**PLAN MARRIAGE** - Mr. and Mrs. Samuel Schneider, Castorland, have announced the engagement of their daughter, Deborah Anne, to Aaron L. Widrick, III, son of Mr. and Mrs. Aaron A. Widrick, Jr., Lowville, N.Y.

Miss Schneider is a 1970 graduate from BOCES, Glenfield, in the field of data processing. Miss Schneider is employed by Beaver Products, Inc., Beaver Falls, in the accounting department.

Mr. Widrick is also a 1970 graduate from Lowville Academy and Central School. Mr. Widrick is presently employed on the family farm which is planned.

A fall wedding is planned.

**Latex Fibre Distributor**

Peterson Chemical Corporation of Sheboygan, Wisconsin, has been named by Latex Fibre Industries, Inc., of Beaver Falls, as exclusive distributor in the United States and Canada for Lexide SA-305 seamless flooring underlayment cushion and TA-900 flooring adhesive. The announcement was made by Robert F. McCabe, director of marketing, Latex Fibre Industries, Inc., a subsidiary of Uniroyal, Inc.

Kickoff for the new distributorship was presented to 600 Peterson dealers at a recent seminar, by Thomas D. Orton, general manager of Peterson Chemical Corporation.

Lexide SA-305 Underlayment is a white, rubber-asbestos sheet, specifically designed for seamless floor applications. It is bonded directly to the substrate with the TA-900 compatible latex adhesive. It provides a continuous membrane under the coating for greater ductility and a more resilient floor. The system offers unusual protection against stress cracking, bleed-through and moisture.

Peterson Chemical Corporation manufactures Placote and Torglone seamless floor and wall systems including vinyl chip, colored quartz, epoxy paint, exposed aggregate and specialty coatings. Latex Fibre Industries, Inc., manufactures a complete line of Lexite non-woven fibrous sheet materials reinforced with rubber or resins, for a wide range of industrial uses.

**Rehears To Meet**

**ORDER NOW AND SAVE 10%**

The right combination of Agway fly controls gives you your full money's worth. Less disease. Prevention of milk production loss. Profit protection. Less wasted effort. By ordering now, you'll be getting more than your money's worth—10% more.

Houseflies carry many livestock diseases, and roundworms and tapeworms, too. Hornfly infestations can reduce milk production by as much as 20%. Cattle grub flies account for \$160 million a year in livestock losses.

Can you afford not to follow a sound fly-control program? This is where Agway's Guardian Pest Control Program comes in—with a complete line of products to hit flies hard. Wherever they happen to be. With animal application, baits, sprays, residuals, fogging.

Your Agway Dairy Enterprise Salesman can help you set up the right fly-control program for your dairy farm. Talk to him soon. Get your order in by April 1 and save yourself 10%.
