It is said that when the next war comes the soldiers will be billeted in hotels. This will be fine for buck privates as a little contact with the modern hotel clerk will teach them to endure the second lieutenants a little later on.

An old home day celebration will be given by St. Peter's and St. Paul's church societies at New Boston August 15. Features of the celebration will be a base ball game at 10 a. m., a dinner to be served at noon, a tug of war between teams representing four towns of this county and numerous other sports and contests, with prizes to the winners. A dancing platform of 100 feet has been erected for the afternoon dance from noon to 5 p. m., the evening hours being from 8 to 12, old and new dances being featured. Music will be furnished by Smith's Jolly Jazzers of Lowville. The celebration of last year was very largely attended and a still larger crowd is expected this year.
The annual reunion of the Byrnes family was held recently at the M. M. Byrnes home in this village. Dinner was served on the lawn, covers being laid for 32. Mrs. Stanley Parsons acted as toastmistress. Speeches, songs and games were enjoyed. Those present were the parents, Mr. and Mrs. M. M. Byrnes, Copenhagen and their ten children as follows: Mr. and Mrs. L. M. Byrnes and family, Rochester; Mr. and Mrs. M. S. Byrnes and family, Evans Mills; Mr. and Mrs. H. P. Byrnes and family, Herkimer; Mr. and Mrs. Roy Woolchager and family, Lowville; Mr. and Mrs. Stanley Parsons, Copenhagen; Mr. and Mrs. J. F. Byrnes and family, North Lawrence; Mr. and Mrs. L. T. Byrnes and family, Copenhagen; Mr. and Mrs. A. W. Byrnes, Rochester; Mr. and Mrs. Wendell Curtis, Watertown; Miss Mildred Byrnes, New York, and Roy Probst, Summit, N. J.
With skies overcast and threatening rain the second matinee, was held on the local track Saturday. The track was in fine condition and a large and

enthusiastic crowd present to witness the event. Four high races were closely contested. The Copenhagen Band under the leadership of Prof. C. Leon Ryel, furnished excellent music throughout the entire programme. One of the main features of the afternoon was the race between Florence Parole, owned by Dr. W. H. Cramer, president of the Copenhagen Driving Club, and Laverna, owned by N. G. Stowell, vice-president, in which Florence Parole was an easy winner, Laverna being out of form. The second event first heat, Thomas Castle, of Carthage, driving Kitty Moon, drew the pole and led the field. Philip Carroll driving Derby Wilkes laid at Castles' wheel to the head of the stretch, where he pulled Derby out and made a hard drive to a thrilling finish. Kitty Moore winning by a head and Hotentot finishing third due to a bad break on the first turn. Ben Silk finished fourth. In the second heat the horses got away to a good start with Hotentot driven by Putman, of Gloversville, trailing. Castle driving a little wide on the first turn, left an opening through which the veteran Hotentot shot. Hotentot to the front and was not headed to the wire. The third heat was also won by Hotentot with Ben Silk driven by the Vaughns. The fourth event first heat, Putman, of Gloversville, driving Mystery Girl, and C. N. Schmidt, of Carthage, driving Clarence, O., which he recently purchased of Mrs. M. J. Rennie, Falls, N. Y., which proved to be the fastest race of the day, Kohler's Mabel C. winning in straight heats with Mystery Girl in a very close second and Clarence, O., a good third. The fourth event, the farmers' race, was not finished owing to the lateness of the hour. Summary:

CHEVROLET
Another Record!
1 Million
SIX CYLINDER CHEVROLETS
on the road in less than eight months!
Less than eight months have elapsed since the first Chevrolet Six was delivered into the hands of an owner—and already there are more than a million six-cylinder Chevrolets on the road! And the reasons for this overwhelming success are easy to understand.
Into a price field that had hitherto been occupied exclusively by four-cylinder cars—Chevrolet has introduced a six-cylinder car of amazing quality and value. Not only does it offer the smooth, quiet, velvety performance of a great six-cylinder valve-in-head motor—but, from every standpoint, it is a finer automobile than was ever before thought possible at such low prices! Its beautiful new bodies—which are available in a variety of colors—represent one of Fisher's greatest style triumphs. And its safety and handling ease are so outstanding that it's a sheer delight to sit at the wheel and drive. In fact, the new Chevrolet Six has completely changed every previous idea as to what the buyer of a low-priced car now has a right to expect for his money.
You owe it to yourself, as a careful buyer, to see and drive this car. For it gives you every advantage of a fine six-cylinder automobile—in the price range of the four and with economy of better than 20 miles to the gallon! Come in today!

THERE IS NO OTHER ALL-STEEL REFRIGERATOR

THE only all-steel refrigerators in the world... these rugged General Electrics. Built of sheets of steel—as strong and long-lived as a safe. They cannot warp because steel cannot warp. Their doors will never sag. Their latch and hinges will never loosen—they are bolted right into the steel.

Because their doors always fit so tightly and because of specially effective insulation, these refrigerators actually maintain perfect temperature (always safely below the 50 degree danger point) on the least possible current. Heat cannot leak in and cold cannot seep out... and that is the secret of economical refrigeration.

free. Operation is extremely quiet. It never needs oiling. It has an accessible temperature control. As evidence of guaranteed reliability—there are now more than 300,000 users and not one has spent a single dollar for repairs! Come and see the models, any of which can be purchased on conveniently spaced payments.

Just as an all-steel cabinet is superior to other types, so is the hermetically sealed mechanism of the General Electric in a class of its own. It is dust-proof and worry-
