Letters

(Continued from Page 2)
nated large amounts of money for the beautification of the hospital grounds in Lowville and Carthage.
Although Miss Hazel Northam has departed from us, her memory will continue in many grateful hearts and in the beauty of the landscaped lawns of our hospitals for many years. — An area high school guidance counselor

Editor, Journal and Republican:
Although her physical presence is no longer with us, the spirit of Miss Hazel Northam lives on in the hearts of those whose lives were touched by her generosity and compassionate deeds. — A Pratt-Northam Scholarship recipient from Carthage Central Jr.-Sr. High School.

Editor, Journal and Republican:
I am handicapped veteran, living on a small pension. My vision and hearing are slowly leaving me. The doctors say they can do nothing, so I have made hobbies to keep busy and fight off periods of mental depression and despondency, which seem to plague me most of the

time. While I am collecting antique valentines and old post cards, I am also collecting rare old calendars and advertising cards, in hopes of writing a book about the items I collect and earn enough from it to get off this small VA pension and have medical care, which the VA is unable to afford me, so my hobbies have a dual purpose.
Living on limited funds, I depend on friends and others for the items I collect and was wondering if any of your readers had any antique valentines, old post cards or rare old calendars they do not want, because I would be happy to have any they may care to send me and be glad to get them.
Thank you for your time and kind consideration in reading my letter. Respectfully yours, Leon Thompson Handicapped Veteran (formerly of Seattle). 1211 Chicago Street, Kent, Wash. 98031

Not for men only.

1972 Chrysler

When you think of a Chrysler, you think of a big, strong, handsome car. A man's kind of car. Right? Not completely.
Women, too, go for Chrysler. And, most often, for the same reasons as men.
They like the good looks. They like the roominess. And who wouldn't? *Automotive Industries* reports that the '72 Chrysler has the largest interior of any 1972 U.S. car. But women, especially, like the way they can count on Chrysler to get them where they want to go... without a lot of trouble. Every Chrysler is built with a commitment to deep-down quality. Every Chrysler is built to last.
Isn't that the kind of car people really want? Men and women alike. We think so. Come in and let us show you a big new Chrysler today.
