on a new project to improve the quality of the milk produced in the area.
